## HOUSE COMMITTEE TURNS DOWN PLAN TO LEGALIZE WINE

Lea Bill Rejected 14 to 9 but  
Proposal Can Be Sub-  
mitted on Floor as  
Amendment.

Lawyer Opposes 3.2 Pct.  
Measure With \$5-a-Barrel  
Tax on Theory It Is Un-  
constitutional.

The Associated Press.  
WASHINGTON, Dec. 16.—The  
House Ways and Means Commit-  
tee today disapproved the Lea bill  
to legalize wine.  
The vote as announced by Rep-  
resentative Rainey of Illinois was  
14 to 9 against a motion to report  
the bill to the House for action.  
The committee agreed yesterday  
to consider the wine measure,  
which was sponsored by Represen-  
tative Lea (Dem., California).  
The committee action will not  
prevent wine proponents from seek-  
ing to amend the beer bill in the  
House to legalize light wines, along  
with the brew.  
The Lea bill proposed the legisla-  
tion of naturally fermented  
wines and a 20-cent a gallon tax.  
Chairman Collier of the commit-  
tee reported the 14 to 9 vote  
against wine resulted from an opin-  
ion that the alcoholic content in  
naturally fermented wines was in  
violation of the spirit of the eight-  
eenth amendment. He said the legisla-  
tion of light wines "would be  
unconstitutional."  
Committee Vote on Wine.  
A poll of the committee showed  
that Democrats and six Republi-  
cans voted against the wine bill.  
Democrats and four Republicans  
voted for reporting the meas-  
ure.

Democrats reported unofficially  
trying to reject the wine bill.  
Collier of Mississippi, Republi-  
can of North Carolina, Texas,  
Indiana, Sanders of Texas,  
Johnson of Missouri, Lewis of  
Arkansas, and Crowder of New York,  
all of whom are Democrats, op-  
posed against the wine bill.  
Arkansas Democrat, was not  
present.

Beer Bill Rushed.  
The committee approved modifica-  
tion of the Volstead act yester-  
day to permit the manufacture and  
sale of 3.2 per cent alcoholic  
content by weight.  
The committee's formal report  
on the Volstead act was made  
available in the afternoon by Chairman  
Collier.

The document said the measure  
would produce \$300,000,000 Federal  
revenue a year on the basis of an  
estimated 60,000,000 barrel con-  
sumption.

"That there has been a consid-  
erable change of sentiment on the  
part of a majority of the people of  
this country with reference to the  
prohibition since the passage of the  
eighteenth amendment can hardly be  
contested," the report said.  
"Recognition was given to this  
change in the platforms of the  
great political parties in the  
election."

Question of Repeal.  
Whether the eighteenth amend-  
ment is to be repealed or changed,  
is to be determined and will, of  
course, require the favorable ac-  
tion of two-thirds of the mem-  
bers of both houses of Congress  
and of three-fourths of the con-  
vener of the legislatures or conven-  
ers of three-fourths of the states.  
Pending the determination of  
the question, the Congress has the  
power to make such changes in the  
prohibition act as it may  
deem proper, keeping in mind the letter  
and spirit of the amendment. In  
this it may permit the manufac-  
ture and sale of any alcohol-  
ic liquor which may reasonably  
be held to be non-intoxicating in  
effect.

The report said that aside from  
the popular demand for modifica-  
tion of the prohibition law, the  
committee recognized beer  
taxes in view of the condition  
of the Treasury, taxes on the be-  
verage being a large factor in  
the necessary revenue.

Passing over the necessary revenue,  
the committee said that a tax of \$5 a barrel would  
produce from \$125,000,000 to \$150,-  
000,000, the report said that it was

## HARRISON CALLS OFF DEBATE ON FRENCH DEFAULT

Wiser to Be Silent at This Time, Senator Says, in Changing His Announced Plans.

### HOOVER MESSAGE PROBABLY MONDAY

Resentment in Congress Against France Over Debts Situation Spreads to Administration.

By PAUL Y. ANDERSON, A Staff Correspondent of the Post-Dispatch.

WASHINGTON, Dec. 16.—After giving notice yesterday that he would discuss France's debt default, Senator Pat Harrison (Dem., Miss.), told the Senate this afternoon that "certain things have happened which convince me it would be wiser to remain silent at this time." He did not say what these "things" were, and to all outward appearances the situation remains unchanged. However, there was evidence that Harrison had yielded to entreaties from the State Department.

Inquiry among Senators disclosed that resentment against France was being supplanted in part by resentment against the Administration, based on a growing belief that the State Department had assured that her debt to the United States would be reduced or canceled if France would reduce the amount of reparations collected from Germany. The writer has been privately assured that her debt to the United States would be reduced or canceled if France would reduce the amount of reparations collected from Germany. The writer has been privately assured that her debt to the United States would be reduced or canceled if France would reduce the amount of reparations collected from Germany.

Temper of Senators. It was apparent from the temper of the members that open discussion of the subject would be installed very long. At least one influential member of the Senate Foreign Relations Committee is prepared to demand on the floor that President Hoover and Secretary Stimson disclose what assurances, if any, were given the British and French governments.

Although not yet willing to be quoted, this Senator said the writer there was "not the slightest doubt" in his mind that President Hoover told Premier Laval, during the latter's visit to Washington, that if France and England would settle the reparations problem, the United States would reopen the debt question.

He pointed to the joint communication issued by Hoover and Stimson at the end of their conversation, in which it was stated that some readjustment of inter-governmental debts might be necessary during the depression, and that Europe must take the initiative.

"Why would Europe take the initiative unless the United States was expected to follow?" he said. Moreover, he recalled that, when the Lausanne negotiations seemed to be on the point of failure, Prime Minister Ramsay MacDonald went to the scene, and a settlement was reached almost immediately.

Senators said privately that the only conceivable message which would have produced this result would have been one from responsible United States officials, promising a reconsideration of debts. Thus, although apparently no one in Congress is prepared to defend the course of France in defaulting, there is a noticeable willingness to concede that the French had some cause to feel that they had been betrayed.

President's Planned Message. President Hoover will submit to Congress probably next Monday a message on the status of the war debts. This is expected to carry with it a renewed recommendation for creation of a debts commission. The new commission cast on the debts issue by yesterday's default on the part of France and four other nations, was studied today at the President's Cabinet table, but afterward the officials directly concerned were non-committal on the future American course.

A published report that Mr. Hoover was considering further consultation with President-elect Roosevelt on the debts was met with flat denial at the White House. Despite the expectation that the President would recommend creation of a debts commission, there was no prospect that Congress would approve it, and it was definitely learned that the Administration has no intention of present of setting up any unofficial agency of the sort without Congressional authority.

"Should Show Good Faith." In the House today, Representative May (Dem., Kentucky), recalled American aid to Allies in the World War, and said: "If they expect reduction of our war debts, they should first show good faith by paying the installments now due. I refer particularly to France, because it is known that, if there is a nation throughout the world able to meet her obligation, it is the republic of France."

than four billion dollars to three billion. "France" says she owes on debts, yet she is spending millions and hundreds of millions, in these days of peace, on armament. The United States is far more prostrate now than France, Germany or Belgium."

### DOG RACE BETTING BY "SUBSCRIPTIONS" IS HELD UNLAWFUL

will be paid 10 per cent of the amount of the subscription plan was violative of any law.

Pool selling prohibited by state law has been defined by the judge as a combination of number of persons, each taking an amount of money on the success of a horse in a race, or a contestant in a game, the money to be divided among the persons getting in according to the amount put in by each. Pool selling, he said, was simply a scheme for facilitating betting races.

The judge said, "a bet is a bet, by whatever name it may be called."

"Looking as we must to the real nature of the transactions and the dominant factor in the scheme," continued Judge Atwood, "it is apparent that the proposed business is violative, not only of the pool-selling provision of Section 4286, but also of the further provisions of the same statute that make it a felony for any person to act as a depository of any money, bet or wager, upon any trial or contest of skill, speed or power of endurance, or upon any game, or upon any race, or upon any place within or without this State."

Decision Was Made. The "subscription plan" of betting declared illegal today is virtually identical, in the phrasing of the "subscription contract," with a like contract used for a "certificated" or "contribution" form of betting which was brought before the Supreme Court five years ago, without a final decision.

In that case, a test instituted at the instance of the Missouri Association of Horsemen, H. J. Pottell, employee of a horse racing track near St. Joseph, sought a writ of habeas corpus for release from a charge of registering and recording a bet, on the ground the "certificated" or "contribution" form of betting used at the track was not a violation of the law.

The Supreme Court, on July 25, 1927, ruled the system did not violate the State laws, but later granted a motion for rehearing, which before the rehearing could be held. Since the habeas corpus proceeding could not be revived in the name of another person, the case automatically went off the court docket, and the effect of the original ruling was just as if it never had been made.

African Flyer Crashes Again. ST. MALO, France, Dec. 16.—Victor Smith, 19-year-old South African flyer, forced down here yesterday at the beginning of an attempted flight from London to Cape Town, crashed again today shortly after starting back to London. He landed safely in a parachute but the plane was wrecked.

## LONDON HOPES FOR FRIENDLY DEBT TALK

Mellon Delays His Sailing to Confer With Chancellor of Exchequer.

By the Associated Press.

LONDON, Dec. 16.—Payment of the \$26,000,000 debt installment to the United States was featured in today's newspapers with every indication of relief and satisfaction that an awkward corner had been turned; also with hope of a new deal which would sweep away the existing debt agreement.

Remarking that recent correspondence between the United States and Great Britain ended without bitterness, the Times looked forward today to a friendly discussion for "revision of the settlement which was broken down by its own weight."

The newspaper regarded yesterday's payment as "marking the close of the first chapter in the long history of the war debts and the beginning of the second, which must bring the story to an end."

Urging that there must be no delay in entering the next phase, it recalled the difficulties of the present political situation in the United States and appealed to public opinion here to be sympathetic in recognition of the fact America has troubles as well as Great Britain.

It depicted raking up the past or imputing grasping motives to the American people.

"All that matters now is that the two countries get together and discover how they can co-operate to the best advantage for world trade and international finance," it said.

Andrew W. Mellon, the American Ambassador, returned from 59 business firms have given it a total of \$300,000, Shinkle said, and 1400 remain to be heard from.

For the general division Jacob M. Shinkle said returns so far indicated that it might be reasonably expected to produce between \$200,000 and \$300,000 of its \$400,000 quota.

Edward L. Bakewell, chairman of the county division, reported it had reached 35 per cent of its \$104,000 quota and expected, when solicitation was complete, to get about 60 per cent.

Those present constituted the Executive Committee of the campaign, which unites the appeals of 22 Catholic, Jewish and Community Relief agencies. It was their first meeting since early, Wats said, it would not be their last.

"You were called here tonight," he added, "not because of your ignorance, but because of your influence and your ability to serve. No man or woman in such a time as this can afford to feel that his services are not subject to call."

"You are here that you may understand the problem and be ready to give this kind of service. If you do, probably we will reach the goal. In any event, we will get all there is to get."

Jefferson Barracks 100 Per Cent for Relief Fund; \$4768 Kledged.

Every one of the 750 officers, enlisted men and civilian employees at Jefferson Barracks subscribed to the United Relief Fund, pledging a total of \$4768.02, Col. Walter Krueger, commandant, announced.

The pledges ranged upward from 10 cents a month, although most of the personnel are private soldiers, to \$50 a month. The highest salary at the post is less than \$5000 a year. The gifts are in excess of 1 per cent of the annual payroll of \$400,000 at the Barracks. Solicitors for the fund in the city have been trying to get donations of 1 per cent of salary from the average employed person.

This is the first time the army post has joined in a St. Louis charity campaign. Col. Krueger suggested the co-operation with the thought that his men owe a moral obligation to the less fortunate in the community near the post. He declared the success of the solicitation was due to the garrison's willing co-operation and said no pressure was applied.

Jefferson Barracks always has had its own relief problem. The army does not provide living quarters for its men and non-commissioned officers who are married, except for upper grades of Sergeants. There are many married soldiers, whose pay is \$21 to \$56 a month, and who rent quarters near the post and many of them have children. Many of these families need aid, which is given through a fund raised principally by benefit entertainments, wrestling matches and the like. The Barracks has been occupied by the Sixth Infantry since 1920.

Power Out Off in Franchise Fight. PANA, Ill., Dec. 16.—Due to a disagreement over a franchise between officials of Tower Hill and the Central Illinois Public Service Co., that village was without street lights and power last night, the company having shut off the current. Mayor B. J. Williams said he hoped to reach an agreement with the company within a few days.

## RELIEF PLEDGES SMALLER IN MOST GROUPS THAN IN PREVIOUS CAMPAIGNS

To Reach Goal 171,264 Must Contribute or the 59,091 Who Have Given Must Increase Pledges.

The magnitude of the task of reaching the \$3,850,000 goal of the United Relief Campaign is emphasized on examination of results prior to today's meeting. These show 59,091 individual contributions totaling \$1,505,000, or about 39 per cent of the goal.

If the goal is to be reached, analysis of these figures indicates, two means of accomplishing it may be employed. Either there must be found 112,173 individuals who will contribute on the same scale as those who have already given, or the 59,091 who have subscribed must increase their pledges, thereby reducing the number of additional contributors required.

Difficulties beset both alternatives. The first would mean a total of 171,264 contributors, or 20,000 more than ever before secured in a single charity campaign in St. Louis, and 30,000 more than contributed in the joint appeal last year of the Community Fund and Citizens' Committee on Relief and Employment, in which \$2,458,500 was pledged. While the United Relief Campaign, including Catholic and Jewish agencies, draws support from new sources, there are many who gave to charity in other years who cannot do so this year because of unemployment.

The second alternative holds little encouragement in view of the fact that solicitation has proceeded slowly in an effort to obtain the largest possible contributions.

Contributions Smaller. Further comparison of the two campaigns shows that the average contribution this year is smaller in all groups of the campaign except two, the employes and county divisions. Such comparisons may be justified, despite the inclusion of new agencies, because of the purposes of the United Relief Campaign the Community Fund method of organization has been employed and its personnel expanded.

The larger subscriptions division last year obtained 1539 pledges totaling \$1,446,421, an average of \$945.

So far this year it has obtained 1433 pledges totaling \$841,487, averaging \$587. This division solicits those who are expected to give \$250 and more.

The general division, which covers small offices, professional men and householders, last year received 15,811 pledges for \$331,725, an average of \$21. So far this year it has obtained 15,409 pledges for \$175,143, an average of \$11.37.

The employes division last year got 118,176 pledges for \$557,926, an average of \$4.72. This year it has obtained 15,443 pledges for \$306,490, an average of \$7.54. The increase in the average individual gift is more than 60 per cent despite general wage cuts.

The county division last year obtained 5368 pledges for \$84,293, an average of \$12. The average this year has been \$18.31, with 2146 gifts totaling \$39,500. Many residents of the county, who are employed in St. Louis, subscribe in the city, and such contributions are not included in the county's total.

In the Negro division, which has been particularly hard hit by unemployment, the average contribution has fallen from \$5 to \$1.88. Last year there were 1533 pledges totaling \$8130, and this year there have been 644 totaling \$1200.

Task Confronting Workers. On the assumption that should the goal be reached each division would raise neither more nor less than the quota assigned to it and that future contributions would be on the same scale as those already received, this is the task confronting each division:

Larger subscriptions division needs to find 1989 persons who will contribute \$687 each toward the \$1,365,531 quota, or 2301 persons to complete its quota of \$2,350,000.

General division must obtain 23,294 additional pledges averaging \$11.87 each, to raise the \$264,887 required to complete its quota of \$440,000.

Employes division must obtain 31,700 more subscribers who will give \$440,510, an average of \$7.84, to reach its quota of \$950,000.

Negro division must get 2800 persons to give \$1.18 each, a total of \$4800, to reach its quota of \$6800.

ington and what the American public is saying." It was understood Herriot and Chautemps were actively communicating with Ambassador Paul Claudel to determine whether the Washington Government was able to help France in snatching the problem from the existing deadlock.

Chautemps said: "The delay does not dispose of the problem." This was a reference to France's default of the December payment of reparations, Chautemps stressing the word "delay."

He indicated that France must feel responsibility for the debt and that the problem was a matter of present conditions preventing payment.

Referring to the debts, Chautemps said: "Negotiations remain indispensable. Negotiation, to my mind, as to that of Premier Herriot, infers payment. It will remain, therefore, to determine the conditions of payment."

"In my opinion," said Francois Albert, President of the Foreign Affairs Committee of the Chamber, "nobody is better qualified than Herriot to resume negotiations with America since he has been defending the cause of the payment."

Fernand Souleson, President of the Chamber of Deputies; Henri Berenger, President of the Senate; Foreign Affairs Committee and a co-author of the Mellon-Berenger debt accord; Malvy and Blum, Martin, former Ministers, and others concurred in this opinion.

Debts Dominate Situation. While comments are sparing, the press generally tends to support the view expressed by Chautemps that the debt problem entirely dominates the situation.

Former Premier Pierre Laval, who talked debts with President Hoover last year; former Premier Theodore Steeg and other leaders of the Senate have not yet had an official say on the debt question, the vote having been only in the Chamber.

It is understood Laval expressed to President Lebrun his approval of the Chamber's action postponing the payment and his conviction that a new moratorium would save the situation and permit negotiations.

## STATE INCOME TAX INCREASE UPHELD SUPREME COURT

Individual Brackets Established by Act of 1931 Held to Be Reasonably Not Discriminatory.

### W. T. RAGLAND WRITES THE OPINION

Provisions of Law Doubtful Levy on Corporation Income Not Involving Test Case Just Decided

the Jefferson City Correspondent of the Post-Dispatch.

JEFFERSON CITY, Dec. 16.—The constitutionality of a 1931 act of the State income tax law, which substituted an increased schedule of individual rates varying from 1 to 5 per cent of net income, for the former rate of 1 per cent, was upheld today by the Missouri Supreme Court en banc.

This ruling was the first in the Supreme Court on the new Missouri income tax law, which became effective Sept. 14, 1931.

The opinion, written by Chief Justice W. T. Ragland, was concurred in by the other six Justices. The act of the graduated schedule of rates for individual income was upheld by a 7-0 vote.

The Court ruled that the act did not violate constitutional provisions of the Missouri Constitution, which prohibit the State from levying a tax on the income of corporations from 1 to 2 per cent of net income.

Individual Brackets Established by Act of 1931 Declared to Be Reasonable, Not Discriminatory.

JUDGE W. T. RAGLAND WRITES THE OPINION

Provisions of Law Doubling Levy on Corporation Revenues Not Involved in Test Case Just Decided.

The Jefferson City Correspondent of the Post-Dispatch, JEFFERSON CITY, Dec. 16.—The constitutionality of a 1931 amendment of the State income tax law, which substituted an increased, graduated schedule of individual rates varying from 1 to 4 per cent of net income, for the former flat rate of 1 per cent, was sustained today by the Missouri Supreme Court en banc.

This ruling was the first by the supreme court on the new Missouri income tax law, which became effective Sept. 14, 1931.

The opinion, written by Judge W. T. Ragland, was concurred in by the other six Justices. The court held that the graduated schedule of rates for individuals was not a violation of the equal protection clause of the constitution.

The court also ruled that the provisions of the amendment which increased the income tax for corporations from 1 per cent of net income to 2 per cent were not involved in the test case, and were not to be decided.

The case was instituted in the circuit court in Kansas City by James Bacon, an attorney at law, who sought to enjoin the collection of the new income tax from the plaintiff under the new rates.

## CHOUTEAU-LUCAS CLAIM TO COURT HOUSE SITE DENIED

State Supreme Bench Rejects Suit of Heirs to Recover Title to Block on Broadway.

By the Jefferson City Correspondent of the Post-Dispatch. JEFFERSON CITY, Dec. 16.—Claims of the heirs of Auguste Chouteau and John B. C. Lucas to the site of the old St. Louis Court-house, bounded by Broadway, Fourth, Market and Chestnut streets, on the ground abandonment of the building by the city for general court purposes was a violation of a grant of the land by Chouteau and Lucas in 1823, were denied today by the Missouri Supreme Court en banc.

The court affirmed rulings of the St. Louis Circuit court, in four different suits, that the city held title to the land.

Chief Justice Ernest S. Gantt, who wrote two opinions disposing of the four cases, held Chouteau, his wife, Therese, Corne Chouteau, and Lucas had conveyed title to the land, forever, and that there was no provision in the conveyance for a reversion of the land. He ruled the heirs held no interest in the land.

The two opinions were based on construction of the conveyance, and of a legislative act of 1822, authorizing St. Louis County (as it was then), to accept a donation of a site for a courthouse. Title passed to the city when the city and county were separated in 1876. The city used the courthouse for general court purposes until June, 1930, when the Civil Courts Building on Memorial Plaza was completed.

The legislative act of 1822 authorized the creation of a commission to receive and accept a donation of a site for a courthouse, the site to be conveyed to the St. Louis County Court and its successors forever, in trust for the use of the county.

The offer of the Chouteaus and Lucas was accepted by the commission in August, 1823, and the owners signed the deed conveying the site on Nov. 11, 1823. The donors added a provision to the deed that the land be used forever as the courthouse site, but made no provision for reversion.

Judge Gantt held a provision in the legislative act that the land donated would be used as a site for a courthouse did not limit the estate to be conveyed, but was merely a declaration that the land donated would be used for county purposes.

The various suits, to determine what rights the heirs had to the land, were filed by Henri Chouteau, Harriett Clark, William Charles Lucas, Auguste A. Chouteau, Arby Chouteau III, Francis E. Chouteau and other heirs.

The fire, presumably caused by an overheated furnace, started in the basement and had spread rapidly to the first floor, when the dog's noise awoke several roomers. The thirteen roomers fled to the second floor, where they were accommodated after a brief wait in the zero temperature at the homes of neighbors for the rest of the night.

Damage to the 2-story frame building and contents was estimated at \$2000.

## POLICEMAN SLAIN, COMPANION SHOT BY BANK ROBBERS

Five Escape With \$25,000 at Minneapolis, but Are Reported Surrounded in Park at St. Paul.

By the Associated Press. MINNEAPOLIS, Minn., Dec. 16.—One policeman was killed and another seriously wounded today in a fight with five men who held up the Third Northwestern National Bank and escaped with loot estimated at \$25,000.

Later Police Headquarters announced the robbers had been surrounded in Como Park, St. Paul. Half a dozen Minneapolis police cars were sent there to join in the hunt.

Patrolmen Ira L. Evans and Leo R. Gorski arrived at the Northwestern Bank in response to a burglar alarm. The robbers, about to leave the bank, opened fire with a machine gun, killing Evans and wounding Gorski before they could leave their automobile.

Officer and Robber Killed in Fight After Cincinnati Holdup. By the Associated Press. CINCINNATI, Dec. 16.—Four young men took command of an office building lobby in the heart of the city while they stole a \$3413 payroll today, but in the chase that followed one robber and one patrolman were killed.

County Patrolman Daniel Souders was shot to death in a fight on the outskirts of the city, that started after the robbers' car ran into a ditch during a race to escape the officers. One robber, unidentified, was killed, two escaped and the fourth was captured.

Detective William Carney was injured seriously and two other detectives were hurt when their car collided with a truck in the pursuit.

Previously the four robbers stepped into the lobby of the Textile Building and held up two bystanders and two clerks. When William Morgan, bookkeeper of the Globe Tailoring Co., and Harry Benke, cashier, returned from the bank with a payroll, the robbers seized the money and forced all those in the lobby to enter an elevator.

The robbers fled in a large sedan, stolen at Dayton, O., but police, summoned by radio, were quickly on their trail. The fight began when the police came on the robbers' wrecked car.

DENVER BLOCK SWEEP BY FIRE. Four Gasoline Tanks of 10,000 Gallons Each Explode. DENVER, Colo., Dec. 16.—Four gasoline tanks of 10,000 gallons capacity each, exploded at the Union Refining plant here today, causing a spectacular fire which swept an entire city block.

The explosion was thought to have been caused by breaking of a gasoline pipe in the refinery, allowing the liquid to strike a steam pipe. Paul Mench, driver for a deputy fire chief, suffered serious injuries when his automobile was wrecked as he drove to the fire. A policeman was injured when a man hole cover was blown into the air. A fireman suffered injuries when hit by a flying nozzle.

## SWINDLED BY TWO MEN POSING AS DETECTIVES

Edgar Opplinger Tells of Giving \$1000 "Bond" on "Criminal Charge."

Edgar Opplinger, 4336A Gibson avenue, told police yesterday he had been swindled of \$1000 by two men who posed as detectives and told him there was a criminal charge against him.

He said they came to his home first on the night of Dec. 1, one wearing a large badge. On their statement that he was wanted at Police Headquarters, he entered an automobile with them and was driven to Forest Park. There they asked him if he recognized any of the spots past which they took him.

He was driven to the Park Plaza Hotel, Kingshighway and Maryland avenue. One man entered, came out again and said, "It must be a case of mistaken identity." They took him home and told him they would call if he were wanted again.

Last Saturday, he told police, they called, said he was wanted at headquarters and took him in the sedan to Kingshighway and Easton avenue. There they told him he would have to appear in court and outlined a plan for his appearance before a Police Judge, who they said would levy a small fine.

He was instructed to give a fictitious name of address and to turn over to them \$1000 for a cash bond which would be returned to him in an envelope by the clerk of the court. When he hesitated, they threatened him.

## FILM ACTOR CONVICTED OF PASSPORT PERJURY

Duncan Renaldo Found Guilty of Swearing Falsely He Was American.

By the Associated Press. LOS ANGELES, Dec. 16.—Duncan Renaldo, movie actor, was convicted last night of falsely representing himself as an American citizen. The Federal Court jury deliberated less than an hour. He was released under \$2000 bail pending sentencing next Monday.

Renaldo's attorney, W. T. Kendrick Jr., announced an immediate appeal would be taken in the event his motion for a new trial were denied. Federal Prosecutors Harry Balter and Fred Horowitz said they would make no recommendations to the court regarding sentence, as "the testimony and the record speak for itself."

Immigration authorities said deportation proceedings probably would be instituted against Renaldo if his conviction were upheld. Renaldo was convicted on all three counts of the indictment—making a false statement in a passport, falsely claiming to be a citizen of the United States and perjury. The indictment was made on a passport application signed by the actor March 14, 1929, prior to his leaving for Africa to film the jungle motion picture, "Trader Horn."

He gave his birthplace as Camden, N. J. The Government asserted he was born in Rumania. The prosecutors introduced evidence signed by Renaldo showing he gave his birthplace as Rumania before making his passport application. Renaldo testified his parents took him from Camden to Rumania when he was a child and that he re-entered the United States as a coal stoker in 1921.

He was indicted under his real name—Vasile Dumitree Coghleanas.

## FORMER COLLEGE GIRL ATHLETE KILLS SELF

Miss Anita F. Franz, 25,  
Sends Aunt for Walk  
Then Ends Life.

Miss Anita F. Franz, Washington University graduate and athlete, shot and killed herself yesterday afternoon at her home, 3040 Botanical avenue. She was 25 years old.

A coroner's verdict of suicide while suffering a temporary aberration was returned today following testimony that Miss Franz had been under treatment for a nervous condition. She left no note.

The body was found at 4 o'clock by Mrs. Mayme Erfer, aunt of Miss Franz, with whom the young woman had made her home for the last six months. Miss Franz had placed the muzzle of a revolver in her mouth and pulled the trigger, the bullet coming out above the right temple. She had been dead about an hour when the body was found. The revolver, belonging to Mrs. Erfer, was beside the body.

Mrs. Erfer told police she had gone for a walk at the urging of her niece, who said, "The brisk weather will do you good." Miss Franz declined to accompany her aunt, explaining that she had been outdoors during the morning. Mrs. Erfer discovered the body when returning from the walk.

Miss Franz was graduated from Washington University in 1921, and returned for a year to take her master's degree in business administration, finishing last June. Her extra-curricular activities, as told in the 1921 "Hatchet," were hockey, soccer, basketball, volleyball, baseball, track and tennis. She was a "W" woman, and had been active in the "Peppers," "Tramps" and "Sharpshooters."

Surviving are her father, Arthur W. Franz, 5073A Tholoan avenue, connected with Bruno Franz Sons, day.

## AGREES ON PLAN TO BAR LIQUOR IN DRY STATES

Sub-Committee Framing Repeal Resolution Adopts Clause at Borah's Suggestion.

By the Associated Press.

WASHINGTON, Dec. 16.—Making rapid progress in the framing a prohibition repeal resolution, a Senate Judiciary Subcommittee today agreed on a provision to prevent the importation of liquor into dry states.

After two days of discussion, the subcommittee tentatively approved the following language to protect states which want to remain dry: "The transportation or importation into any state, territory or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited."

The language was largely suggested by Senator Borah (Rep., Idaho), long a leader of the dry cause, who has been fighting for prohibition for states which want to prohibit liquor.

The committee also discussed the possibility of including language to prevent return of the saloon, but committee members said little progress had been made in this direction.

Chairman Blaine said the committee also discussed the manner of submitting the resolution, but reached no decision. Both Republican and Democratic platforms proposed submitting a repeal resolution to state conventions rather than legislatures.

Blaine said there apparently was no objection within the committee to reporting out a repeal resolution. Senator Borah said after the meeting he had tentatively agreed to the wording of the clause for protecting dry states along with other members of the committee, and would favor reporting out the resolution in that form.

"But that doesn't mean I will support it for final passage in the Senate," Borah added. "Whether I vote for the eighteenth amendment depends on other matters."

Blaine said the committee would meet again early next week to continue its deliberations. Anti-prohibition leaders in the House were told today by Representative Huddleston (Dem., Alabama), that in advocating ratification of repeal by the convention method, they were inviting the delay or a ruling of unconstitutionality.

"If we are to have ratification by the states acting through conventions created by the states," he said, "we first must submit the question to the state legislatures and then the legislatures must take action to call conventions."

"Naturally, legislatures opposed to repeal will decline to take action and governors opposed will veto such actions. If these wet leaders have it in mind to take this course, they are providing means for delaying action and a means by which ratification is made more difficult."

"Accepting their sincerity in wanting speedy repeal, then it must be their intention to hold the conventions under the supervision of Congress itself. I do not believe that is constitutional."

Huddleston was one of 44 Democrats voting against the Garner repeal resolution Dec. 5. He said his future vote would be controlled by the intentions regarding the convention system.

## JOBLESS MAN RECEIVES MONEY FROM ENEMY SOLDIER HE SAVED

German Gets Letter With \$18 from French Officer He Rescued on Battlefield.

DUEREN, Germany, Dec. 16.—A French officer whom he rescued during the war has sent money to Hans Schultz, an unemployed laborer.

During one of the 1917 drives Schultz rescued the French officer who was badly wounded. They exchanged letters as the Frenchman convalesced in a hospital. Schultz, who has been without work for eight months, recently received a letter from his French friend with 400 francs (about \$16) as a "Christmas present." The officer said he had just run across the German's name in an old diary and wanted to renew the friendship.

## First Home Loans by United States.

WASHINGTON, Dec. 16.—The first loans by regional banks of the Federal Home Loan Banking System were announced today by Franklin W. Fort, chairman of the board of the system. He said the regional bank at Winston-Salem, N. C., had lent \$65,000, which would be devoted to remodeling and reconditioning houses and that the New Jersey regional bank had lent \$100,000 to a building and loan association which had agreed to use it for making new loans to aid home owners.

## Second Pilot in Crash Dies.

Special to the Post-Dispatch.

AMARILLO, Tex., Dec. 16.—Ralph Montee, 30 years old pilot, died today in a hospital from injuries suffered in the crash of a transport plane Wednesday night. E. Bowen, co-pilot, died shortly before noon yesterday. The two pilots were the only ones aboard the plane, which had taken off for Kansas City. Bad weather forced them to turn back to the airport here, and in the attempted landing the plane cracked up in a plowed field.

# 17-YEAR-OLD CHICAGO KILLER IS SENTENCED TO DEATH

CHICAGO, Dec. 16.—James Ignatius Varella, 17-year-old murderer and attacker of women, was sentenced to die in the electric chair by Chief Justice John J. Frydholm in criminal court today. His execution was set for Feb. 17.

Varella escaped twice from a State institution for the feeble-minded.

On the night of Nov. 18 he stopped at a parked automobile in which Frank F. Jordan and a young woman sat and when Jordan resisted his holdup attempts he shot and killed him. A few minutes later he turned up at another car. Tying up the man, he threw him in the back seat and abducted both him and his young woman companion, finally throwing the man out, after which he assaulted the woman.

## Sitting in at Ozanam Pinochle

ONE of the players in a pinochle game at Ozanam Shelter, home for destitute men.

## Pinochle and Even Bridge Played at Ozanam Shelter

Home for Destitute Men Has Something of Atmosphere of Gentleman's Club That Has Gone Broke.

Undisturbed by spectators who paused by their table or by drifting clouds of tobacco smoke that swirled over their cards, four men played bridge Thursday, flanked by

the inevitable "kibitzer" who drew up a chair and followed every play. The bridge players, clad in worn garments, were guests at Ozanam Shelter, the old Mullanphy Hospital, housing now destitute men, many of whom were prosperous a few years ago. Opened last February as an experiment, with 300 lodgers regarded as a full house, it now contains more than 620 men, operating close to capacity all of the time.

Three card rooms in the basement were crowded with pinochle players, while a row of checker addicts, most of them gray-bearded, occupied the balcony that was once a choir loft overlooking a thronged assembly room which once was the chapel. So the bridge players repaired to a corridor. All but one was over 50 and one was 72. One was an unemployed laborer. His partner was a contractor. They played against a cook and a paperhanger. The "kibitzer" was an accountant.

"We just use the 'optimistic' system," said the paperhanger, taking a trick, "and it seems to work out pretty well."

The corridor led to the big assembly room, lined with benches, foggy with smoke, every inch of space occupied. At the far end, where the altar used to stand, a donated pool table was in use with men standing in line to get a chance to play. Almost obscured by the smoke was a radio, bringing the latest sports melodies. Occasional groups played cards on the benches, with hardly room to lay down their hands. They were as oblivious of the noise as were the checker players engaged in the seemingly endless tournament on the balcony.

The downstairs game rooms were crowded and silent, save for the crisp terminology of the various games or an occasional ejaculation marking the rise and fall of a player's luck. Stakes were mythical, for the men have nothing to play for.

"We need more cards," said the Rev. John J. Murphy, superintendent of the shelter, which is financed by the Bureau for Homeless Men, "because every player wants his own pack. Besides, there are many men who have to sit idle because there aren't enough cards and games to go around."

## DIVORCES HERBERT DENNIS; RECEIVES \$600 A MONTH

Wife Gets House and Insurance Policies With Provision for Four Children.

Mrs. Genevieve Dennis, 432 South Hanley road, obtained a divorce at Clayton today from Herbert Dennis, director and secretary of the Dennis Bros. Furniture Stores, operating in Alton and Granite City. The decree was granted on grounds of general indignities.

A stipulation shown to Circuit Judge Mueller provides that she shall receive \$600 a month for the support of herself and four children, two paid-up insurance policies for a total of \$15,000, four other policies totaling \$75,000 on which Dennis will pay premiums, and the \$12,500 duplex apartment in which the family lives.

Mrs. Dennis testified her husband was cold and indifferent, stayed away from home for extended periods and asked her several times to get a divorce. They were married in April, 1913, and separated last August. Their oldest child is 17 years old and the youngest 7. Mrs. Dennis was represented by Alfred Kerih, an attorney. Dennis did not contest.

### MILLERS SAY FARM AID PLAN WOULD DOUBLE BREAD PRICE

Spokesmen Testify at House Group's Hearing on Domestic Allotment Proposal.  
By the Associated Press.  
WASHINGTON, Dec. 16.—Spokesmen for the flour milling industry told the House Agriculture Committee today the domestic allotment farm relief plan would impose an exorbitant sales tax that would double the price of flour to the consumer.

Fred J. Lingham of Lockport, New York, chairman of the Legislative Committee of the Millers' National Federation, said the demand for bread under present low prices was so reduced that many bakers have been forced out of business. "If you double the price through this sales tax I don't know what they will do," he said. "We regard a sales tax on foods on any such basis as this as fundamentally wrong. We believe it would be so obnoxious it soon would be repealed."

### WOMEN BREAK UP MEETING

By the Associated Press.  
BERLIN, Dec. 16.—Five Communist women from the working class borough of Neukoseln broke up a session of the City Council yesterday by crashing through attendants and invading the plenary hall with shouts of "we are working women, our children are hungry and they want bread." The presiding officer left the chair as a signal that the meeting was adjourned and tried to calm the women who had to be removed by attendants.

### GOVERNESS' DEATH IS OHIO MYSTERY

### GIRL TELLS HOW GANG KILLED MAN IN AUTO

Identifies Defendant at Madison, Wis., as 'Boss' to Whom Body Was Taken

By the Associated Press.  
MADISON, Wis., Dec. 16.—Miss Sandra Livingston, 21 years old, of Milwaukee, who rode in the automobile in which Andrew Presti was kidnapped and slain last July 5, today identified Joe Gelosi of Elmira, N. Y., as the "boss" to whom the body of Presti was delivered at Janesville a short time after he was slain.

As Miss Livingston, companion of one of the two men who the State says were hired by Gelosi to put Presti out of the way, related in Gelosi's murder trial how Presti was lured away from his home in Madison and shot to death in the abductor's car, she was on the verge of tears.

The two men who did the killing have never been caught. One of them, Miss Livingston said, was Frank Malo, alias Delmonti, with whom she had lived.

The witness testified that on the fatal ride she was sitting in the back seat of the car with Malo. Presti and the other man were in the front seat. Malo, she said, fired two shots into Presti's head. "Then, she testified, they fled from Madison with the body, drove to Janesville, delivered it to the 'boss' whom she identified as Gelosi, abandoned it at roadside near Belvidere, Ill., and then drove to Joliet, Ill., where the party split up."

Miss Livingston testified that Gelosi threatened her with death after the body had been abandoned. "The least said of this thing, the better for you," she quoted Gelosi as saying. "You don't want to be like that man back there, do you?" Malo, she said, stood between her and Gelosi.

"Better be careful," she said Malo told her.

### TWO CHILDREN SENTENCED FOR ROBBERY OF BANK

By the Associated Press.  
BLOOMSBURG, Pa., Dec. 16.—With apparently the same unconcern which they displayed in entering a bank in the heart of Bloomsburg's business section early last Sunday night and taking a bag of money, John Harrington Jr., 9 years old, and his sister, Lillian, 7, today heard Judge C. C. Evans commit them to State institutions. John was sent to the Glen Mills School for Boys and Lillian was placed in the care of the Home of the Good Shepherd, Philadelphia. The father of the children told the Court of finding the two children near the business district and taking them to Chief of Police Walter Bender. They told of entering the small window in front of the Bloomsburg Bank Columbia Trust Co. and taking two bags containing small amounts of money which an employee, who was a Sunday school treasurer, had placed in a drawer of his desk earlier in the day.

### WOMAN ROBBER WHO GOT \$13,775 PAYROLL IS PAROLED

Mother of 8-Year-Old Girl Released From Kansas Industrial Farm.  
By the Associated Press.  
TOPEKA, Kan., Dec. 16.—Mrs. Vivian Scaper, 27 years old, who robbed payroll messengers of \$13,775 in a daylight holdup here June 28, 1929, has been paroled from Kansas Industrial Farm for Women at Lansing.

Arrested two weeks after the robbery, Mrs. Scaper, the mother of an 8-year-old girl, told police she obtained the money to send a friend and companion, Cecil Streit, to school.

At first she insisted Streit was innocent, but later implicated him as the one who had planned the robbery. Streit now is serving a term in State penitentiary. All except a few hundred dollars of the stolen money was recovered. Mrs. Scaper was sentenced July 6, 1929, to serve 10 to 21 years.

# PLANS TO PUT JOBLESS IN GERMANY ON LAND

Chancellor Outlines His Program—Insists Export Trade Is Necessary.

By the Associated Press.  
BERLIN, Dec. 16.—Chancellor Kurt von Schleicher, in an address yesterday outlined his program, saying he was neither a capitalist nor a Socialist.

The soldier Chancellor defended President Von Hindenburg against attacks such as the one made by Gen. Karl Litzmann before the Reichstag Dec. 6. Litzmann asserted that history might curse the President for driving the country into bolshevism.

In blunt fashion Von Schleicher took Litzmann to task.

"It is deeply regrettable," he said, "that the President's historical personality was brought into the conflict, particularly by an old comrade who understands discipline. It is my duty to take attention of this, both as Chancellor and as a soldier."

Von Schleicher outlined plans for settling the unemployed on land in the Eastern provinces. Indicating his economic course, he said it was impossible for the nation to exist on internal markets as it needed exports. He warned the Communists that the Government was ready to strike hard at rebellion.

The weekly "Black Front," edited by Otto Strasser, brother of the Hitlerite Lieutenant, George Strasser, says that Adolf Hitler, National Socialist leader, agreed to tolerate the Von Schleicher Cabinet when the Chancellor threatened to use his influence to cut off the party's financial sources. The weekly asserts that Hitler was facing a party debt of 12,000,000 marks (about \$2,900,000).

New System Increases Hitler's Power Over Party.

By the Associated Press.  
MUNICH, Germany, Dec. 16.—Adolf Hitler's control over his National Socialist party was increased yesterday by the appointment of "Commissars" whose purpose will be to raise the movement's "striking power."

These Commissars, permitted to act only on direct orders from Hitler, were installed in the majority of districts. They replaced sectional chiefs who were unsatisfactory to him.

Dr. Ludwig R. Geissler Dies.

By the Associated Press.  
LYNCHBURG, Va., Dec. 16.—Dr. Ludwig Reinhold Geissler, professor of psychology and philosophy at Randolph-Macon Women's College here since 1920, died of cardiac asthma at his home here yesterday. He was a native of Leipzig, Germany. He was founder of the Journal of Applied Psychology and was its editor from 1916 to 1920. He was a bachelor of literature, graduate of the University of Texas, 1905, and took his doctorate at Cornell in 1908.

## EXPLOSIONS RECORDED 2000 MILES DISTANT

Dynamite Set Off in Study of Movement of Sound Waves.

By the Associated Press.  
BERLIN, Dec. 15.—The sound of dynamite explosions in Nova Zembla, Arctic Islands, 2000 miles away, and in Holland, were recorded upon instruments of the meteorological observatory at Potsdam yesterday.  
The explosions were set off by scientists as part of a study of Arctic weather in which scientists of leading nations have been participating.  
The dynamite was exploded to study the passage of sound waves from place to place, especially that part of the sound which arches high into the stratosphere. It is thought that such sounds may carry great distances in a path resembling that of a shell from a big cannon.  
There is a theory that the temperatures in the upper atmosphere are warmer than those which have thus far been measured by instruments carried aloft by meteorological balloons. If this is true, scientists think it might be proved by the way sound waves act when they pass into the warmer layers of upper air.  
It is also hoped to get information on the "zones of silence" which were noted by some observers during wartime. Such zones might come from sound waves interfering with one another.  
The explosions today were read on instruments in 20 different places in Europe.

## LOZIER CHARGES OCEAN MAIL COSTS TO U. S. ARE EXCESSIVE

Many Contracts Not Far Removed from Legalized Graft, He Says in House Speech.

By the Associated Press.  
WASHINGTON, Dec. 15.—Representative Lozier (Dem.), Missouri, told the House yesterday that "many ocean mail contracts are not far removed from legalized graft."  
"The compensation on ocean mail contracts is grossly excessive," Lozier said. "The subventions have been carried to unreasonable limits."  
"In the fiscal year 1931 Government payments on ocean mail were \$18,790,000. This equaled a bounty to a certain favored steamship company of \$15,885,000 over the cost of carrying that mail under the general statute."  
"We can't develop a great merchant marine by hot-house methods. The merchant marine act of 1928 is being administered unwisely and extravagantly."  
Ex-Governor of Florida Dies.  
By the Associated Press.  
SARASOTA, Fla., Dec. 15.—Former Gov. William W. Stickney of Vermont died suddenly at his winter home here yesterday. He was 79 years old and was Governor from 1900 to 1902. From 1892-96 he served as Speaker of the Vermont House of Representatives. Mr. Stickney was executor of the estate of John Coolidge, father of the former President. He also was a law partner of former United States Attorney-General A. C. Sargent before he retired from active practice some time ago.

**RECEPTION FOR DIPLOMATS**  
Envoys of Defuncting Countries Among Hoover Guests.  
By the Associated Press.  
WASHINGTON, Dec. 16.—Holding the diplomatic reception at the White House on the night when war debt payments were due, President Hoover shook hands alike with the diplomatic representatives of nations meeting and those defaulting their Dec. 15 installments. The President and Mrs. Hoover greeted most of the Washington diplomatic corps.  
Ambassador Paul Claudel of France, accompanied by Mme. Claudel and Mlle. Reine Claudel, was the first to grasp the Chief Executive's hand. Arriving early, the French Ambassador, whose Government defaulted in its payment, took first place in the long line by virtue of being dean of the corps. He waited nearly 15 minutes before the President and Mrs. Hoover appeared, followed down the curving stairway by the entire Cabinet.

ATLANTA, Ga., Dec. 16.—Georgia has issued an official request to New Jersey to return Robert Elliott Burns, the State's most publicized fugitive, to complete his chain gang sentence for a \$1.33 holdup here in 1922.  
Gov. Russell has signed requisition papers, and Harold Hardy, warden of the Troup County camp

from which Burns escaped in 1930, will go to New Jersey.  
The papers will be presented to Gov. Moore at Trenton. He has said he would hear the case "on its merits." A total of \$500 in rewards was offered for the apprehension of Burns following his second escape. He first escaped from a Georgia chain gang after serving only a few months of a 6 to 10 year term and remained a fugitive until 1929, when he was taken into custody in Chicago when his wife informed officers of his prison record.  
Warden Hardy said Burns had made many statements relative to his treatment at the Troup County camp, all of which he said, were "untrue." He said that Burns was never in chains while a convict and that the whip was not used because it was outlawed from Georgia chain gang camps in 1923.  
"Burns told of having made a daring escape from my camp under fire of guards," Hardy said. "There was nothing daring about it. He was a full-trusty and had been for several months before he escaped. He was a water boy and on one trip for water he simply ran away. There were no shots from the guards."

## COUNTY MEDICAL SOCIETY HEAD REAL ESTATE MAN INJURED

Dr. John D. Hayward of Clayton was elected president of the St. Louis County Medical Society at its annual banquet at Van Horn's Farm Wednesday night, succeeding Dr. John Sutter.

Other officers elected were Dr. Ernest E. Tremain, vice-president; Dr. O. P. Hampton, secretary-treasurer; and Dr. Andy Hall Jr., censor. A \$500 check, a bequest from the estate of the late Dr. Howard Carter, was presented to the society.

Alfred W. Fleming, real estate dealer, was found lying unconscious in an alleyway behind the Westgate Hotel, 706 North Kings highway, early today. At City Hospital physicians said he had suffered a skull injury.

The alleyway is about 15 feet below the level of the alley, from which Fleming is believed to have fallen. He was found by a hotel employee. Fleming is 38 years old and lives at 6950 Pershing avenue.

## He was unable to make a statement at the hospital.

"Share-the-Work" Results.

By the Associated Press.

CHICAGO, Dec. 16.—Walter Teague, national chairman of the "share-the-work" plan yesterday told members of the Economic Club of Chicago that under the plan about 25,000 jobs have been provided in the seventh Federal Reserve District, composed of Illinois, Michigan, Wisconsin, Indiana and Iowa.

## HOLLYWOOD STAR TO SING IN EUROPE

Jeanette MacDonald, Hollywood star, is to sing in Europe.

## ON TRIAL FOR MAIL FRAUD IN SALE OF MOVIE STOCK

Otto E. Goebel, Hollywood producer, among those accused at New York.

NEW YORK, Dec. 16.—Ten persons, including Otto E. Goebel, a Hollywood producer, were placed on trial in Federal Court yesterday on charges of using the mails to defraud and conspiracy. The Government charged the alleged offenses were committed in the sale of stock of National Diversified Corporation, a company organized to produce religious motion pictures.

Prospective jurors were asked whether they were acquainted with several Catholic prelates and prominent laymen who may be subpoenaed as witnesses. Among those mentioned in the questioning were former Gov. Alfred E. Smith, John J. Raskob, Comde E. Fallon, Cardinals Hayes, O'Connell and Mundelein and Archbishop Curley of Baltimore.

Two defendants of the original 13 named in the indictment pleaded guilty before selection of a jury began and one later. They were Joseph F. Weil, J. Raymond Kear and T. A. Lynn. Judge John M. Woolsey deferred sentence.

## SHERIFF AND FIVE OTHERS FREED OF DRY CONSPIRACY

Residents of Elmore County, Alabama Found Not Guilty by Jury.

MONTGOMERY, Ala., Dec. 15.—Sheriff J. Hasty Golden of Elmore County and five co-defendants were acquitted yesterday by a jury of conspiracy to violate the national prohibition law.

In addition to Sheriff Golden, those acquitted were Tim Golden, his brother, and James Phillips, deputies; Fred Dobbs, Tallahassee merchant; John Aldredge and Alexander Driscoll, the latter a Negro, all residents of Elmore County.

The Government had charged that Sheriff Golden while a deputy in 1929, and his brother had protected manufacturers and sellers of illicit liquor, and had accepted cash payments from persons arrested for prohibition law violations, instead of bringing them to trial.

**We're Expanding to the Corner!**

In response to public demand for Frank Hilton Clothes, we announce the addition to our present store of the entire adjoining corner of 8th and Olive Sts. Preparatory to our big program of expansion, we announce a sweeping, store-wide sale of fine Suits, Tuxedos, Overcoats and Furnishings.

The unprecedented success which has attended us since opening five weeks ago, makes Frank Hilton Clothes, Inc., a record setter for St. Louis retailers.

Last-minute Christmas shoppers will be able to find just the gift here, for "HIM," and at a great saving.

Note the address carefully. We are not connected with any other St. Louis clothier.

This is how our new store will look.

## G.O.P. BODY TO DISCUSS MAYORALTY CANDIDATE

Citizens' Advisory Committee to Meet Wednesday to Make Recommendation.

A meeting of the Republican Citizens' Advisory Committee has been called for next Wednesday afternoon at the Missouri Athletic Association, to take up the question of recommending a candidate for Mayor for support by the Republican City Committee.

The call was issued by Daniel N. Kirby, lawyer and chairman of the committee, which was formed last autumn. Richard E. Gruner, chairman of the City Committee, asked Kirby to enlarge his group and propose a strong mayoralty candidate.

About 200 men will comprise the Advisory Committee. At the request of Gruner, officeholders and active politicians were not invited to join it, and Gruner and other City Committeemen will not attend its sessions. Isaac A. Hedges, vice chairman of the Advisory Committee, said its meeting Wednesday would be private and that no women had been asked to join. Kirby is in New York this week.

Personal Not Given Out.

The personnel of the committee has not been made public. In response to a telegram from the Post-Dispatch Kirby said he had no authority to announce it. Gruner said the Advisory Committee had a board of directors, which might have this authority.

Kirby's letter inviting additional Republicans to join the advisory group said:

"The chairman of the Republican City Committee has requested advice and has asked me to call a meeting of the Citizens' Advisory Committee. The committee is in process of formation and it is desired to complete its organization before holding its meeting. Its membership is to consist of the city and the party. Its meetings will not be frequent and membership involves no money obligation. You are invited to become a member."

Neu Only Announced Candidate.

The only avowed candidate for Mayor is Walter J. G. Neu, president of the Board of Aldermen. Many members of the Republican City Committee are planning to support him, in the expectation that he will win, regardless of the advice they may receive from the Kirby committee. It is possible the advisory organization may recommend Neu, although Gruner, in calling on it, expressed the opinion that a candidate not now connected with official life would be the best selection. The city committee did not bring about formation of the advisory committee, this having been done by Gruner.

Jarome F. Duggan, lawyer, has let it become known definitely that he will seek the Democratic nomination for Mayor. He is expected to file notice of his candidacy early next month. Duggan has been chairman of the City Executive Committee of the American Legion and the legion's national Committeeman from Missouri. No other candidate is openly seeking the Democratic nomination but politicians thing it likely Bernard F. Dickmann, president of the Real Estate Exchange and treasurer of the Democratic State Committee, will run.

Itinerant Made Ill by Cold.

Charles Bowen, 18 years old, was treated for exposure at City Hospital last night after riding more than 100 miles on the tender of a locomotive. He explained he was beating his way from Mattoon, Ill., to his home in Kansas City, Mo.

**JOB FOR WOMEN, FARLEY SAYS, IN ROOSEVELT ADMINISTRATION**

Thoughtful Consideration to Be Given, He Declares in Boston Speech.  
By the Associated Press.  
BOSTON, Dec. 15.—James A. Farley, chairman of the Democratic National Committee, told a large gathering of New England Democrats last night that women would hold a place of prominence in the administration of Franklin D. Roosevelt as President.  
Speaking at a banquet in honor of Robert Jackson of Concord, N. H., secretary of the Democratic National Committee, Farley spoke of women's activities in the recent campaign and said: "I say to you I am going to give thoughtful consideration to women when the question of jobs comes up."

Dr. Blair's exhibits and demonstrations of plastic surgery, in which he was a pioneer, have been a feature of the principal medical conventions for years.

**TWO BABIES BURN TO DEATH; BUGGY ROLLS INTO STOVE**

**Mother, Mrs. Weldon Henderson of Lincoln County, in Adjoining Room When Accident Occurs.**

Two small daughters of Mr. and Mrs. Weldon Henderson were burned to death yesterday in their farm home near Kings Lake Country Club, in Lincoln County, Mo., when a baby buggy containing the youngest child rolled against a stove.  
Mrs. Henderson had gone into an adjoining room, leaving Joan Frances, 5 months old, in the buggy while her sister, Nora May, 18 months old, played nearby. In a few minutes she heard the children scream and ran to the room, finding the buggy in flames and Nora May, her clothes ablaze, lying on the floor behind the buggy. The mother suffered burns about the hand and feet in an effort to extinguish the flames.  
A double funeral service will be conducted tomorrow morning at 10 o'clock at the Wachter-Halden funeral establishment, 2634 Gravois avenue. Burial will be in St. Marcelline Cemetery.  
The children's maternal grandparents, Mr. and Mrs. John Krueger, live in Oakville. An aunt, Mrs. Albert Klingler, resides at 3733 Hydraulic street.

**PIERSON'S ATTORNEYS AGREE ON JAN. 16 FOR RE-TRIAL**  
Date for Hotel Fire Case Subject to Approval of Judge Hoffmeister.  
Jan. 16 is the probable date for beginning the second trial of Ralph Pierson, co-owner of the Buckingham Annex Hotel, on the charge of first degree murder, through alleged complicity in the burning of the hotel for the insurance in December, 1927. Seven deaths were caused by the fire.  
The State Supreme Court Wednesday reversed Pierson's conviction and death sentence, fixed by a jury in January, 1931, and remanded the case for a new trial. The court's action was based chiefly on statements of John J. Sullivan, Assistant Circuit Attorney, to the jury, held to have been prejudicial.  
Sullivan and Charles M. Hay, Pierson's lawyer, agreed today on Jan. 16 as the trial date, subject to approval of Judge Hoffmeister, who had told Sullivan previously that he could try the case beginning either the ninth, sixteenth or twenty-third. Hay will apply, in the next few days, for Pierson's release on bond. He was out on bond before his trial, but has been in City Jail for nearly two years, following his conviction.

**DECLINE IN MAJOR CRIME THIS YEAR REPORTED BY POLICE**  
Chief Clerk Attributes This to Efficient Work of the Department.  
A total of 5730 major crimes were reported to the police in the first 11 months of this year as compared with 10,100 for the same period last year and 11,700 for 1930, Chief of Police Clerk reported today. The total is the lowest for the period since Chief of Police Clerk became head of the department in 1925.  
Chief reduction in crimes reported this year is in theft of automobiles. The total for this year is 3218, compared with 4092 last year. Burglaries totaled 2147 for the period, compared with 2221 for the corresponding months last year. Holdups totaled 1231 for this year, compared with 1481 last year. Chief Clerk attributed the reduction in crime during the depression period to efficient work of the police department.

**MEDAL PRESENTED TO DOG FOR ROUSING FIVE IN FIRE**

Buddie, 5-year-old Boston bull dog, received a bronze hero medal from the Humane Society of Missouri yesterday for awakening his mistress, Mrs. Jacob Kettler, 4711 Goethe avenue, when fire broke out in the home last Saturday night.  
Presentation was made by Gerald B. O'Reilly, president of the society, at its monthly meeting at Hotel Statler. Mrs. Kettler and her 5-year-old granddaughter, Dorothy Graeff, the dog's playmate, accepted the medal.  
Mrs. Kettler, on being aroused by Buddie, woke her husband, in their first floor bedroom, and called her daughter and son-in-law. Mr. and Mrs. George Graeff, and the child on the floor above, but his carried the child to safety, but his wife leaped out a window and was injured.

**HARRY A. SODINI ARRAIGNED**

Held to St. Clair Grand Jury in Pending of Checks.  
Harry A. Sodini, former St. Louis hotel proprietor, was bound over to the St. Clair County grand jury at a preliminary hearing yesterday in East St. Louis on a charge of operating a confidence game by passing \$600 in worthless checks at the Broadway Hotel in October. Sodini furnished a \$1000 bond.  
Sodini entered a technical plea of not guilty at the hearing before Justice of the Peace Stocker contending that passing the bad checks did not constitute a confidence game. He had been arrested Nov. 17 in St. Louis.

**FORMER U. S. ARMY COLONEL DIES IN ENGLISH PRISON**

By the Associated Press.  
LONDON, Dec. 15.—Samuel Edinger Adair, 72-year-old American who had a distinguished military career and at one time commanded the Indian Scouts, died in Wormwood Scrubs prison yesterday. He was serving a sentence of three months on a charge of obtaining credit by false pretenses and had been recommended for deportation. Adair, it was stated in court, was a graduate of the Military Academy at West Point in the class of 1883 and a Colonel in the United States cavalry. During the gold rush he took a sledge expedition 1000 miles into the Klondike. It is understood that he was connected with a New York business house, but he had lived here since 1924. He said he had relatives in Topeka, Kan.

The charge against him was based on failure to pay hotel bills. He told Judge Whiteley he owned many shares in companies in Brazil where he was a Colonel in the national forces. He said the companies owned a concession which had been bought from the late Jay Gould for \$600,000.

## HARVARD REMEMBERS GERMAN SOLDIERS TOO

Posts Plaque in Memorial  
Chapel Honoring Graduates  
Who Died for Reich.

By the Associated Press.  
CAMBRIDGE, Mass., Dec. 16.—A temporary cardboard plaque hung on the west porch of the new Harvard Memorial Church today, giving recognition at last, after long discussion and controversy, to three Harvard men who died in the German ranks during the World War.

The church was erected as a memorial to Harvard men who lost their lives in the service of the United States and the nations allied with it. Strenuous opposition developed when it was suggested that it be considered a memorial for all of Harvard's dead in the war.

But today, with the approval of the Harvard Corporation the cardboard plaque graced the porch wall.

Its Latin inscription, translated, read: "Harvard University does not forget her sons. They died for their country." The plaque bore the names of Fritz Daur/Kurt Peters and Max Schneider.

Both the inscription on the tablet and its location are tentative. Soon, Harvard authorities announced, a permanent tablet will replace it.

Subscribers to the fund raised for the permanent tablet include such names as Dean W. L. Sperry, head of the Harvard Theological School; the Rev. Dr. Clarence A. Barbour, president of Brown University; the Rev. Harry Emerson Fosdick, New York; the Rev. Henry Knox Sherrill, Bishop of the Episcopal Diocese of Massachusetts; the Rev. Theodore G. Soares of the University of Chicago, and many other clergymen.

Harvard authorities announced that the corporation, at its meeting Dec. 8, had approved the placing of an appropriate tablet in an appropriate place in the church.

Dean Sperry announced that the tablet had been presented to the church and accepted by the corporation as a private gift.

Funeral of Coasting Victim.  
Funeral services for Jack N. Wallace, Roosevelt High School

senior, who was injured fatally in a coasting accident on Art Hill Wednesday night, will be held at 9 a. m. tomorrow from the Mullen mortuary, 5165 Delmar boulevard, to the Church of the Resurrection. Interment will be in Calvary Cemetery. Wallace was the son of Mrs. Kathryn Wallace, 4555 Shenandoah avenue. He would have been graduated from Roosevelt in January.

Dr. Wilbur's Leave Extended.  
By the Associated Press.  
STANFORD UNIVERSITY, Cal., Dec. 16.—Trustees of Stanford University yesterday tentatively ex-

tended the leave of absence of Dr. Ray Lyman Wilbur, president of the university and Secretary of the Interior until March 4. Dr. Wilbur had not requested an extension of the leave, which expires Dec. 31. The trustees also re-elected President Hoover to membership for a 10-year period.

600,000 Unemployed in Canada.

**21.85** buys \$30 overcoats  
**26.85** buys \$35 & \$40 coats

We know that thousands of men are holding back—waiting for somebody with courage and foresight, to offer them *honest* overcoat quality, priced to fit their pocketbooks. *These men will have their innings, starting tomorrow.* ● We believe it unfair to them—and unwise for us—to wait until January for this Sale. They want new overcoats right now! And our racks are loaded. Can there be a better time to get together? ● And don't overlook this: *Every overcoat in this Sale is from our own stocks—new this season.* "Special purchases" of inferior clothing, for sale purposes, are taboo here. ● If you've got a new overcoat in mind, now's the time to get it on your back—with a sweet saving to boot!

# INFANTA EULALIA OF SPAIN QUIETS STIR OVER MEMOIRS

PARIS, Dec. 16.—A memoir mix-up, which disturbed Spanish royal and political circles, has just been untangled. The Infanta Eulalia, aunt of former King Alfonso, whose memoirs 20 years ago rocked Madrid court circles and who was reported recently to be writing new reminiscences on the last Spanish revolution, straightened the tangle by announcing that it is her sister, Infanta Marie de la Paz, and not she who was writing memoirs.

The Infanta Eulalia, who recently returned to Paris from a visit at her sister in Munich declared she has no intention of continuing her writing. She expects to pass the winter quietly in Paris, where her son, Don Alfonso d'Orleans, is an inspector of Ford Tractor factories, and to return to Munich early in the spring.

Members of the Bourbon family will gather in Munich in April to celebrate the fiftieth wedding anniversary of the Infanta de la Paz, Infanta Marie de la Paz, and not she who was writing memoirs.

## ST. CHARLES CAMPAIGN FOR CITY OWNERSHIP

Speakers at Mass Meeting Urge  
Voting of Light Plant  
Bonds.

Municipal ownership was supported by two speakers at a mass meeting at the courthouse at St. Charles last night in connection with the campaign for a city-owned electric plant. The citizens will vote Jan. 5 on the question of a \$300,000 bond issue to establish the plant.

Daniel C. Rogers of Fayette, Mo., who has made addresses on utility matters in many cities of the State, urged the people to "grant no more franchises," but to build their own plant and have available for public purposes the profits that now go to the light company.

Charles H. Kanstner, Recorder of Deeds of St. Charles County and formerly City Clerk, explained the effect of the proposed bond issue on the city's finances. He said the interest of \$15,000 a year at 5 per cent would be much less than the city now pays to the Union Electric Light and Power Co. to obtain lights and for power for the city-owned waterworks. The street lighting costs \$7,000 and the waterworks power about \$15,000 a year, he said.

The Union Electric company's franchise expires early next year and the company is seeking a renewal for 20 years, offering a rate reduction if the franchise is granted.

Rogers, formerly City Attorney at Fayette, explained that a rate schedule written into a franchise was not binding on a utility, because the company may go before the Public Service Commission at any time and obtain an increase if it can show higher rates are needed to give it a "reasonable return on a fair valuation." He cited the profitable operation of municipal power in Columbia, Marshall, Lebanon, Hannibal and other cities.

Engineers for the city of St. Charles have calculated the city could pay for the municipal plant in seven years and have a surplus from earnings of \$250,000, after which annual profits would be \$35,000 without increasing rates. About 150 persons attended the mass meeting.

**\$9,838,000 OF \$25,000,000  
STIMNES SECURITIES RETIRED**

Report of U. S. Bankers on Issue Underwritten for German Firm in This Country.

NEW YORK, Dec. 16.—Bankers who underwrote \$25,000,000 of securities of two Hugo Stimnes companies in the American market in 1926 have reported that nearly 40 per cent of the total already has been retired.

Of the \$12,500,000 Hugo Stimnes Corporation 10-year 7 per cent gold notes and \$12,500,000 10-year 7 per cent gold debentures of Hugo Stimnes Industries, Inc., they said, a total of \$9,838,000 had been retired up to Aug. 31. In the first eight months of this year, their report showed, the German companies had been able to buy up \$1,787,500 of the securities.

The two companies were formed by the late Hugo Stimnes, Germany's iron master, who rode to the crest of wealth during Germany's inflation period. Financing in this country was handled by Halsey, Stuart & Co., Inc., and A. G. Becker & Co.

**COURT REFUSES TO ENJOIN  
R. C. A. STOCK DISTRIBUTION**  
Upholds Consent Decree as to General Electric and Westinghouse Firms.

NEW YORK, Dec. 16.—A motion of the Torquay Corporation to enjoin the General Electric Co. and the Westinghouse Electric and Manufacturing Co. from distributing to their stockholders 7,500,000 shares of Radio Corporation of America stock was denied yesterday by Federal Judge John C. Knox.

The distribution was ordered in a consent decree filed recently in Federal Court at Wilmington, Del., in an anti-trust action against the electrical companies which directed them to divest themselves of their R. C. A. stock.

The Torquay Corporation contended its stockholders would lose by the dissolution because the R. C. A. would lose exclusive right to the electrical companies' patents and stock given those companies. Judge Knox ruled that the Torquay Corporation "was a party to the (Wilmington) decree and the plaintiff's rights would seem to be more justifiable in the court that made that decree out of which the complainant's grievances rise than here."

**WASHINGTON EDITOR DIES**  
T. P. Noyes Was Son of Head of Evening Star.

WASHINGTON, Dec. 16.—Theodore P. Noyes, associate editor of the Washington Evening Star, died today at Naval Hospital of pneumonia.

Noyes was the only son of Theodore W. Noyes, the editor of the Star, and a nephew of Frank B. Noyes, president of the Associated Press. He was 38 years old. Noyes was a member of the board of directors of the Star and had been associated with the newspaper since an early age, his connection having been broken only by a period of service in the navy during the war.

## NEGRO'S CONVICTION IN COURT GUARDED BY MILITIA VOIDED

Georgia Defendant Was Sentenced to Death at One-Day Trial for Attack on Girl.

MACON, Ga., Dec. 16.—The conviction of John Downer, Negro, in a courtroom lined with National Guardsmen following an effort by a crowd of men to take the defendant out of jail, was nullified yesterday in a notice by Federal Judge Eason S. Deaver that on Dec. 23 he would sign an order discharging Downer.

The Negro was sentenced to death for an attack on a young white woman at a one-day trial nine days after the crime. Judge Deaver ruled the trial "was without due process of law and in violation of the Federal Constitution."

Solicitor-General A. S. Skelton of the Elberton Superior court where Downer was convicted, said a warrant for the re-arrest of Downer had been in the hands of the Bibb County Sheriff at Macon for some time and that preparations would be made for an early retrial. The verdict by which Downer was sentenced to death was returned by the jury after six minutes of deliberation. The 20-year-old victim of the attack and her young man companion, who married her before the trial, identified Downer.

## RAILWAY UNIONS STAND PAT ON PAY CUT OFFER

Will Not Extend Present Wage One Year But to Consider Negotiations Dec. 1, 1933.

Special to the Post-Dispatch  
CHICAGO, Dec. 16.—A stalemate was reached today in the railroad wage conference when the unions decided to stand pat on a proposal that the 10 per cent reduction now in force be extended on the present terms for one year.

The only change in the labor proposal, was in the specification of a time for possible negotiations at the end of the extension. Notice might be served proposing a further extension on or after Dec. 1, 1933.

# MODEL HOUSING NEAR DOWNTOWN SECTION PLANNED

Block of Apartments for  
Wage-Earners Proposed  
by Committee Represent-  
ing Neighborhood Group.

PROMOTERS TO SEEK  
AID FROM R. F. C.

Government Agency to Be  
Offered First Mortgage  
and Second Deed Bonds  
"Sold to Investors."

A city block of model modern  
homes for St. Louis wage-earners,  
in a district within walking  
distance of the downtown center,  
has been planned for the housing  
committee of Neighborhood Association,  
following a four months' survey.

The committee's work is in  
charge of J. A. Wolf, director of  
Neighborhood Association, who  
spent three months last spring in a  
study of the model housing systems  
of German and Austrian cities.

It sought to plan the model  
homes for St. Louis on a scale  
which would permit the rents to be  
not greatly above the rents now  
being paid for old, unsanitary and  
crowded quarters in the same parts  
of the city. It aimed to make them  
not only desirable to families of  
small income, but an attractive  
business venture to investors. The  
Reconstruction Finance Corporation  
is to be asked for the initial  
financing, the housing plan being  
believed to come within its cat-  
egory of self-liquidating projects.

The housing committee con-  
sidered its investigation here in a district  
where 17 per cent of the families  
now pay \$10 a month rent or less,  
50 per cent pay \$15 or less and 81  
per cent pay not more than \$20.  
Location Not Made Public.

Selecting the most available block  
in this district—the location is not  
made public by the committee—  
plans were drawn for a three-story  
housing project, to cover the block.  
It would have 131 two-room effi-  
ciency units, 105 three-room and 16  
four-room efficiency units, thus pro-  
viding homes for 252 families.

After figuring in all items of cost,  
interest and maintenance, the  
monthly rentals, including heat, hot  
and cold water and gas for cooking,  
have been placed at the following  
maximum figures, subject to several  
possible deductions:

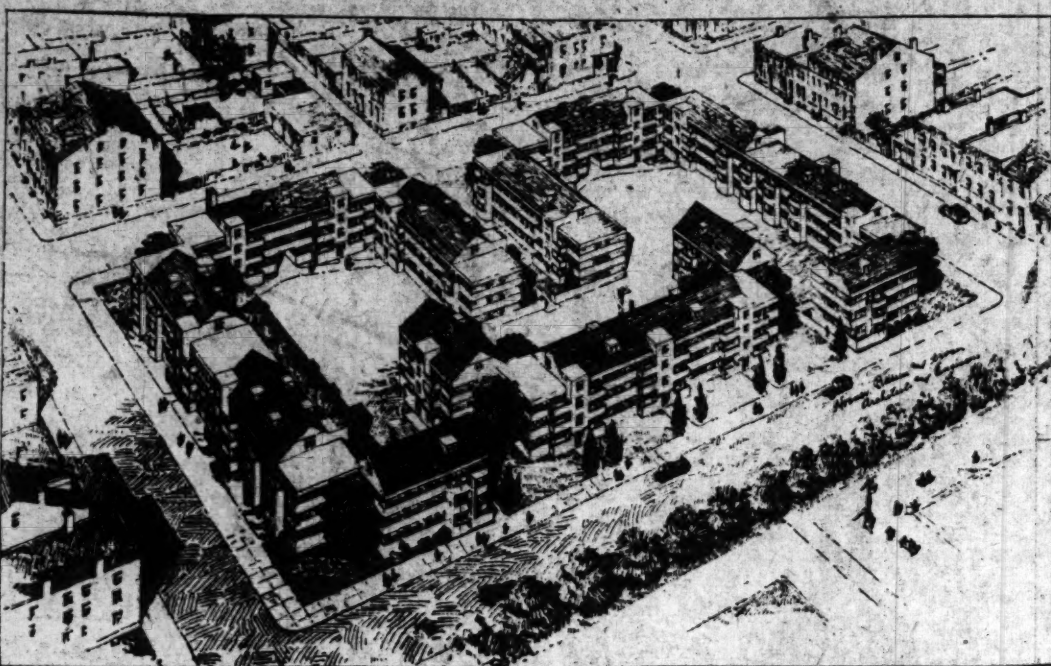

Two-room efficiency units, 317  
square feet each, \$23.  
Three-room units, 435 square feet  
each, \$25.50.  
Four-room units, 613 square feet,  
\$29.

These rentals, the committee  
says, are the maximum, and are  
figured on the least favorable terms  
for financing the project. If it  
could be financed on more favor-  
able terms, namely a 40-year loan  
at 5 per cent interest, the rents  
could be made \$1.83 per month less  
for the small units, \$2.50 less for  
the medium and \$3.65 for the large  
units.

Another reduction in the rental  
figures would be made possible if  
the land could be bought for 75  
cents instead of the estimated price,  
\$1 per square foot. In that case,  
the lessening would be 85 cents a  
month for the small units, \$1.20 for  
the medium and \$1.50 for the large  
units.

Cost Estimated at \$550,000.  
The plans for the St. Louis hous-  
ing project were drawn by P. John  
Hoener, of the architectural firm of  
Hoener, Baum & Froese. The esti-  
mated cost of the project is \$550,-  
000, the sum being composed of  
these items:  
Land, one city block, 270 by 407  
feet at \$1 a square foot, \$109,890.  
Buildings, \$416,217.  
Interest, at 5 per cent; taxes,  
at present rate of \$2.74 on \$100  
valuation, and insurance, during  
construction, \$24,188.  
The plan of financing contin-  
ues obtaining a loan of \$75,000  
from the Reconstruction Finance  
Corporation, to be secured by a first  
deed of trust, which the Re-  
construction Finance Corporation  
will be asked to purchase, are to  
run for 10 years and bear 5 per  
cent interest. This deed of trust  
would be under the R. F. C. require-  
ments, must be amortized at the  
rate of 3 per cent for the first year,  
increasing annually by the same  
amount that the interest payments  
diminish.  
The remainder of the cost, or  
\$475,000, is planned to be provided  
by a second deed of trust. Bonds  
representing this second deed of  
trust would be sold to investors,  
and would bear 5 per cent interest.  
As planned by the architect, the  
buildings are to be three-story  
walk-up, with no corridors and with  
traffic divided by the location of  
entrances. Every family unit  
would have bathroom and toilet. No  
basements are contemplated, except  
such as required for heating plants,  
pipe service tunnels and connecting  
passages. Laundry facilities would  
be provided in the attic space,  
which would have sunning and  
good ventilation. Fire-resistive con-

## Design of Model Home Block for Wage-Earners

MODERN building designed for location near downtown district would contain accommodations for 252 families and would cost \$550,000. P. J. Hoener, architect.

struction is planned, with masonry  
walls, brick exterior and interior  
partitions of clay tile, cinder  
blocks or similar material.  
The two-room units would have  
large combination living, dining  
and bedroom, a kitchen, a bath-  
room and a dressing nook. The  
larger units would have additional  
bedrooms.

"In making our studies for plans,"  
Architect Hoener says in his re-  
port, "we are quite aware that it  
is not possible to provide new living  
accommodations for the lowest in-  
come group. That group which is  
largely dependent on outright phil-  
anthropies must also depend on  
those philanthropies for any relief  
in housing accommodations."

"We have studied the living con-  
ditions of the people, and our plan-  
ning is based on the present mode  
of living, but with decidedly im-  
proved facilities. In making com-  
parisons of rentals, the fact must  
be borne in mind that the proposed  
rental include heating, gas, water  
and possibly furnishing of the  
electricity. Lighting of the public  
spaces, and janitor service in  
cleaning these spaces, are includ-  
ed."

Statement by Wolf.  
Wolf, who is presenting the  
housing plans to various organiza-  
tions, said in reviewing the com-  
mittee's project:

"Reforms grow out of needs. It's  
obvious that man or woman can  
doubt the need for slum clearance  
in St. Louis."

"Run-down areas, such as are  
now occupied by thousands of low-  
income St. Louis families, are con-  
stantly being torn down. They yield a low  
return, and are a great expense  
in hospitalization, policing and  
delinquency. The constructive  
work of schools, settlements and  
recreational organizations cannot  
get to first base when so many  
live amid filth and degradation.  
There are decided spiritual values  
in sanitation and privacy. Dark,  
smelly hallways and inner courts  
are infected with the germs of  
crime and delinquency."

"Those who work closely with  
submerged masses, as we do at  
Neighborhood Association, cease to  
wonder why so many youths go to  
the devil. We wonder why so few  
go. There are definite obstacles to  
any kind of social progress when  
seven or eight persons must be  
herded together in one dreary room  
without benefit of bath, toilet or  
privacy."

"Building houses now for the  
masses will mean released dollars,  
rock-bottom prices, work for hun-  
dreds, pleasant living units and dis-  
appearance of eye-sore buildings."

## ALBANY DINNER FOR ROOSEVELT

Governor-Elect Lehman Says State  
Must Raise \$100,000,000.  
By the Associated Press.  
ALBANY, N. Y., Dec. 16.—Speak-  
ing at a dinner in honor of Gov.  
Franklin D. Roosevelt last night,  
Governor-elect Herbert H. Lehman  
predicted that New York State be-  
fore June 30, 1934, would be ob-  
liged to raise \$100,000,000 or more  
"through new or increased forms of  
taxation."

Lehman, who is now working on  
the budget he must present to the  
Legislature in January, said the in-  
crease would be necessary because  
of "highly disappointing" receipts  
from a large part of the State's tax  
sources. His statement was made  
in an advance copy of his address  
before the Roosevelt dinner of the  
Albany Chamber of Commerce to  
President-elect Roosevelt.

## BOTH JAPAN AND CHINA

Resolution for Conciliation of Dis-  
pute Sent Back to Drafting  
Committee.

By the Associated Press.  
GENEVA, Switzerland, Dec. 16.—  
Bearing expressions of disapproval  
from both Chinese and Japanese, a  
resolution for conciliation of the  
dispute between those two coun-  
tries was sent back today to the  
Drafting Committee of the League  
of Nations Conciliation Commission  
of 19 for revision.  
"The task of finding terms accept-  
able to both parties now appears to  
be most difficult."

Yosuke Matsuoka, special Jap-  
anese counsel, conferred with  
Eduard Benes, Czechoslovakian  
Foreign Minister and a League of  
Nations official, in an effort to obtain altera-  
tion of the document, while Japan's  
representative in the League secre-  
tariat was closeted with Sir Eric  
Drummond, Secretary-General, ex-  
plaining the viewpoint of the dele-  
gation.

A statement by the Chinese dele-  
gation described the resolution  
adopted by the Committee of Nine-  
teen on conciliation of the Chinese-  
Japanese dispute as "very disap-  
pointing." The statement com-  
plained that the proposal included  
no provision for remedying the  
present situation in Manchuria.

Explaining it offered "the liquor  
traffic no olive branch" and "hang  
out no white flag," the conference  
said it would fight to hold every  
state in line for the eighteenth  
amendment "regardless of what  
may happen in any of the other  
deaths."

## DRY RAKE 'SHAMEFUL WASTE'

National Conference Also Says It  
Will Offer 'No Olive Branch  
to Liquor Traffic.'

WASHINGTON, Dec. 16.—A bat-  
tle "without compromise or eva-  
sion" against repeal or modification  
of the liquor laws is announced in  
a formal declaration by the Na-  
tional Conference of Organizations  
supporting the eighteenth amend-  
ment.

Explaining it offered "the liquor  
traffic no olive branch" and "hang  
out no white flag," the conference  
said it would fight to hold every  
state in line for the eighteenth  
amendment "regardless of what  
may happen in any of the other

## 133 U. S. MARINES KILLED

IN NICARAGUA SINCE 1926  
Force Now Being Withdrawn Had  
149 Skirmishes With Insurgents  
In That Time.

By the Associated Press.  
WASHINGTON, Dec. 16.—Ameri-  
can Marines now being withdrawn  
from Nicaragua had 149 successful  
contacts with insurgents in the  
Central American Republic in the  
last 13 months.  
Major-General E. H. Fuller, com-  
mandant of the United States Marine  
Corps, in his annual report to-  
day said the last year has been  
characterized by extensive insur-  
gent operations in various parts of  
Nicaragua which led to encounters  
with the Marines either independ-  
ently or their support to the native  
guard.

In the year ending in September  
two Marine commissioned officers  
and four enlisted men were killed  
in action, bringing the total casu-  
alties since occupation in May, 1926,  
to five officers and 29 men killed in  
action while 14 officers and 85 men  
died of wounds.

## BENGAL TRIBESMEN IN CLASH

Three Sonthals Slain After Killing  
of Policeman.

By the Associated Press.  
MELIDA, Bengal, Dec. 16.—One  
policeman and three Sonthal trib-  
esmen were killed, four were wound-  
ed and 16 arrested with swords  
and arrows.  
The Sonthals were headed by the  
Samu of Banshar, calling himself  
Gandhi. They occupied the Adina  
Mosque and declared independence  
of the district. The District Mag-  
istrate and the police tried to dis-  
suade them, but the Sonthals at-  
tacked, and killed a policeman,  
whereupon the police fired.

# SENATE ADOPTS 14-YEAR PLAN FOR PHILIPPINES

Favors Compromise  
Amendment on Inde-  
pendence After Reversing  
Vote on 8-Year Proposal.

By the Associated Press.  
WASHINGTON, Dec. 16.—The  
Senate today reversed itself and  
rejected a proposal to free the  
Philippines in eight years.

This upset Wednesday's vote of  
40 to 38 in favor of an amendment  
by Senator Broussard (Dem.),  
Louisiana, and paved the way for a  
vote on the Hawes-Cutting compro-  
mise to grant independence in 14  
years, instead of 18 or 19, as origi-  
nally provided.

The Senate then approved an  
amendment to the Hawes-Cutting  
bill granting independence in 14  
years.

This decision was by a viva-voce  
vote. The disposal of the amend-  
ment for independence in 14 years,  
paved the way for ultimate pas-  
sage of the legislation, as it settled  
a controversy over the heart of the  
bill.

Some Senators had contended  
the Wednesday vote was taken un-  
der a misapprehension, and that  
many of those answering the roll  
call did not realize the amendment  
not only reduced the probation pe-  
riod but eliminated a plebiscite pro-  
vision and island export taxes de-  
signed to help pay for the Philip-  
pine bonded indebtedness.

Today's vote against the Brou-  
ssard amendment was 45 to 31.  
Senator Cutting (Rep.) New  
Mexico, offered the compromise 14-  
year clause for a vote.

This calls for a seven-year period  
of limitations on duty-free imports  
into the United States of sugar,  
coconut oil and hemp products,  
then five years of island export  
taxes to help pay off bonded in-  
debtedness, and a plebiscite before  
the end of the sixteenth year.

## When a Motion by Senator Byrnes

(Dem.), South Carolina, to strike  
out the plebiscite provision and  
make independence irrevocable  
after 12 years, was rejected, 38 to  
33, Senator Long (Dem.), Louisi-  
ana, took the floor and threatened  
to hold it indefinitely.  
"I would rather have no bill at  
all than one with the plebiscite  
clause," he said.

He had voted for the motion to  
strike out the plebiscite, but  
changed from aye to no before the  
result was announced in order to  
enter a motion to reconsider.

Advocates of the plebiscite had  
said that President Hoover would  
veto a bill without such a pro-  
vision.

## Quezon Says U. S. Reminds Him

of George III.  
MANILA, Dec. 16.—Comparing  
Philippine independence proposals  
in the United States Senate to the  
"misgovernment of George III,"  
Manuel Quezon, president of the  
Insular Senate, today summoned  
members of the territorial Legisla-  
ture to consider the situation. Mem-  
bers of the Independence Commis-  
sion will meet tomorrow.

Attacking pending amendments  
to the Hawes-Cutting independence  
bill, Quezon declared in a state-  
ment:

"The last dispatches clearly show  
the fight in the Senate is not to  
give independence but to close  
American doors to Filipino sugar  
and Philippine products. While  
we insist on keeping us under the  
American flag for a number of  
years, our people are branded as  
unbearable by the American people.  
They want to restrict our free trade  
to America to a ruinous extent, yet  
American free trade to the Philip-  
pines will be unlimited. It is a  
most unfair arrangement, remind-  
ing one of the treatment accorded  
to American colonists by Britain in  
the days of George III.  
"America should grant indepen-  
dence at once, or, if Americans insist

# SPECIAL SESSION OF NEW CONGRESS SEEMS INEVITABLE

Filibuster on Philippine Independence Pre-  
cludes Possibility of Cleaning Up Im-  
portant Business Before Adjournment.

By PAUL F. ANDERSON,  
A Staff Correspondent of the Post-  
Dispatch.

WASHINGTON, Dec. 15.—As the  
filibuster against the Philippine in-  
dependence bill wore on in the Sen-  
ate today, it became increasingly  
plain that the legislative output of  
the short session will be small, and  
that a special session of the new  
Congress, soon after Gov. Roosevelt  
takes office, is almost inevitable.

Debate on the Philippine bill al-  
ready has consumed twice the time  
estimated as necessary to pass it,  
and its enactment remains in doubt.  
Congress will adjourn at this ses-  
sion, about Thursday. Senator  
Glass (Dem.), Virginia, yesterday  
obtained consent to have his bank-  
ing reform bill brought up when  
Congress reconvenes Jan. 5. That  
its provisions will be hotly debated  
is certain. Moreover, it probably  
will be laid aside from time to time  
to make way for routine appropri-  
ation bills—and possibly for consid-  
eration of a beer bill.

## No Assurance of Beer.

There are several Senators who  
would have voted for a bill legal-  
izing 2.75 per cent beer who may  
oppose the 3.2 per cent provided in  
the House bill. These are legisla-  
tors who have been bone dry in the  
past, but have been slightly meli-  
owed by recent political develop-  
ments. Possibly a few will oppose  
3.2 per cent on the ground that it  
is actually intoxicating, and there-  
fore would violate the eighteenth  
amendment. In any case, much de-  
bate is in prospect, and the pas-  
sage of a beer bill at this session  
is by no means assured. Nor has

President Hoover given any indica-  
tion that he will sign such a bill if  
Congress passes it.

Meantime, a dozen problems of  
the first magnitude clamor for con-  
gressional attention. Many mem-  
bers feel that something should be  
done at once about the foreign debt  
question—possibly the creation of a  
congressional commission to nego-  
tiate with the creditors. The budget  
is still unbalanced, and the Treas-  
ury deficit is growing at the rate  
of about \$200,000 an hour. Yet the  
belief that a special session cannot  
be avoided is now so general that  
Congress may not even attempt to  
balance the budget at this session.

Wagner to Criticize E. F. C.  
For three days Senator Wagner,  
New York Democrat, author of the  
act creating the Reconstruction  
Finance Corporation, has been  
awaiting an opportunity to deliver  
an address severely criticizing the  
R. F. C., and demanding that Con-  
gress at this session adopt sweep-  
ing measures to relieve suffering  
and provide employment. Senators  
Fa Follette, Wisconsin, and Costi-  
gan, Colorado, plan to reintroduce  
their relief bill which was shelved  
at the last session, and La Follette  
also will propose a \$5,000,000,000  
Federal bond issue for public works  
to create jobs. An effort undoubt-  
edly will be made to pass a farm  
relief bill.

The idea that any such program  
can be considered between now and  
March 4—with the holidays inter-  
vening—is entertained by no one  
who has any knowledge of Con-  
gress. On the contrary, it will not  
be surprising if Congress is con-  
tinuously in session for the next 18  
months.

On a period of transition, let it be  
the shortest possible time. If, mean-  
while, America does not want our  
people in the states, nor our prod-  
ucts, let Congress prohibit Filipinos  
from entering and impose customs  
duties on Philippine products, but  
let the Filipinos have a right to do  
the same thing in reference to the  
states.

"We did not ask Congress for the  
established free trade and we are  
willing to have it terminated now.  
We ask only for independence."

# HINES WOULD CUT OFF PAYMENTS TO 356,555 VETERANS

Administrator Urges Barr-  
ing All Not 50 Pct. Dis-  
abled From Receiving Al-  
lowances.

By the Associated Press.

WASHINGTON, Dec. 16.—Prohi-  
bition of disability allowances to all  
veterans not permanently disabled to  
a degree of 50 per cent was  
urged today by Frank T. Hines,  
veterans' administrator, who esti-  
mated that the Government would  
save \$51,344,000 the first year under  
the proposal.

The recommendation, made to a  
joint congressional committee  
studying economies in veterans  
costs, started a heated argument  
with Senator Robinson (Rep.), In-  
diana, an advocate of liberal treat-  
ment of veterans, who challenged  
the equity of the proposal.

Hines said it would remove 356,-  
555 persons from disability rolls.  
The proposal followed close be-  
hind a recommendation that the  
retroactive period for the payment  
of veterans' awards or increases be  
shortened by half.

Hines said the retroactive change,  
which would have the payment of  
awards or increases cover a period  
beginning six months before ad-  
ministrative determination or the  
date of the filing of an application  
for review, would save \$15,000,000  
annually. He estimated that it  
would affect 146,000 former service  
men.

Hines said the retroactive recom-  
mendation and that made yester-  
day to limit rating of cases for the  
purpose of reviving insurance  
"should merit first consideration."

He estimated a \$6,000,000 saving  
under the insurance amendment  
and said it would affect 200 per-  
sons.

The veterans' administrator said  
the retroactive provision had cost  
the Government to date \$80,000,000  
and would cost "much more" if  
continued. He added that some  
fraud had been practiced under it.

Hines suggested another saving  
of \$3,649,000 a year by transferring  
veterans who enlisted after the Ar-  
mistice from compensation to a  
pension status.

## LETTERS FROM THE PEOPLE

An Auto Fee Injustice.  
To the Editor of the Post-Dispatch:

THIS is no hunger petition, no bonus plea or relief solicitation, but simply a protest against Missouri's method of collecting auto license fees. When I climb into my Ford to visit Charlie Becker's branch office and fork over the annual \$18.50 license fee, I rub elbows at the cashier's wicket with owners of Packards, Buicks, Hudsons, Studebakers and Chryslers who pay no more fee for their heavier and costlier machines than I do for a light four-cylinder Ford. Furthermore, owners of Rockne, Plymouth and Essex cars, all more expensive and as heavy, if not heavier cars than mine, pay only \$10.50.

New York and 21 other states base license fees on weight, to compensate for damage to highways by vehicles. Missouri's law bases the fee on horsepower, which is figured from the bore of the cylinder. By this method, a two-ton Ford truck, which may weigh as high as four tons when loaded, is assessed only \$10.50, while light-weight Ford, Chevrolet and Willys passenger cars pay \$6 more.

The solution lies with the Missouri Legislature. Four years ago it laughed to death an effective safety measure requiring inexpensive tail lights or reflectors on vehicles on State roads, including wagons, buggies, etc. What it would do with a proposal to equalize license fees, I would not hazard to guess.

PRO BONO FLAVVBERITE.

Oh, Secretary Brown!  
To the Editor of the Post-Dispatch:

NOTICED in your paper that the Postmaster-General was unable to wear his high hat in his \$300 automobile. As he had to give this car to his assistant on account of the inconvenience, I sympathize with the General and wish to aid him by offering him a Willys touring car that he can wear any style hat in without trouble.

The price of this car is \$45 f. o. b. Parma, Mo.

Give the General the price of this car and my best regards.

Mr. Blythe and His Master.

To the Editor of the Post-Dispatch:  
YOUR editorials "Mr. Blythe Goes Haywire," "Blythe's Well-Served Spanking," "But I hate to see the real culprit escape your rebuke," I suppose it is some sort of professional courtesy that causes you to jump onto Sam instead of his master, the Curtis Publishing Co.

I remember the time when Mr. Blythe was a sincere and useful writer, but he and a good many more gifted writers have been reduced to shabby propagandists who have sold their souls to the Curtis company. I can call to mind nearly a dozen who once wrote with care and forthrightness, but later have fallen into the smart-alecky, cocksure style which the Saturday Evening Post seems to think is absolutely irresistible.

The Saturday Evening Post appears to be now in the way of putting down a regular barrage because Samuel Crowther, with appropriate cartoons, continues the bombardment in the next issue following Sam Blythe. I would joyfully fight the guy that makes those cartoons.

Prize for Antique Hunters.

To the Editor of the Post-Dispatch:  
IF the antique hunters will only take a ride on the Wooden road line, they will surely make a discovery in the kind of cars the Public Service Co. is using there. The motormen are the best ever, and in the two years I have been using the line to go to work, have nothing but good words for the boys. They do their work well.

But the cars! Of one of them, I notice that every time the motorman uses the air brake, the car slows up. The road keeps going—about two inches' play. The "automatic" door opens when the motorman stops, walks over and opens it. The car is stired by Toomer's trolley out of kiddle kar. And still the fare is up!

OH HUM.

Those Usher Articles.

To the Editor of the Post-Dispatch:  
THE New Orleans Item-Tribune is reprinting the women's correspondence articles by Prof. Usher that originally appeared in your paper. I have read two instalments and am thoroughly convinced that Uncle Sam should have charged admittance to his war. I don't believe any of the overseas men have ever paid for their European trip. Economist Usher should evolve a plan to collect ship fare from all of them, in addition to repatriating all pension laws.

## THE WAR DEBTS AND LAUSANNE.

Our refusal to ameliorate the war debts will not undo the good work done at Lausanne. If it did, our war debt policy would strike dismay into the hearts of men everywhere.

Sir Arthur Salter, who was for 10 years director of the Economic and Finance Section of the League of Nations, explains in the current number of the Yale Review why the agreement at Lausanne will stand despite the widespread resentment of our refusal to respond in the same spirit. He says:

After 12 years of incalculable harm, the reparations obligation has been eliminated as a serious factor in either the German finances or the world's exchange.

Some surprise may be felt at the unqualified character of this statement, since reparations have not been entirely canceled and since the agreement will require ratification, which is conditioned upon a settlement of war debts. But the fact is that unless Germany herself should be too foolish as to fail to ratify, no other country can deprive her of this great instrument of release.

For if she is prepared to meet the modest obligations of Lausanne, no one will expect her to do more; and, even if a failure to ratify by other Powers should have the effect of making her nominally default, such a default would be merely a technical one, which would not impair either her financial or her political credit.

Nor are the obligations themselves of a kind to involve either a serious burden on any new danger. There is to be a respite for three years (beyond the Hoover moratorium); the remaining reparations is represented by a capital sum which is to be commercialized under conditions which will never entail an annual service exceeding \$30,000,000 marks (less than one-tenth of what the Young plan provided); and even this modest obligation is safeguarded in such a way as to prevent Germany's credit being impaired.

This settlement is just and moderate and reflects real credit upon Germany's creditors, especially France. It should be added, moreover, that the provision that the sum received should be paid into a European reconstruction pool means that such obligation as remains is divorced from Article 231 of the Treaty of Versailles and the ancient controversy about war guilt.

The agreement at Lausanne was the greatest forward step in the entire period of reconstruction. It ended 12 years of agony in Germany, which, for most of that time, did not even know what the total claims against her were to be. It was an agony that communicated itself to all international finance.

The British said in their appeal to the United States for postponement of the Dec. 15 payment on the war debts, that unless our war debt policy can be revised, the Lausanne agreement will not be ratified. However, it was not so contingent as might appear. Nor is it so regarded anywhere in the world, not even in England, if we believe Sir Arthur, himself an Englishman.

The Lausanne agreement ended the reparations dispute as effectively as Appomattox ended our own Civil War. There can be no question about that. What the world needs is more healing steps like that at Lausanne. It needs to have done for both the war debts and for tariffs what the Lausanne agreement did for reparations.

## MEXICO WITHDRAWS FROM THE LEAGUE.

There will be only regret among friends of international co-operation that Mexico, one of the newest members, feels it must withdraw from the League of Nations. To say that it is difficult to meet the annual financial obligations is to touch a point which is understandable, but it does not seem sufficient to justify a step of such consequence.

That the Mexican Government made a point of identifying that the withdrawal does not mean lack of sympathy with the League's activities is gratifying and may be taken as indicative of Mexico's support of the League in normal times. Yet it is the present abnormality in the world which makes it imperative for the nations to be joined in the common purpose of solving their problems together. After all, the cost of participation on the part of Mexico, set at \$60,000 to \$90,000 a year, is a small expenditure in comparison with its governmental costs as a whole.

The question naturally arises, How might Mexico spend that sum better to advance international co-operation, and thereby the interests of Mexico? The entry of Mexico into the League last year showed an appreciation of its place in the society of nations which its neighbor to the north does not possess. Our sister republic set us a good example. It may be hoped that improved financial conditions in the Mexican Treasury will enable Mexico, before the two years have expired, to resume its well-earned work.

Meanwhile, the incident might serve the good purpose of causing the League to reduce the annual obligations so as not to impose a hardship on the smaller nation members.

## THE MAN OF HONOR.

Herriot was a gallant figure before the Chamber of Deputies, pleading that France keep her word. Interrupted by an aged member, Mr. Bracke, his former schoolmaster, the speaker flung back: "Remember, I was your pupil and you taught me the drama of Socrates in prison."

What a drama that was! Here was an old man sentenced to death on a trumped-up charge, inspired by the malice of religious bigotry and pseudo-patriotism. He might easily have won acquittal. He did not have to recant. Had he shown the least penitence, indicated a sense of wrong-doing by so much as a gesture, or remorseful demeanor, the chances are the verdict had been favorable. He scorned to do it. Not only did he refuse to abase himself, but throughout the trial, he was urbanely indifferent as to the outcome. He was conscious of no wrong-doing. He believed implicitly in the rectitude of his convictions and conduct. He would not compromise his intellectual integrity for any consideration. And when permitted, as the modern legal phrase has it, to say a few words to the jury, he spoke in a vein of really fine arrogance. Life at the price of honor was to him unthinkable. Death, Charles Frohman, on the sinking Lusitania, echoed the old Socratic notion that death might well be "the great adventure."

A man of honor. That was the measure of Socrates. Honor was his irreducible minimum. While in the death cell, associates conspired to save him. A festival of some sort delayed the execution and furnished an opportunity for the escape. There was a boat to take him away to the safe, welcome asylum of a friend's house. The heart-broken Plato tearfully joined in the supplications. Socrates smiled away their good intentions and their fears. He would die, as he had lived, a gentleman unafraid, whose word was his bond.

Now, after 25 centuries, in the fury of international economics, the influence of the old Greek scholar is again seen in the world, and its worth is vaguely or acutely appraised, according to one's light. Anyhow, there is no denying the truth that Edouard Herriot is today, in the judgment of mankind, the first man in France. The basic quality of his character was fashioned, in part, it may be believed, by his acquaintance with Socrates in the fateful formative years.

Thus it is that the classic tradition, which a ravens pragmatism has thoughtlessly and stupidly trampled, somehow steps into the breach on great occasions. And if it less the argument, as it did in this instance, the classic traditionalists do not despair. They know that, ultimately, it will win.

The man of honor, embodied and symbolized by Socrates, cannot be defeated.

## MORE PROPOSED AMENDMENTS.

Of the proposals to amend the Federal Constitution, like the making of many books, there is no end. Since 1913, no less than four amendments have been adopted, bringing the total to 19. The Norris amendment to abolish the lame-duck sessions of Congress will be the twentieth, while the twenty-first, in all likelihood, will be that which repeals the eighteenth. At the present time, at least three resolutions calling for constitutional amendments are pending in Congress, not counting those relating to prohibition.

Senator M. M. Logan of Kentucky, former Chief Justice of the Kentucky Court of Appeals, who is serving his first term in Congress, is the sponsor of a proposal to lengthen the presidential term to seven years and to forbid the President to stand for re-election. Senator Logan takes the position that under the present four-year term the occupant of the White House feels he must devote a large part of his first administration to preparations for re-election. The result, says Senator Logan, is that political considerations disproportionately influence presidential appointments and acts. If the term were increased, the President would have a better chance to carry through his policies; if re-election were prohibited, the part of politics would be materially reduced—thus reasons the Kentucky Senator.

During the past week, two Republican Representatives, James M. Beck of Pennsylvania and John L. Cable of Ohio, introduced proposed constitutional amendments, each of them relating to the method of amending the Constitution. The proposal of Mr. Beck, a former Solicitor-General and one of the leading authorities on constitutional law in Congress, is to permit ratification of constitutional amendments by a majority of the states, instead of by three-fourths, as now required. Also, Mr. Beck's amendment would require the ratifying majority to contain at least three-fourths of the national population.

The amendment which Representative Cable proposes would provide for constitutional alterations by initiative and referendum. Under his plan, amendments would originate with the people through petitions, which would require the signatures of 15 per cent of the voters in two-thirds of all the congressional districts. Ratification of the amendment thus proposed would depend on approval by a majority of the voters in three-quarters of the states at the next general election.

Of these three proposals, the last has the least to recommend it. Various states find it difficult to secure needed changes in their state constitutions at the polls because of popular indifference to such propositions. There is little reason to believe that popular ratification of Federal amendments would work out more satisfactorily.

The need for Mr. Beck's amendment remains to be demonstrated. Evidently, he is fearful lest 18 states prevent the repeal of prohibition. In the last analysis, it is doubtful whether so small a minority would willingly ignore the wishes of the whole nation.

As for lengthening the presidential term and forbidding re-election, it deserves study.

## A NEW SAFETY MEASURE.

At the request of Director of Streets and Sewers Brooks, a bill has been introduced in the Board of Aldermen setting up new rules for the guidance of pedestrians and automobile drivers at intersections. The bill was prepared following a study which revealed that 82 per cent of traffic accidents involving pedestrians occur at intersections, and proposes to attack the malady at its focal point.

It would require automobiles and other vehicles making right or left hand turns to stop before reaching a crosswalk, if pedestrians are in the adjacent half of the walk, permitting them to proceed to safety. At such a crossing at Twelfth and Olive, for example, many near-accidents and much confusion occur by automobiles barging full tilt around a corner across the path of pedestrians. The green light gives both the right of way, but the laws of physics make it impossible for an automobile and a pedestrian to share the same spot at the same time. Director Brooks' bill would solve the problem in favor of the pedestrian. Whenever the green light flashes, he would be entitled to precedence.

On the other hand, the pedestrian would not be permitted to cross a street, at intersections equipped with automatic signals or traffic policemen, against the green light or without a sign from the policeman. Some years ago, an experimental ordinance was passed to control pedestrians, but they ignored it and, after a half-hearted attempt at enforcement, the traffic force followed suit, and the ordinance was permitted to die at the end of the experimental period. Director Brooks' bill is an improvement, in that it provides for the reciprocity of motorists.

If it is passed, St. Louis will follow the lead of London, Cleveland, Los Angeles, Tulsa and other cities, which have adopted traffic rules for pedestrians. As the automobile death toll mounts, every effort to grapple with the problem deserves consideration and co-operation.

A TERRIBLE HANG-OVER.

## TODAY and TOMORROW

By Walter Lippmann

## A Famous Victory

THE irreconcilables have won the great battle of Dec. 15. They demanded that the debtor governments pay or default, and their demand has been met. Some of the debtors have paid and some have defaulted. The United States Treasury has collected about \$100,000,000. This sum represents not quite 2½ cents on each dollar we are spending this year.

This magnificent result has been achieved at some cost. There is aligned against us the public sentiment of the world. In order to collect this \$100,000,000, we have weakened the position of the principal currency used in international trade; the most liberal Government on the continent of Europe has been overthrown; the nations on whose collaboration depend the peace and order of the Western world have been disunited. But we have collected \$100,000,000.

Now that the great achievement has been written into history, is it too much to ask that the administration and Congress rest from their labors and take time to reflect before writing more notes and before issuing more pronouncements? A situation of extreme delicacy, of great complexity and of profound uncertainty now exists throughout the world. The least that responsible men can do is to pause and try to understand this situation before proceeding further. We have seen in the past few weeks what mischief can result from unconsidered action. We have had the tactless and unconsidered action of the debtors in the manner employed in presenting their requests. We have had the tactless and unconsidered action of the administration and Congress in replying to them. We have had the tactless and unconsidered action of the debtors in the manner employed in presenting their requests. We have had the tactless and unconsidered action of the administration and Congress in replying to them. We have had the tactless and unconsidered action of the debtors in the manner employed in presenting their requests. We have had the tactless and unconsidered action of the administration and Congress in replying to them.

Let us have no more of notes and statements produced without careful examination of the facts and in a mood of irritation and prejudice. When popular sentiment everywhere is inflamed, the first duty of public men is to be exceptionally calm and deliberate, to restrain their own feelings and to avoid unprofitable debates.

Besides the \$100,000,000 just collected, we have received unmistakable notice that the last payments under the old settlements have been made. There is no doubt whatever about that. There is no doubt also that our Government is in honor committed to a review of the settlements before another payment comes due.

Let us make haste slowly in these new negotiations. They are plainly the joint responsibility of the President-elect, and, in accordance with the terms of Mr. Roosevelt's statements, consultation is in order before any actual negotiations are undertaken. There is no point in having Mr. Hoover start negotiations which Mr. Roosevelt must finish unless Mr. Roosevelt in some manner or other participates in them. These negotiations have been made ever so much more difficult by the manner in which December payments have been dealt with. We have a more irreconcilable temper confronting us abroad and, by acting without magnanimity in the small matter of the semi-annual payments, we have made it more difficult for European statesmen to make concessions in the final settlement.

Before any further progress can be made, a much better spirit will have to be created on both sides of the ocean. That will take time and much patience and a resolute determination on the part of responsible men to promote understanding among nations.

## Factory-Built Houses

M. E. Tracy in the New York World-Telegram.

Homes cannot be completely subordinated to rationalism without losing the atmosphere which makes it genuine and attractive. Take the fireplace, for instance, which wastes heat and is a nuisance to keep clean. You can go to the book and prove that it is uneconomical, but you can't convince most folks that they can't live without the privilege of sitting in front of it and dreaming over the embers.

Homes are probably the most important structures we build. They are places where character is formed and where social concepts take root. A new system of home purchase and home financing would do more good than a new system of producing the bare structure, particularly one which left little or no room for self-expression.

It is more important that people be themselves in the way they live than anything else. You just can't eliminate the family from society without inviting a dangerous condition, nor can it be preserved without a strong element of home ownership.

Capitalism is probably more dependent on home ownership for its maintenance than on any other factor. Home ownership cannot be put on the mass production basis without wrecking the very purpose it was designed to serve.

## For Unified National Defense

From the Portland (Me.) Evening News.

IT HAS been generally assumed that Gov. Roosevelt, because of former affiliations with the Navy Department, is not in sympathy with the proposal to consolidate the Army and Navy departments. It has been declared, in Congress and out, that such a consolidation would make possible an annual saving of from \$50,000,000 to \$100,000,000 and perhaps more.

The chief arguments against the creation of a single department of national defense are those of sentiment and of fear, expressed by both army and navy men, for the effectiveness of their respective services should the time-honored division of the military and naval branches be swept away.

It is apparent, however, that the total expenditures for war purposes on sea and land are out of proportion to the danger, and higher than the country has a right to these hard times to make. A nation that appropriates almost one-sixth of its total revenue for war purposes is aggravating its financial problems.

For this reason, it seems doubtful whether the United States can with the best grace in the world advance to its Continental debtors the argument that nations which can afford to pay such huge sums for military purposes can afford to pay instalments due to this country on account of the war debts. A writer in the Magazine of Wall Street points out that Great Britain paid for national defense in 1930-31 \$500,000,000, or 12.3 per cent of its total budget expenditures, as compared with \$100,000,000, or 19 per cent, in debt payments to the United States. France expended on armaments \$447,000,000, or 21.5 per cent of its total budget, as compared with debt payments to us of \$40,000,000, or 2.5 per cent; and Italy expended on armaments \$250,000,000, or 23 per cent of its total budget, as against \$4,600,000, or 1.5 per cent, in debt payments to us.

This is a sound argument, particularly when it is considered that President Hoover's proposal that all nations agree to decrease military expenditures by at least one-third was promptly and quietly ignored, and that the results of the disarmament conference have not yet been startling.

But it is a less sound argument when it is discovered that the United States itself, which has nothing of the difficulty that Continental countries have in propinquity and traditional international prejudice and even had feeling, itself is expending for the fiscal year, leaving out all such strictly non-military expenditures as those for river control and the Panama Canal, over \$634,000,000, which is more than 13 per cent of the total budget and considerably more in sum and in percentage than Great Britain, which has, in addition to activities nearer home, the control of a vast colonial empire.

It is easy to criticize a foreign country, easier, perhaps, than to criticize one's own. But however clear it seems to Americans critics that the ability to pay war debts is readily calculable from the ability to appropriate for national defense, it is no less clear that the United States, with no real problem of danger, is appropriating for expending for purely military purposes more money than any foreign nation.

Hence the argument, one argument, for a combined army and navy department of national defense gains strength. If such a consolidation of departments could produce the prodigious saving of \$100,000,000 without impairing efficiency, it would be to our best interests to make the consolidation. Then we could more righteously point-out to other nations that it is spending too much money for military purposes.

## 4 LEGISLATORS WOMEN VOTERS

League's Legislative Outlined to St. L. Representative

The program the League of Women Voters will sponsor next session of the State Legislature was outlined at a meeting yesterday at the Mark Hotel, attended by 14 of the elected State Representatives from St. Louis and the women of the various committees.

The legislators, who held duties at Jefferson, were told that the League had introduced the following measures: Ratification of the League's legislative program, or so-called "La amendment," to abolish session of Congress following in which defeated may continue to serve; Provision for some employment reserve or a short ballot law and permanent registration of voters and the most popular.

Creation of a bureau to study the administration of the State government with a view to reducing the Governor's expense for all executive departments.

Abolition of the system supporting the Bureau of Industrial Inspection by direct from employers and by inspection.

Provision for a nine-hour law for women. A law to set up an official system as authority constitutional amendments at the general election.

Provision for some employment reserve or a short ballot law and permanent registration of voters and the most popular.

Mrs. W. V. Weir, president of the League, presided at the meeting. The following representatives were present: Joseph Lawrence J. Fontana, District; C. E. Burton, District; Oliver E. J. Schieffelin, District; William P. Leach, District; Andrew Blom, District; James Burke, District; John Fifth District.

## PUBLIC MEETING ENTERTAINMENT

A mass meeting in connection with the fifth anniversary of the birth of Woodrow Wilson will be held at 8:30 o'clock tonight at the Mark Hotel, 1221 North Main street, under auspices of the League of Women Voters.

The League will present two one-act plays with a musical interlude at 8:30 o'clock. The plays will be "The League of Nations" and "The League of Nations."

## 14 LEGISLATORS HEAR WOMEN VOTERS' BILLS

League's Legislative Program Outlined to St. Louis Representatives.

The program the League of Women Voters will sponsor in the next session of the State Legislature was outlined at a luncheon yesterday at the Mark Twain Hotel, attended by 14 of the newly elected State Representatives from St. Louis and the women heading the various committees of the League.

The legislators, who will begin their duties at Jefferson City Jan. 4, were told that the women intend to have introduced or to advocate the following measures: Ratification of the Norris amendment, or so-called "Lame Duck" amendment, to abolish the short session of Congress following elections in which defeated members may continue to legislate; Change in State election law so that names of presidential electors shall not appear on the ballot, but in their place the names of party nominees for President and Vice President.

Creation of a commission of experts to study the administrative departments of the State Government with a view to reorganization to make the Governor directly responsible for all executive departments.

Creation of a bureau of budget and accounts under the Governor to put into effect the constitutional amendment adopted at the November election giving the Governor budgetary control over State finances.

Abolition of the system of supporting the Bureau of Labor and Industrial Inspection by fees collected from employers at the time of inspection. It was said this practice has virtually nullified the nine-hour law for women.

A law to set up an old age pension system as authorized by a constitutional amendment adopted at the general election.

Provision for some form of unemployment reserve or insurance. A short ballot law and a law for permanent registration in large cities and the most populous counties.

Mrs. W. V. Weir, president of the league presided at the luncheon. The following Representatives-elect were present: Joseph P. Eilers, Lawrence J. Fontana, Joseph P. Case and Lawrence P. Walsh, First District; C. R. Burton, David Hess and Oliver E. J. Schick, Second District; McMillan Lewis, David P. Lohr and Louis Miller, Third District; Andrew Blong, Harry J. Burke and James J. Carroll, Fourth District; John P. O'Reilly, Fifth District.

## PUBLIC MEETINGS AND ENTERTAINMENTS

A mass meeting in commemoration of the fiftieth birthday of Tom Mooney will be held at 8 o'clock tonight at Carpenter's Union Auditorium, 121 North Grand boulevard under auspices of the Father Tom Mooney Committee of St. Louis. Byrd Kelso of San Francisco is a personal representative of Mooney, and Martin A. Dillon, educational director of the Missouri Federation of Labor, will speak.

The Dramatic League of St. Louis will present two one-act plays in connection with a business meeting tonight at 8:30 o'clock at Hotel Bradley. The plays will be "Minnetonka" and "Minnikin" by Alfred Hrebomok, and "Minnetonka" by Lewis N. Parker.

"Picture of the Perfect Man," a biography by Dr. Snider, will be discussed at a meeting of the Denison J. Snider Association at Cabaret Branch Library tomorrow afternoon.

## SOCIAL ACTIVITIES

PRE-WEDDING parties complementing Miss Ann Chittenden Ferriss, daughter of Mr. and Mrs. Henry T. Ferriss, 18 Lenox place, and her fiancé, Joseph Sanford Harris, will begin Sunday night with a supper for the wedding party, to be given by Mrs. George W. Niedringhaus, 10 Westmoreland place, and her son, George W. Jr., at their home Monday night.

Miss Christine Jones and her brother, Herbert Jones, daughter and son of Mr. and Mrs. C. Norman Jones, 4638 Pershing avenue, will give a mixer tea, and later the guests will attend a dinner at which Miss Jane Bond and Miss Mary Coit Day will give jointly at the home of Miss Day's parents, Mr. and Mrs. Robert Coit Day, 5117 Westminster place. Each host and hostess is a member of the bridal party.

Tuesday night in terrace room of the Park Plaza five of the attendants, Miss Carolyn B. England, Miss Carolyn Conant, Benoit Tompkins, McMillan Lewis and Finley McElroy will entertain together at dinner for Miss Ferriss and Mr. Sanford. The table will be laid in the center of the ball room for about 26 guests, and later an orchestra will play for dancing from the balcony. Preceding the dinner, Miss Marjorie Capen and her fiancé, Torrey Foster, will entertain the wedding party informally at the Capen home, 4760 Westminster place.

The rehearsal will be held late the afternoon of Wednesday. Afterward Kent Ravenscroft, another usher, will be host at a dinner at the home of his parents, Mr. and Mrs. William Thornburg Ravenscroft, 635 Sinker boulevard.

The out-of-town guests and members of the wedding group will arrive over the week-end to participate in the pre-wedding festivities. Miss Carolyn Durand will be here from Lake Forest, and Miss Gertrude Ople has already come from New York. Franklin Ferriss will arrive from Yale and Kent Ravenscroft from the Harvard School of Business Administration. Harrison Harris, New York, will be here to serve his brother's best man, and Mrs. Donald Unger-Donaldson of Concord, N. H., mother of the bridegroom, and Mr. Unger-Donaldson will be the guests of Frank V. Hammar.

The wedding will take place Thursday afternoon at 5:30 o'clock at the Church of St. Michael and St. George, the Rev. Dr. Karl Morgan Block officiating, and a small reception will follow at the St. Louis Country Club.

Miss Frances Conant, debutante daughter of Mr. and Mrs. George K. Conant, 19 Portland place, will depart next week for Chicago to be the guest of Miss Lydia Swift, daughter of Mr. and Mrs. Alden H. Swift, and to attend Miss Swift's debut ball at the Casino Club. Miss Conant will remain for a week of the debut season.

The wedding of Miss Carolyn B. England, daughter of Mr. and Mrs. Daniel England, 175 Wendell avenue, Pittsfield, Mass., and James A. Singer, son of Mr. and Mrs. Adolph Singer, 49 Kingsbury place, took place at 6:30 o'clock last night in the living room of the England home. Rabbi Jonah Wise of New York officiated.

The bride was given in marriage by her father. She wore an ivory tulle gown, fashioned with a square neck and long tight fitting sleeves. The white tulle veil was caught to her hair with a cap adorned with orange blossoms and fell to the end of the long train. The bride carried white pansies and camellias.

Mrs. Alan Blau of Cleveland was her cousin's matron of honor and only attendant. She wore an evening gown of turquoise blue crepe and carried bronze colored pansies. Francis Singer of St. Louis, brother of the bridegroom, was best man. The ushers were Daniel England, Jr.

Among the Vassar students returning tomorrow for the holidays are: Miss Ann Oliver, daughter of Mr. and Mrs. Guy W. Oliver of Clayton road; Miss Marjorie McCarthy, daughter of Mr. and Mrs. Eugene R. McCarthy, 6481 Ellenwood avenue; Miss Betty Greenfield, daughter of Mr. and Mrs. Milton Greenfield, 5139 Westminster place and Miss Florence Steinberg, daughter of Mr. and Mrs. Mark Steinberg of the Watson road.

Mr. and Mrs. Greenfield's son, Milton Jr., a student at Harvard Law School, will also arrive tomorrow to visit his parents.

Mrs. Mansfield C. Bay, 6440 Cecil avenue, will issue invitations today for a luncheon to be given Friday, Dec. 30, at her home in honor of her daughter, Miss Betty. The guests will include a group of the school set home for the holidays.

Miss Louise Montagu Stinde, daughter of Mr. and Mrs. Eugene B. Stinde, 6379 Waterman avenue, will arrive tomorrow night from Milbrook, N. Y., where she is a senior at Miss Bennett's School, to spend the holidays with her parents.

Miss Jeanette Bell, daughter of Mr. and Mrs. Fred S. Bell, 6645 Waterman avenue, will arrive tomorrow afternoon from Milford, Conn., where she attended the Wesleyan School, to visit her parents for the holidays. She will be the guest of honor at a dance for about 30 guests Thursday, Dec. 29.

Mrs. Norris Gollan, who divides her time between St. Louis and the East, and who has recently been a guest at Hotel Chase, will Saturday from New York to spend the Christmas holidays in Bermuda.

## WILL VISIT HERE

MRS. PHILIP WAHMANN NESS.

WHO with Mr. Ness will arrive tomorrow from Baltimore, Md., for a holiday visit with her mother, Mrs. Frederick Humphrey Semple, 79 Arundel place. Before her marriage Mrs. Ness was Miss Anne Far-

and Benjamin W. England, brothers of the bride. An orchestra played during the ceremony and the reception following.

Mr. and Mrs. Singer are going to Bermuda for their wedding trip and upon their return will live at the Park Plaza.

The bride attended Miss Hall's School for Girls in Pittsfield and was graduated from the Bennett School at Milbrook, N. Y. She is a member of the Pittsfield Country Club. Mr. Singer was graduated from Harvard in 1927 and from Washington University Law School in 1930. He is now associated with the law firm of Lewis, Rice, Tucker, Allen & Chubb at St. Louis.

Mr. Singer and his brother, Francis, have been guests since Sunday of Mr. and Mrs. Daniel England, while Mr. and Mrs. Adolph Singer arrived Wednesday to be with Mr. and Mrs. Simon England, 186 Wendell avenue, for over the wedding. They gave a large dinner that night for the bridal party.

Miss Ada Winston of the Kingsway Hotel and Miss Eleanor Hough, 470 Lake avenue, will depart Thursday for Mackay, Tex., to visit Miss Hough's sister, Mrs. Borden, on her ranch. They will remain in the South until spring.

Mr. and Mrs. George Macdonald Parker, 6335 Waterman avenue, have changed the date of a mixed tea they were to have given late Sunday afternoon, to Christmas eve, because of conflicting dates. The party is planned in honor of Miss Isabelle Robert, daughter of Mr. and Mrs. Douglas W. Robert, and her fiancé, Robert Forsythe Young, whose marriage will take place Monday, Dec. 26.

Mr. and Mrs. Elias Bent McKinley of Brentmoor are giving a mixed tea Sunday from 4 to 7 o'clock.

Robert P. Turner Jr., a student at Princeton University, will arrive tomorrow to spend the holidays with his mother, Mrs. Theodore White, 5638 Clemens avenue. Mrs. Turner's daughter, Miss Harriet Turner, is in school at Lausanne, Switzerland.

Mr. and Mrs. Vaughan Scott, Evanston, Ill., and Mr. and Mrs. Frank L. Scott Jr., Detroit, Mich., will arrive Saturday, Dec. 24, to spend the holidays with Mr. and Mrs. Frank L. Scott Sr., 7156 Pershing avenue. The visitors are former St. Louisans.

Among the Vassar students returning tomorrow for the holidays are: Miss Ann Oliver, daughter of Mr. and Mrs. Guy W. Oliver of Clayton road; Miss Marjorie McCarthy, daughter of Mr. and Mrs. Eugene R. McCarthy, 6481 Ellenwood avenue; Miss Betty Greenfield, daughter of Mr. and Mrs. Milton Greenfield, 5139 Westminster place and Miss Florence Steinberg, daughter of Mr. and Mrs. Mark Steinberg of the Watson road.

Mr. and Mrs. Greenfield's son, Milton Jr., a student at Harvard Law School, will also arrive tomorrow to visit his parents.

Mrs. Mansfield C. Bay, 6440 Cecil avenue, will issue invitations today for a luncheon to be given Friday, Dec. 30, at her home in honor of her daughter, Miss Betty. The guests will include a group of the school set home for the holidays.

# Studies reveal *all these* dietetic essentials in PINEAPPLE-CANNED

**AIDS AGAINST ACIDOSIS**  
—Canned Pineapple helps to prevent acidosis by contributing to normal alkalinity of the blood.

**SUPPLIES IRON**  
—copper—manganese—needed to prevent nutritional anemia.

**PROTECTS TEETH AND BONES**  
—Calcium and phosphorus and Vitamin C—all required for strong healthy teeth and sturdy bones—are found in Canned Pineapple.

**SPEEDS DIGESTION**  
—Canned Pineapple is a definite aid to digestion in the stomach, when eaten before, during or after a meal.

**SUPPLIES VITAMINS A, B, C**  
—Canned Pineapple is a generous source of all three. Valuable for building up resistance to infections, for promoting growth.

**AND—** Canned Pineapple is known to act as an aid to kidney function, by stimulating the kidneys to eliminate waste products from the blood.

**PINEAPPLE**—the same luscious Canned Pineapple that never tires your taste. Recently it has been found to possess such a great number of dietetic values, that food authorities now say:

"Serve it every day"

No other fruit has ever been known to meet so many possible deficiencies in the diet. Start or end one meal today with two slices. Or a Pineapple Cup of crushed or tidbits.

Enjoy its golden goodness in fruit or gelatin

salads. In cakes, tarts, and pudding desserts. And broiled with meats... there are endless ways to serve Canned Pineapple.

And keep it up! If you miss your pineapple at breakfast, enjoy it with lunch or with dinner. It is the regular once-a-day serving, dieticians point out, that assures the best results.

Remember, though, to order Canned Pineapple. Temperatures applied in canning cause a beneficial change of dietic importance.

### SON INDICTED AFTER FIRE

#### IN FATHER'S APARTMENT

Accused of Arson After Oil-Heated Paper Is Found in Room in Which He Started.

An indictment charging arson was voted by the grand jury yesterday against Rubin Shapiro, 1119 Biddle street, as the result of a fire Sept. 4, in the apartment, 1188 Lexington avenue, owned by his father, Louis Shapiro, a tailor, 51 years old.

Rubin Shapiro has denied any knowledge of the cause of the conflagration. Police said he admitted he was at the apartment a short time before it caught fire. Firemen reported the fire followed an explosion and that they found bundles of partly burned, oil-soaked papers in the room in which it started.

The damage to the four-family apartment house is estimated at \$300 and to its contents at \$200. Police said there was an insurance policy for \$1500 on the contents and \$15,000 on the building.

### MAN FOUND SLAIN ON ROAD

#### NEAR MOORESVILLE, MO.

Shot Three Times and Apparently Thrown From Auto 70 Miles Northeast of Kansas City.

By the Associated Press.

CHILLICOTHE, Mo., Dec. 16.—The body of a man about 40 years old, bearing three bullet wounds, was found on U. S. Highway 36 near here yesterday. Apparently it had been thrown from an automobile.

The body was frozen when found. The initials "E. N." were on the clothing and a \$10 bill in a pocket. The victim was 5 feet, 8 inches tall and weighed 175 pounds. Chillicothe is about 80 miles northeast of Kansas City.

Sheriff Biehle of Livingston County telephoned St. Louis police today with a description of the body and asked for their aid in its identification. He said its frozen condition made taking of fingerprints impossible. The man was shot through the heart and twice in the head.

The man was of dark complexion, with brown hair streaked with gray. The body was clad in black trousers and silk underwear. There were no shoes, hat or coat. Other marks on the clothing were laundry numbers 822 and 1385.

### PARALYSIS FROM SAND CRABS

#### Investigators Find They Are Source of Poison, Not Yet Isolated.

By the Associated Press.

SAN FRANCISCO, Dec. 16.—Dr. Herman Sommer announced yesterday investigations conducted at the Hooper Research Laboratories of the University of California seem to have established that sand crabs in certain affected areas are a source of a poison causing paralysis. The poison itself has not been isolated. It previously was considered to be confined to clams and mussels.

Affected areas in this State have long been known and are under quarantine. Dr. Sommer said. The first symptoms of the poisoning are a tingling in the mouth, soon extending to the legs and accompanied by a growing numbness in the extremities. Paralysis may follow, and it is sometimes fatal.

## NORMAN H. DAVIS, ROVING DIPLOMAT, EN ROUTE HOME

### Bringing U. S. Latest Word on Disarmament, Economic Conference and Manchuria.

By the Associated Press.

NEW YORK, Dec. 16.—Norman H. Davis, America's "Ambassador-at-Large," sailed home today with information which may alter, at least will affect, this country's future course in the world's three greatest problems—disarmament, the economic situation, and the Manchuria issue.

At about the time he started his westward voyage from Le Havre, France, yesterday, the League of Nations Committee of 19 dispatched a resolution in the other direction which may have a vital bearing on future relations between the United States and Japan.

This resolution, sent to China and Japan for approval, was reported to include an invitation to the United States to sit in a conciliation commission to settle the Chinese-Japanese dispute over Manchuria. Japan already has declared opposition to the scheme but this may not swerve the League.

Although officially in Europe as America's disarmament representative, Davis attended the recent opening rounds of the Manchurian debate at Geneva and he is in a position, at least, to advise the United States on what its course should be.

### Single-Handed Achievements.

In dealing with the other two problems, this New York banker, who has been a prominent figure in all sorts of world conferences since President Wilson left the field, has given the U. S. an old saying that "America produces politicians, but Europe produces statesmen."

On this last three months' trip to Europe he succeeded, where Europe's vaunted statesmen failed, in effecting the only tangible strides toward disarmament. Almost single-handed, he brought Germany back into the arms conference—it had spurned British and French proposals—with a promise of "equal status" for the first time since the war. This, observers say, means inevitable reductions of other Powers' armaments since they agreed to its terms.

Davis further has indicated he will have an optimistic report to make to Washington on the chances of the Hoover one-third arms cut plan at the conference set for January.

Concerning the French war debt, Davis recently said "no question of money" ever will affect the friendship of France and the United States.

Lays Parley Ground Work.

If the world economic conference planned for London next spring proves a truly representative gathering and opens with a hopeful program, foreign Government leaders have agreed that it will be due to the preliminary work of Davis this fall.

Almost a stranger in his homeland because of his long absences abroad, Davis probably has had more influence on world affairs than any American, with the exception of his first sponsor, President Wilson. Dr. James T. Shotwell, an eminent international authority, has called him the greatest diplomat since Benjamin Franklin.

"There is a man who has a clear understanding of European affairs," Premier Herriot of France recently said, referring to Davis. Gone before the election, Davis is returning after much political speculation.

# **BODY OF AUTO ACCIDENT VICTIM RECOVERED IN QUARRY**

Thomas Lee Lost Life When Machine Rolled Into Pool

Wednesday Night.  
The body of Thomas Lee, who was drowned Wednesday night in a quarry pond at the foot of Koeln avenue, was recovered yesterday afternoon by firemen using grapping hooks after dynamite failed to bring it to the surface. Two charges of dynamite were dropped into the pond.

Lee, who lived in a box car in Carondelet, was a passenger in the automobile of Fred Musser, 4385 Gannett street, which rolled into the quarry as the driver backed up to swing into a path leading to Koeln avenue. Musser was rescued by George Wassmer, at whose shack near the brink of the quarry Lee and Musser had spent the evening. Lee, about 45 years old, was known to associates as a seaman. Musser's sedan was recovered from the pond yesterday morning.

# **SALES MANAGERS' OFFICERS**

New officers of the Sales Managers' Bureau of the Chamber of Commerce were installed today at a meeting at Hotel Jefferson. David Hensch, vice-president of the Berkowitz Envelope Co., was installed as president of the bureau to succeed W. O. Housam of the Southwestern Bell Telephone Co.

Other new officers are R. R. Klauke, first vice-president; H. J. Reinhardt, second vice-president; W. R. Skinner, treasurer. Ten new directors also were installed. All were elected to one year terms.

AND MORE**

Right now when you need it most, you can buy any kind of fur you want at a tremendous bargain. Our stock is the most complete and fashionable in St. Louis and the styles are more flattering than ever before.

These are about the finest fur coats made. The pelts are the best that can be had, and there's enough of them in one Leppert-Roos coat to make one-and-a-half ordinary coats. That's because only the best part of each pelt is used, and every coat is made with plenty of lap to keep you warm, and wide seams to keep the coat looking trim and new despite hard usage.

And remember, the cost of these world's fine fur coats, compared to former prices, is practically nothing.

**Buying Farm Produce at Door.**  
ST. JOE, Ark.—Many buyers with small trucks are invading the rural sections of this and adjoining counties and purchasing farm products at the door. Regularly trucks from Little Rock, Springfield and other centers are gathering up eggs, poultry, nuts, furs, hogs and sheep and transporting these back to their commission markets. It is estimated that nine-tenths of all poultry and poultry products produced in this section are now marketed and transported in this manner.

**LIFE INSURANCE FIRM'S LOANS TO OFFICERS SHOWN**

**Audit of Company Filed in Federal Court at Chicago Lists Hotel Stock in Assets.**

By the Associated Press.  
CHICAGO, Dec. 16.—A declaration that refinancing of the Illinois Life Insurance Co. would be impossible was made by Abel Davis, receiver, as an auditor's report on the concern was filed in Federal Court yesterday.

The auditor's report listed assets of \$36,786,000 over liabilities, but also asserted about \$13,000,000 of the balance consisted of stock in two Chicago hotels, both of which are in receivership.

The audit disclosed that loans totaling \$51,796 were made to the insurance company's officers shortly before the receivership. Among the borrowers, as listed, were J. W. Stevens, former chairman, \$20,000; R. W. Stevens, president, \$24,000; and \$44,229 to J. B. Stookey, secretary and treasurer.

Davis said that if the company had marketable securities instead of the hotel stock, "the receivership might have been avoided."

The receiver thinks solution of the problems of policyholders is in having their policies reinsured in another company. He said negotiations were under way for reinsurance.

The report showed assets of about \$39,000,000 and liabilities of \$13,000,000 in capital stock, \$32,500 in accounts payable and \$1,112,750 in loans from the Reconstruction Finance Corporation. In addition to the \$13,000,000 in hotel stock, the insurance company was said in the report to hold \$7,500,000 in mortgages described as "in trouble."

The Illinois Life has 70,000 policies outstanding, aggregating \$180,000,000. Policy holders have been advised to continue premium payments to protect their rights. Davis has promised to hold all premiums paid since the receivership in a special fund.

Davis' audit showed that the

affairs of the insurance company apparently were closely connected with those of the La Salle and Stevens hotels, both of which are in receivership.

E. J. Stevens, vice-president of the insurance company, president of the hotels and co-receiver of the latter since they went into receivership several months ago, was removed as receiver yesterday by order of Federal Judge Wilkerson.

Among the assets of the insurance company listed in the audit were credits totaling \$13,000,000 due from the hotels, part of it secured by notes and mortgages, but some of it unsecured except by promissory notes. Among the latter class,

the audit showed, was a \$800,000 unsecured note which the insurance company received in exchange for Liberty bonds on Dec. 3, 1931.

**Boy Injured by Auto.**  
Raymond Carter, 8 years old, was injured seriously yesterday when hit by an automobile while

standing beside his sled in the street in front of his home, 3867 A. Castleman avenue. The driver, Robert B. Meitin, an insurance agent, 5105 Mindell boulevard, took him to St. Anthony's Hospital, where physicians said he had suffered concussion of the brain and an injury to the spine.

**CHIVARON; BRONCO LEG.**  
By the Associated Press.  
TOMPKINS, Kan.—J. A. Morgan, salesman, stepped back in chivalrous manner to permit a woman to board a street car ahead of him. As he stepped, one foot slipped and he fell, fracturing a leg. Morgan left the corner in an ambulance.

**NEW TREATMENT FOR EXPECTANT AND NURSING MOTHERS**  
When a baby is expected, laxatives must not be used. Mother must not take them as long as she is carrying or nursing the little one. Doctors will tell you that laxative drugs taken by the mother are a danger to baby. It is a crime to risk your baby's health. That is why they so often advise Cream of Nujol. This new form of Nujol is especially suitable for expectant and nursing mothers because it does not upset the stomach or cause cramps and does not pass into the milk. If you are expecting a baby, take the new harmless Cream of Nujol treatment night and morning. It is kind to the delicate bowel membranes, and being free of drugs, it is safe for you and your child. Moreover, it is delicious and easy to take. At a cost of only a few cents a day it will make you "as regular as clock-work" and protect the health of your child. Buy it at any drug counter.

**FAVORS SUBSIDY FOR INDUSTRY IF FARMER GETS IT**  
Massachusetts Congressman Says He Will Urge It If Allotment Bill Passes.

WASHINGTON, Representative Charles L. Gifford (Rep.), of Massachusetts, said today that if any allotment bill favoring agricultural producers were filed with Congress, he would introduce a similar measure calling for the same form of assistance for industry. The allotment plan to which Gifford referred is a proposal whereby a fixed price for domestically consumed crops would be provided, based on anticipated domestic consumption and estimated cost of production. The proposal, as discussed at present, probably would apply to wheat, pork and cotton. In Gifford's proposed industrial allotment plan, he said, he would make it apply to manufacture of textiles, boots and shoes.

**WOMAN TEACHER ADMITS GETTING \$1600 BY FORGERY**  
Taken to Maricopa, O. Sheriff by Father to Whom She Gave Threatening Note.  
By the Associated Press.  
MARIETTA, O., Dec. 16.—Sheriff Gay Thorn said today, Miss Hilda Shaw, 27 years old, a school teacher of Newport had confessed she obtained \$1600 by cashing forged bank deposit certificates. Her father, William Shaw, took her to the Sheriff's office after she told him she had cashed \$720 worth of certificates. She said at first that she found them in her automobile with "mysterious instructions" ordering her to "obtain the money, leave it in the car, and then go to a movie." She left the money in the machine, according to her story, and found someone had taken it before she returned. The young woman then took a written warning to her father saying he would be killed and would lose his home if he told of his daughter's act. The father refused, however, to be intimidated. The Sheriff said, Miss Shaw finally admitted her story was false and that she had obtained \$1600 since last August. The Sheriff said she later turned over to him \$700 which she had hidden in her room. Miss Shaw was released on her own recognizance.

**MAYOR REQUESTS LIBRARIAN TO BAR COMMUNIST MEETINGS**  
Dr. Bostwick Replies Board Already Has Given "Serious Consideration" to Matter.  
Mayor Miller has written Dr. Arthur E. Bostwick, librarian of the Public Library requesting him to forbid Communist meetings in the libraries, and has received a reply that the Library Board already has given "serious consideration" to the matter and will meet Monday night to discuss it further. Dr. Bostwick objected last month to literature handed out at a recent meeting at the Library of the Unemployed Citizens' League, declaring it advocated revolution. Officers of the league disclaimed responsibility for its distribution, attributing it to Communists and charging that the unemployed council of St. Louis, a Communist organization, is "trying to get the public to believe we are connected with them."

**GROCERY SALESMAN GETS YEAR FOR EMBEZZLING \$81**  
W. E. Freeman, Employee of Tibbitts-Hewitt Co. for 11 Years, Pleads Guilty.  
William E. Freeman, 42-year-old wholesale grocery salesman, was sentenced to a year in the Workhouse by Circuit Judge O'Connell today on a plea of guilty of an \$81 embezzlement from his employers, the Tibbitts-Hewitt Grocery Co., 421 South Seventh street. Freeman, who lives at 4908 Gertrude avenue and had been employed by the concern 11 years, was charged with an irregularity in his firm's account with E. G. Hoppe, retail grocer at 2601-3 Dodder street. Bert N. Neuberger, president of the Tibbitts-Hewitt company, who made the original complaint, said Freeman's shortages in various accounts totaled \$2383. The salesman was bonded for \$2000.

**TWO FLYERS KILLED IN FALL INTO SAN FRANCISCO BAY**  
Army Plane Goes Into Dive When Pilots Are Practicing Blind Navigation.  
By the Associated Press.  
SAN FRANCISCO, Dec. 16.—Two army aviators plunged to death in San Francisco Bay late yesterday in a service airplane in which they were practicing blind flying. The flyers were Lieut. John J. (Laddie) Miller, Oakland reserve pilot, and Lieut. Donald W. Armstrong, regular army pilot, who was giving Miller instructions. Their bodies were recovered by Coast Guards. Witnesses said the plane, its cockpit hooded, went into a nose dive at a height of 1000 feet and plunged into the water near Angel Island.

**ILLINOIS RELIEF BONDS SOLD**  
By the Associated Press.  
CHICAGO, Dec. 16.—The Illinois Emergency Relief Commission yesterday announced sale of bonds having a premium value of \$20,000,000 to a syndicate of Chicago and New York banks. The bonds are to bear interest in 4% per cent and are to be issued to mature in from 10 to 20 years. The syndicate offered \$20,000,000 for the issue, or at the rate of \$1,000,000 per bond.

**THREE OF 4 BELLEVILLE MINES IN WAGE DISPUTE REOPEN**  
Progressive Union and Southern Co. Settle Controversy, 250 Returning to Work.  
A wage dispute between miners of the Progressive Union and the Southern Coal, Coke & Mining Co. which resulted in the suspension of work Wednesday at four mines operated by the company in the Belleville district, was settled yesterday.

S. L. Jones of Belleville, executive member of the Progressive Union, said it was agreed to continue suspension of work at the New Baden (Ill.) mine, where the company contends it cannot pay more than 25 cents a ton for loading. The Progressive scale is 30 cents. About 300 men were employed at the New Baden mine. Work was resumed today at the Avery, Little Oak and Muren mines at the 25-cent scale, where 360 men

**MARRIED ON A DARE, REPENTS**  
Mrs. H. E. Hahn, 17, Sues for Annulment.  
Mrs. Hope White Hahn, 17 years old, filed suit yesterday to annul her marriage to Henry E. Hahn, 19, alleging their elopement to Waterloo, Ill., last January was "in the spirit of fun on what is commonly known as a dare."

Both were students in St. Louis schools at the time. The petition states they kept the marriage secret for five months and never lived together. The young woman gave her age as 18 and Hahn his as 21 in getting the license, according to the petition. She is represented by Philip S. Alexander, attorney, as next friend in filing the suit. Hahn lives at 5200 Tamm avenue.

are employed. Officials of the Southern company could not be reached.

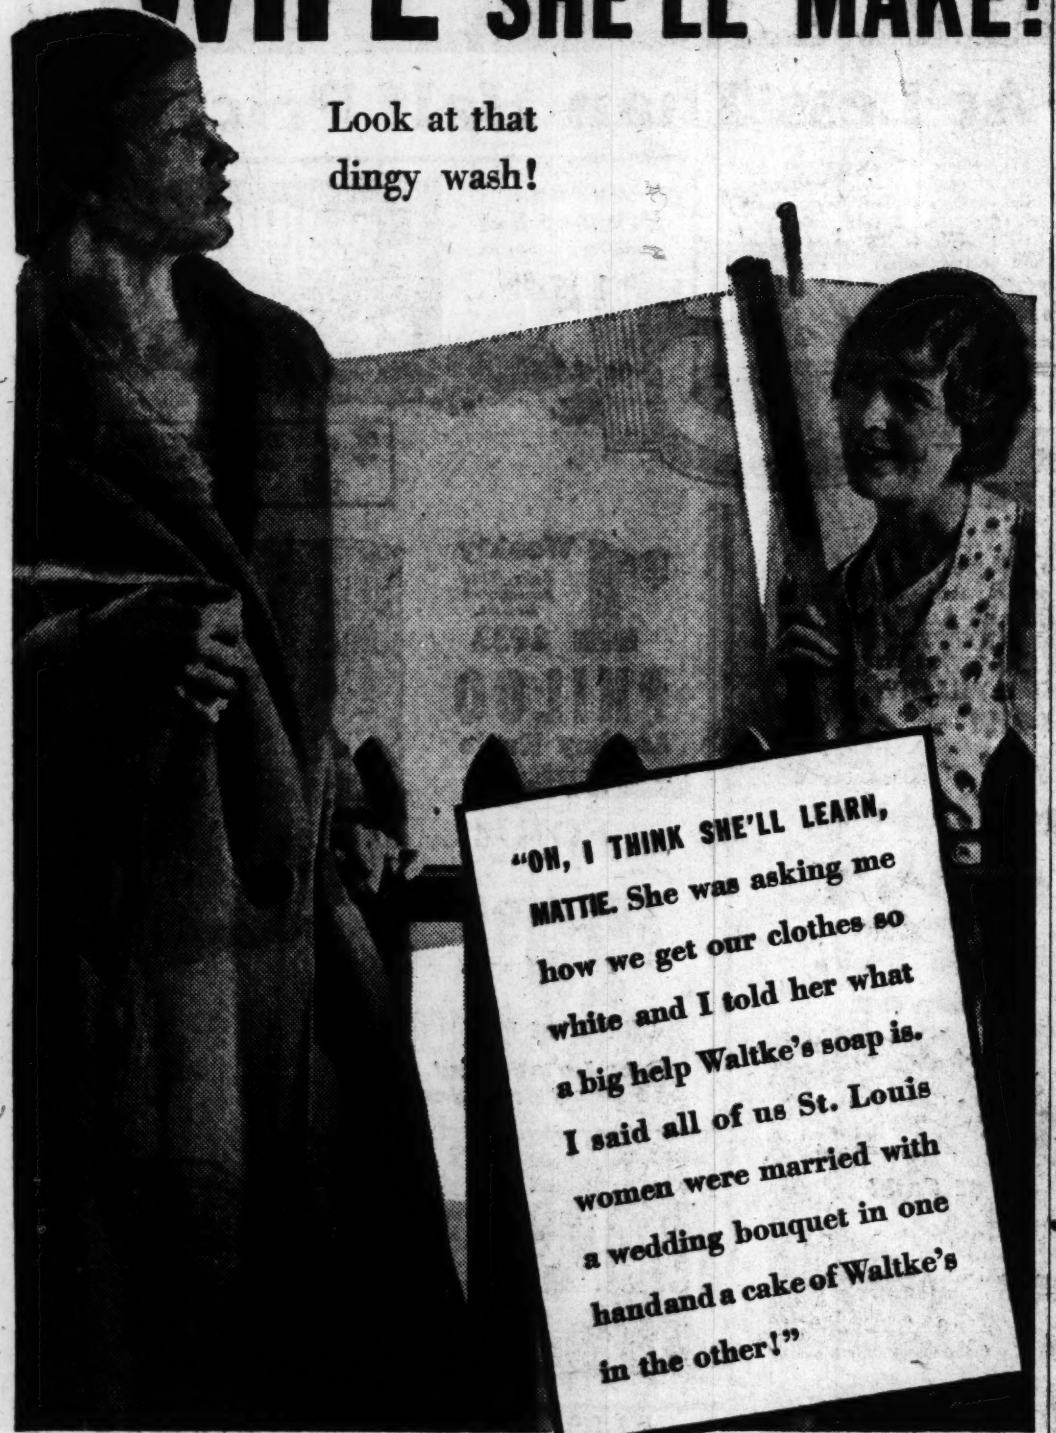

**YOUTH LOSES MOTHER'S \$400 SAVINGS IN PURSE SWINDLE**  
Negro Reports Two Men Worked Lost Pocketbook Trick on Him.  
A \$400 swindle was reported yesterday by Albert Evans, 16-year-old Negro, 2228A Morgan street, who said he had given that amount of his mother's savings to two men who offered to divide the contents of a lost pocketbook with him.

He said he saw them pick up the pocketbook at 2618 Franklin avenue and was told the pocketbook contained a \$100 bill and a bond worth \$200. The men offered to give him a one-third share, \$73.33, if he could put up \$400 as evidence of good faith. He hurried home, informed his mother, Mrs. Grace Evans, to withdraw the money

from a savings account and the men at Beaumont street restaurant, handed him a paper sack in which they said was a share and the \$400, and drove away in an automobile with a New York license. He looked in the sack and found it contained only strips of paper.

# A FINE MINISTER'S WIFE SHE'LL MAKE!

Look at that dingy wash!

"OH, I THINK SHE'LL LEARN, MATTIE. She was asking me how we get our clothes so white and I told her what a big help Waltke's soap is. I said all of us St. Louis women were married with a wedding bouquet in one hand and a cake of Waltke's in the other!"

You won't find good St. Louis housekeepers satisfied with "pretty clean" washes. They like their clothes to fairly sparkle with whiteness—and to smell fresh and sweet, too! Waltke's Extra Family Soap is the soap these women have been insisting on for the past twenty years and more. They're not interested in any soft, sticky imitations of Waltke's. They know Waltke's doesn't smear the clothes... that it's kind to clothes... that it takes the dirt quickly

and rinses out easily with less hard rubbing. You can identify Waltke's easily by the Blue Seal on every cake. The new big bar is a bargain—only 5c now. Two other sizes for laundry and dishwashing.

Prosecutor Frees Col. Miller.

NEWKIRK, Ok., Dec. 14.—Col. Zack Miller of the 101 Ranch was temporarily freed of assault charges yesterday because the Kay County prosecutor, Bruce Potter, thought his trial would be "foolish in the face of a certain pardon from Gov. Murray." Miller was charged with chasing two attorneys for a receiver from the ranch house with a shotgun during an auction sale. The attorneys, Neil A. Sullivan and R. O. Wilson, were not injured. Gov. Murray recently granted Miller a pardon after Judge Claude Duval sentenced him to jail for contempt of court in failure to pay temporary alimony to his estranged wife.

# R.F.C. AID FOR MISSOURI WILL CEASE IN MARCH

Governor-Elect Told State Will  
Have Had Time to Provide  
Own Finances.

By the Associated Press.  
KANSAS CITY, Mo., Dec. 16.—Complete responsibility for relief work in Missouri probably will be returned to the State by the Reconstruction Finance Corporation next March.

Rowland Haynes, R. F. C. director, in a conference here yesterday with Governor-elect Guy B. Park and Prof. Walter Burr, director of State unemployment relief under Gov. Caulfield, emphasized the need of State legislative action.

"Missouri received aid this fall because it could show that the State could do nothing immediately," Haynes said prior to the conference. "The Legislature was not in session, the budget was inadequate and winter was coming on. By March, conditions will have changed and I'm convinced the attitude of the R. F. C. will be that the Legislature has the power to levy taxes before expecting any more Federal aid. The board can be strict on this point."

He said that Missouri had received \$1,153,115 from the R. F. C. since September, of which about \$515,500 was spent up to Dec. 1. Applications for additional funds are being received by the board for January and February. Beyond that point, the board will consider no requests, Haynes said.

Burr reported that distress was most evident in communities of only one industry such as mining. He reported that unemployment relief funds are being spent in 44 communities of the State. Community leaders, appointed a year ago to Gov. Caulfield's Committee on Unemployment Relief, are administering the funds.

## FOUR KILLINGS IN KENTUCKY FEUD OUTBREAK DISCLOSED

Posse Arrests Four for Murders;  
Woman in House Slain by  
Shots From Hills.

By the Associated Press.  
MANCHESTER, Ky., Dec. 15.—At least four persons have been killed and four wounded in feud warfare during the last month in the remote double creek section of Clay County, it was learned yesterday when a posse arrested four men and sought a fifth.

The four held in here are charged with murder in connection with the killing of Ford Little, 23 years old, one of three slain Wednesday. Winnie Wagers, about 30, and Mrs. John Wagers were the others shot Wednesday.

Officers and civilians took the four into custody after traveling through the hills to the secluded double creek neighborhood. They found Jim Myers, Albert Myers and Joe Harris at the home of Jim Myers.

In the house were firearms. Several of the suspects ran out the back door when the posse entered, but surrendered when the officers identified themselves. The men at first feared the posse was formed of enemy clansmen.

John Myers was arrested later at his home, but Henry Harris, another for whom a murder warrant had been issued, was not found.

Little and Wagers were slain, authorities were told, when fired on from ambush while en route to the home of John Wagers to assist in funeral arrangements for Mrs. Wagers. Mrs. Wagers was killed as volley after volley of rifle shots was fired into her home by men hidden in the hills.

## EX-CONVICT WANTED HERE IN BURGLARY HELD IN DETROIT

Ray Stevens, a former convict, wanted here for burglary, automobile theft and jumping bond, is under arrest at Detroit. He has waived extradition, and will be brought back for trial.

Stevens was arrested last March 2 and identified by Mrs. W. H. Vaughan as the man she saw run out of her apartment at 2626 South Kingshighway after she and her husband discovered that a burglar had ransacked their home. Jewelry valued at \$950 and \$26 cash was stolen from the Vaughan home, and \$82 was taken from the apartment of Frank Sebastian, real estate dealer, in the same building.

The former convict was arrested in a Park avenue flat when police traced the license number of an automobile, in which the burglar fled to him. He was arrested again on Sept. 1 when he tried to sell a stolen automobile to a used car dealer. He was under bond on both charges, and the expense of bringing him back to St. Louis will be paid by the bondsman.

## U. S. ARTIST CLEARED IN PARIS Case Reopened After He Was Sentenced by Default.

PARIS, Dec. 16.—The attorney for John D. Butler of Seattle, Wash., an artist, announced today that Butler had been exonerated by a court which reopened the case wherein Butler had been sentenced by default several months ago on a charge of abuse of confidence.

The attorney said the civil proceedings had been settled amicably with Mrs. Marshall Rusk of Seattle, who had advanced money to Butler for establishing a restaurant on Montparnasse known as Butler's Pantry. Butler was in Greece in April when he was sentenced by default to two years' imprisonment and fined \$50,000. He learned of the action several days later and returned to Paris to reopen the case in accordance with French practice. On the second hearing all charges were dropped.

## CANNED PINEAPPLE

## JUICE FOR COCKTAIL

Delicious Alone or With Other Fruits for First Course.

Canned pineapple juice is one of the best things to have in the pantry, always ready to serve. Chilled, it is a good appetizer for dinner, or may be substituted for orange juice at breakfast. Poured over sliced oranges, grapefruit or bananas, or a combination of fruits, it makes a substantial dinner cocktail. It may also be heated for pudding sauce, or served either hot or cold in cream. Combined with chopped nuts, or chopped crystallized fruits, it makes a luscious sundae. Careful Process. The process evolved in canning pineapple juice has been perfected so that we now get a product free from any metallic flavor, due to scientifically stainless steel equipment. No other ingredients are added to the fresh fruit, resulting in juice pure and true in flavor. Short time in heating the juice and rapid sterilization are other factors in insuring the fine quality of canned pineapple juice.

## SUITABLE CUTS OF BEEF

## FOR GOOD POT ROAST

What cut of beef is good for a pot roast and what vegetables are best to use? asks one of our readers. Chuck, ribs, rounds or rump are suitable. Select a piece four to six pounds in weight. Wipe with a damp cloth. Rub meat with salt, pepper and flour. Brown on all sides in a heavy kettle, using three tablespoons of beef fat. Put a low rack under the meat; add one-half cup water, cover tightly and simmer about three hours. Turn the roast occasionally. When meat is done, remove from kettle, skim off excess fat from liquid and measure the remainder. For each cup of gravy desired, measure two tablespoons fat and return to the kettle; add one and one-half tablespoons flour and stir until well blended and slightly browned. Then add one cup of cold water and stir until smooth. Season gravy with salt, pepper and chopped parsley. Any of the following vegetables may be cooked in pot with roast: Carrots, celery, onions, potatoes, tomatoes, turnips. Add vegetables during the last hour of cooking meat.

## CANNED CHICKEN CROQUETTES

Two cups chopped canned chicken.  
One-half cup hot water.  
One-half cup cream or milk.  
Two eggs.  
One tablespoonful butter.  
One tablespoonful flour.  
A little mace, nutmeg, pepper and salt.  
Mix butter and flour together, and when milk and water have come to a boil, add them. Add chicken and let all simmer together 10 minutes, then add eggs well beaten. Leave on the back of stove for a few minutes, but do not allow it to simmer. Pour in a dish to cool and let stand two hours. When cool form into small rolls and roll in bread crumbs, then in egg, and again in bread crumbs. Cook in boiling lard.

## OATMEAL MUFFINS

One-half pint oatmeal.  
One-half pint graham flour.  
One-half pint wheat flour.  
One pint sweet milk.  
One teaspoonful sugar.  
One-half teaspoonful salt.  
Two teaspoonfuls baking powder.  
Three eggs.  
Sift together oatmeal, graham flour, wheat flour, one teaspoonful sugar, one-half teaspoonful salt, two teaspoonfuls baking powder; add well-beaten eggs and milk. Mix into a thin batter, then half fill well-greased muffin pans, and bake in hot oven 10 to 15 minutes.

## CHEESE STRAWS

Three ounces flour.  
Four ounces grated cheese.  
One-half tablespoonful salt.  
Dash of cayenne.  
One-fourth pound butter.  
Mix flour with grated cheese, add salt, cayenne and butter. Work to a smooth paste sufficiently stiff to roll; add a very little water, if necessary. Roll out in very thin strips and cut into straws, place on a greased tin and bake 10 minutes in a moderate oven. Parmesan cheese is very good for this.

## LUNCHEON SOUPS

One carrot, one onion, two large potatoes chopped fine. Boil all together until tender and put through a colander; then add pepper and salt to taste; add a good-sized piece of butter, and one quart of milk; let come to a boil and serve very hot.  
Boil one quart of canned tomatoes 15 minutes, strain, return juice to fire, add a pinch of soda; then add three-fourths quart hot milk, salt, pepper and a little butter. Simmer two minutes and pour over rolled crackers in each soup plate.

WE'LL HAVE APPLE ROLL-OVERS!

NOW LISTEN, AGES, WE'RE ALL GOING DOWN TO A LUNCH ROOM...

YOU'RE DOING NO SUCH THING! YOU GO TAKE YOUR HATS OFF. I'VE GOT A ROAST BIG ENOUGH FOR A REGIMENT.

MARGIE, THINK QUICK! WHAT'LL WE GIVE 'EM FOR DESSERT? ALL WE'VE GOT IS THAT APPLE SAUCE. ....

I KNOW, MOTHER! CALUMET APPLE ROLL-OVERS! I'LL MAKE 'EM IN A JIFFY.

WELL, IF LITTLE MARGIE WENT MAKING BISCUITS LET ME HELP YOU, CHILD!

I DON'T NEED A BIT OF HELP, MARGIE... THEY'RE EASY, BUT THERE AREN'T BISCUITS, REALLY... THEY START OFF THAT WAY BUT THEY END UP EVEN BETTER!

YOU OUGHT TO SEE ALL THE THINGS MARGIE MAKES OUT OF THAT MARVELOUS CALUMET BISCUIT. DOUGH, CURRANT BUNS, CHEESE BISCUITS, SHORTCAKE, MEAT PIE... WE'RE ALWAYS THINKING OF SOMETHING NEW AND EXCITING TO DO WITH IT!

WE HAVE THE BEST LUCK WITH THAT BISCUIT RECIPE! BUT FOR THAT MATTER, I NEVER KNEW ANYTHING MADE WITH CALUMET BAKING POWDER TO FAIL, DID YOU? THAT DOUBLE-ACTION, FIRST IN THE MIXING BOWL AND THEN IN THE OVEN, IS REGULAR BAKING INSURANCE... EVERYTHING ALWAYS COMES OUT PERFECT!

YOUR APPLE ROLL-OVERS ARE JUST MARVELOUS! MARGIE, SUCH A LOVELY BROWN CRUST! I GUESS YOUR OLD AUNTIE COULD LEARN SOMETHING FROM YOU! WILL YOU GIVE ME YOUR RECIPE?

I'D LOVE TO, MARGIE, BUT YOU MUST USE CALUMET IN IT, IF YOU WANT ROLL-OVERS LIKE THESE. IF YOU USE ANY OTHER BAKING POWDER, I WON'T LET YOU CALL IT MY RECIPE!

**APPLE ROLL-OVERS**  
1 cup sifted sugar  
Down Cake Flour  
1 teaspoon Calumet  
1 teaspoon baking powder  
1/4 teaspoon salt  
Mix sugar, eggs, oil, add baking powder, sugar and salt, and stir carefully until all flour is mixed all at once and stir vigorously until mixture is smooth. Then stir in Calumet and baking powder. Turn immediately onto lightly floured board and knead 10 seconds. Roll in inch thick, board and cut in 2 1/2 inch squares. Place on ungreased pan and bake with sugar and eggs on ungreased pan. Roll each strip loosely. Bake on ungreased pan. Bake in hot oven (400° F.) 15 minutes, or until done. Makes 8 roll-overs.

## RUTABAGA AND LAMB STEW

Two pounds lean raw lamb.  
Two tablespoons butter or other fat.  
One-half cup sliced onion.  
Three cups diced rutabaga.  
One green pepper chopped.  
One quart water.  
Shoulder, neck or flank of veal are good for this. Cut in small pieces and roll in flour. Melt but-

ter in frying pan, add onion, cook until it turns yellow, and add meat. When meat and onion have browned lightly, transfer them to a kettle, add the water, after first pouring it into the frying pan so as to get the full benefit of the browned fat. Cover, and simmer for one hour. Then add rutabaga, green pepper and seasonings and cook 30 minutes longer. If the stew is not thick enough, add a little flour blended with cold water.

## TEXAS POTATOES ARE FIRST OF NEW CROPS

French Endive Is a New Foreign Importation This Week.

New potatoes from Texas this week are the first of the season in the markets. The Florida pota-

toes, always choice, have not arrived as yet, but probably will be here in time for Christmas.  
The Texas potatoes were two pounds for 15c, at one market early this week, which set a low record in price for early potatoes.

A foreign importation also arriving this week, is French endive, a considerable amount coming from Belgium, despite the product bearing the name of another nation.

Florida strawberries, though considered in the luxury class, are not so high in price as usual at this time of the year.

## APPLE POPULARITY

The popularity of apples is possibly their greatest virtue from the nutrition standpoint, according to the Bureau of Home Economics of the United States Department of Agriculture. It is because we eat

so many, especially so many raw apples, that their food values are important.

They furnish a mild roughage, they contain vitamins A, B and C, especially in the portion just under the skin, and they have some carbohydrate and some mineral value—

not enough, however, to be so very important if we ate apples no often than we eat lemons, for example.

## Curry Powder.

One teaspoon of curry powder added a few minutes before the stew is taken off the stove will give it a fine flavor.

## Home Economics

## LET THE CHILDREN

## AID IN GALA PLANS

Many Little Tasks May Be Assigned Them During Vacation.

One good way of directing the boundless energy of youngsters during the Christmas vacation, which is sometimes a problem even to the most devoted parents, is to enlist their interest in preparations for special events of the week, and if they are to have a party of their own, let them plan the refreshments and entertainments.

Shelling the nuts and salting them, peeling the fruit for cocktails and salads, making simple canapés and stuffing dates and figs, are other jobs for them.

And, not least of all, is the fun of popping corn, and converting it into strings of colored decorations for the tree, or sugared balls.

## COFFEE LOAF

Cream three-fourths cup of butter with one and one-half cups of sugar and add the well-beaten yolks of three eggs. Sift together three cups flour, three teaspoons baking powder, one-half teaspoon salt, one and one-half teaspoons of cinnamon, one-half teaspoon of nutmeg, one-fourth teaspoon of cloves.

Take three-fourths cup of strong coffee and add this and one teaspoon of vanilla and fold in the well-beaten egg whites. Bake in a greased loaf pan for one hour in a moderate oven. Ice with vanilla frosting.

## SWEET POTATO BALLS

Two cups sliced sweet potatoes, one egg (beaten slightly), few grains pepper, one-half teaspoon salt, eight marshmallows, one-half cup corn flakes (rolled into crumbs).

Add egg, pepper and salt to sweet potatoes. Form in eight balls with marshmallows hidden inside. Roll in cereal crumbs and fry in deep fat (380 degrees Fahrenheit) until golden brown.

## CHOCOLATE ICE CREAM

Scald one pint of milk, and pour it over four egg yolks beaten well with one-half cup sugar to which are added two tablespoons flour and one-quarter teaspoon salt. Then add one and one-half squares of melted chocolate.

Cook in top of double boiler until thickened, cool, pour in freezing tray of refrigerator. After one hour, fold in one cup of whipping cream flavored with vanilla. Freeze one hour more.

## OYSTER LOAF

Cut a long loaf of bread into slices about two inches thick. Trim off the crust and make each piece square. Dig the crumbs out of the center of each piece, leaving sides and bottom like a box; that is, make a square box out of each slice of bread.

Brush each box over with melted butter and put in a quick oven until a light brown. Fill with creamed oysters and serve very hot.

Sausage in Apples.  
Core and pare four good cooking apples. Stuff centers with fresh pork sausage meat. Place in baking dish. Sprinkle with one-fourth cup sugar. Add one-fourth teaspoonful butter for each apple. Cover apples with one cup of water. Cover and bake until tender, basting frequently. Remove cover and finish baking. Serve hot.

Luncheon Eggs.  
Grease small ramekins or glass custard cups and place two tablespoonfuls thick tomato sauce in each. Break an egg in each dish, cover with grated cheese, season with salt and pepper, and bake in a very hot oven.

Lemon French Dressing.  
Mix one teaspoon salt, one-fourth teaspoon pepper, one-half teaspoon sugar, add two and one-half tablespoons lemon juice and one-half cup salad oil. Beat until smooth.

Baked Apples.  
To vary plain baked apples, fill the centers, before baking, with dried fruit, crushed pineapple, marmalade, jam or jelly, or use maple syrup, honey or brown sugar for sweetening.

Sweet Potato Cones.  
Mash freshly boiled sweet potatoes, adding a little milk, salt and pepper. Shape into cones, placed on a buttered pan, rub each cone lightly with butter, and bake five minutes.

Trays for Invalids.  
Never over-crowd food on a tray to be taken into sick room. Cover tray with clean napkin or tray cloth and serve food in dainty dishes. Put a flower or sprig of green on tray when possible.

Cornmeal Pancakes.  
Use one and one-half cups cornmeal and one cup flour instead of two cups flour in ordinary pancake recipe.

Mayonnaise.  
Chopped nuts, celery or hard-boiled eggs enrich mayonnaise and are particularly good with plain lettuce.

## SWEET POTATO PIE

One pint mashed sweet potato.  
One teaspoon sweet milk.  
Yolks of four eggs.  
One-half cup butter.  
One cup sugar.  
Cream sugar and butter together, mix with potatoes, flavor with nutmeg or cinnamon. Add beaten yolks and milk. Beat the whites to a stiff froth and stir in, pour in pie pan lined with crust and bake quickly.

## YEAL AND CHICKEN BOUILLON FROM AN OLD COOK BOOK

Take four pounds soup beef and bone, a knuckle of veal and one three-pound chicken. Cut chicken in pieces as if for stewing, and cut beef in pieces also. Put bones and meat in kettle, lay meat and chicken on them and cover with four quarts of cold water.

As water boils, remove all scum. After two hours' slow cooking, add

two onions, two carrots and one turnip, all sliced. Also add a few sprigs of parsley, two bay leaves, tops and root of one stalk of celery (reserving pieces for salad), three pepper corns and one tablespoon salt.

Boil one hour more, remove bones, meat and chicken, strain

bouillon through cloth. Let cool, skim off fat and clear bouillon by adding the shell and white of one egg and also one tablespoon of cold water for each quart of bouillon. Bring to a boil, then strain again. This will keep for some time and is very strengthening for convalescents.

## SAYS PERFECT LEMON PIE

is easy to make

Don't let lemon pie frighten you. Make it this way, says Mrs. Astaire, and it never fails. Take one package Lemon Kesto, 1/2 cup sugar and one pint water. Bring to a boil, and when partly cool, pour into a baked pie shell. When you taste this perfect filling, you'll have lemon pie lots oftener at your house!

COLORED TABLE LINEN  
OR GLASS FOR MOTHER

Attractive Designs and Delicate Shades in Both at Low Prices.

If mother's Christmas gift is a problem, why not give her some colored table linen and glassware, or both, for prices now are so cheap that a small outlay will supply some of each?

Luncheon linen sets in white with borders in gay colors, glassware in many tints, or linens in solid colors are shown in tempting profusion. Bridge Table Sets.

Especially attractive are the table sets in some shops when the borders in gay colors, glassware in harmonious or contrast obtrusively with the luncheon plates and other dishes, all in glass.

There are also being shown some foreign linens, hand-woven by natives in fascinating colored designs, many also priced very low.

Gifts like these offer opportunity for bridge luncheons in which linen and glass are supplemented by dainty food chosen to carry out the color scheme.

THRIFT PLUM PUDDING  
Two cups cooked carrots, mashed. One-quarter cup finely chopped suet. One-quarter cup sugar. Three-quarters teaspoon salt. Five crumbled rusks. One-half teaspoon cinnamon. One-quarter teaspoon cloves. Two eggs, beaten. One cup raisins and citron, chopped.

Two teaspoons baking powder. Mix ingredients in order given and pour into a greased mold. Steam one and one-half hours. Serve with whipped cream or hard sauce.

GINGERBREAD SQUARES

Two cups sifted cake flour, two teaspoons baking powder, one-fourth teaspoon soda, two teaspoons ginger, one teaspoon cinnamon, one-half teaspoon salt, one-half cup sugar, one egg, well beaten; two-thirds cup molasses, three-fourths cup sour milk, one-third cup butter or other shortening.

Sift flour once, measure, add baking powder, soda, spices and salt and sift together three times. Cream butter thoroughly, add sugar gradually and cream together until light and fluffy. Add egg and molasses; then flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Bake in shallow greased pan, in moderate oven, 50 minutes, or until done. Cut in squares and serve with whipped cream.

BEEF AND PORK LOAF

Two pounds ground beef. One pound ground pork. Two teaspoons salt. One-half teaspoon pepper. One onion, chopped fine. One raw egg. One cup bread crumbs. Mix meat, seasonings, onion and bread crumbs with beaten raw egg. Mold in a loaf pan. Add one cup of water and bake in a slow oven for 40 minutes. Serve hot or cold. If hot, make a gravy by adding flour and catsup to liquid in pan.

BEAN LOAF

Two cups cooked beans. One egg. One cup bread crumbs. Two teaspoons salt. One tablespoon finely chopped onion.

One-half cup tomato juice. Wash beans. Soak one cup beans over night in enough water to cover them. (They double in size while soaking). Cook until soft. Add beaten egg, bread crumbs, salt, chopped onion, milk or tomato juice. Shape into a loaf, place dots of butter on top of loaf. Bake 30 minutes.

Frozen Coffee Cream. Melt 20 marshmallows in one cup hot coffee, stir until smooth. Add a few grains of salt. When this is cool and has begun to thicken, fold in one cup of stiffly whipped cream. Pour into refrigerator tray and let it freeze without stirring.

Cheese Straws. Take one ounce each of butter, flour, bread crumbs and grated cheese with a dash of salt. Mix into smooth paste, roll one-fourth inch thick and cut in narrow strips. Bake in moderate oven until light brown.

Fruit Salad. If you are making fruit salad in rather large amount, you can save on the cost of fruit by making fruit-flavored gelatine first. Pour it to set in a shallow pan and cut in small cubes. Mix the cubes with the fresh fruit.

Rabbit Potpie. A rabbit potpie is good with plenty of gravy. Make a stew of the rabbit cut in pieces. Season gravy with a little poultry dressing. Put in baking dish and cover with biscuit dough. Bake in moderate oven until crust is done.

### MACARONI STUFFING FOR FEAST TURKEY

Rich Combination With Ground Meat, Onions and Cream.

If in search of a different stuffing for the Christmas turkey, why not try macaroni? Combined with ground meat and seasonings, it is delicious.

The macaroni must be prepared just right and directions follow the recipe:

**Macaroni Stuffing.**  
One pound macaroni.  
Three quarts boiling water.  
Two teaspoons salt.  
One-half cup chopped onion.  
Six tablespoons butter or olive oil.  
One and one-half pounds ground meat.

One-half cup chopped parsley.  
Two teaspoons salt.  
One-half teaspoon pepper.  
One teaspoon ground sage or poultry seasoning.  
One cup cream or evaporated milk.

Four well beaten eggs.  
Cook broken macaroni in boiling water to which salt has been added, for 12 minutes, or until tender. Drain, and rinse with cold water. Cook onion in hot oil or butter slowly for five minutes or until lightly browned. Add meat and parsley and continue cooking five minutes longer. Add to macaroni along with remaining ingredients and mix thoroughly.

**Macaroni Preparation.**  
1. Allow water to boil rapidly before adding macaroni. Drop in small amount of macaroni at a time. Do not cover with lid while cooking. Use a slow flame.

2. Do not use too much water or food values will be lost. Drain water off immediately after boiling.

3. Use salt water—approximately three-quarter teaspoon salt to every quart of water.

4. Avoid cooking too long. Seven to 12 minutes should be enough.

5. When macaroni is tender, drain through a colander, rinse and then drain again. This prevents the tubes from sticking together.

## COCONUT SLICES

Five cups sifted cake flour, three teaspoons baking powder, one-half teaspoon salt, three eggs, slightly beaten, one and one-half cups sugar, one and one-half cups melted butter or other shortening, four cups shredded coconut.

Sift flour once, measure, add baking powder and salt, and sift again. Combine remaining ingredients in order given. Add flour and mix well. Pack tightly in shallow pan, lined with waxed paper. Cover with waxed paper. Chill overnight or until firm enough to slice. Remove loaf from pan, cut in half, and slice crosswise in one-eighth inch slices. Bake on ungreased baking sheet hot oven eight to 10 minutes, until brown.

## WHEAT GRIDDLE CAKES

Two and one-half cups whole wheat flour.

Four teaspoons baking powder.

One teaspoon salt.

Two cups milk.

One egg.

Mix flour, baking powder and salt. Stir in milk and add well-beaten egg; mix thoroughly. Bake on a hot griddle.

## COLONIAL PICKLES

In an old letter, on file in an Eastern museum, Thomas Jefferson wrote to a friend:

"I know of nothing more comforting than a fine, spiced pickle, brought up trout-like from the sparkling depths of that aromatic jar below stairs in Aunt Sally's cellar."

## GOOD WITH POT ROAST

Four cups grated raw potatoes.

One-half cup suet, chopped fine.

One cup soured bread.

Squeeze out bread, mix with potatoes, salt and suet. Bake in a well greased pudding dish. Serve with pot roast or brisket of beef.

## Soup Meat.

When making soup with meat or bones, don't salt it until the meat is well cooked. Don't put the vegetables in with the meat or they will cook too long and too mushy.

## Deviled Meat Loaf.

Mix together one-half tablespoon Worcestershire sauce, one teaspoon anchovy paste, two teaspoons liquid mustard, dash of salt and pepper, one tablespoon mild vinegar, one teaspoon brown sugar and one teaspoon lemon juice. Heat and pour over meat loaf just before serving.

## Frog Legs in Milk.

Skin legs, wash, then put in cold milk for 30 minutes. Take out, season with salt and pepper, dip in flour and fry in deep hot fat until golden brown.

## Chops for Two.

Brown chops lightly in fat, take out. Add one slice of onion to fat, brown, then add two carrots, diced, salt, pepper and one cup hot water. Return chops to pan. Simmer slowly for two hours, adding more hot water if necessary. Thicken with flour when done.

## Fig Pudding.

Mix one-half pound figs cut in bits, one cup minced apples, one cup sugar, one cup bread crumbs, two beaten eggs, one teaspoon nutmeg, one cup chopped suet and a little flour. Pour in mold and steam four hours.

## Mashed Squash.

After cooking, add two tablespoons melted butter to two cups mashed squash, season with salt

and pepper. Add two beaten eggs and mix well. Put in buttered baking dish, sprinkle one-fourth cup grated cheese over squash and cover with a thin layer of bread crumbs. Bake about 25 minutes in moderate oven.

CHICKEN AND OYSTER CUTLETS  
FOR THE BRIDGE LUNCHEON

Chop half a pint of oysters fine. Soak two tablespoons cracker crumbs in the oyster liquid, then mix with chopped oysters and one cup of finely chopped cooked chicken.

Put one tablespoon butter in pan, melt and blend with one tablespoon flour. Add two eggs well beaten, stir, then add chicken and oyster mixture. Just heat, take from fire. Turn on platter to cool, and after an hour, mold in small cutlet form and roll in cracker crumbs.

Then dip in beaten egg, and in cracker crumbs again. Cook in deep boiling fat until a golden brown, and serve with white sauce seasoned with minced parsley.

"SO HAPPY THAT I  
TRIED ALL-BRAN"

Delicious Cereal Brought Relief From Constipation

If you have headaches, loss of appetite and energy, sleeplessness or any other of the frequent effects of constipation, read Mrs. Schneider's letter:

"Since I have been eating Kellogg's ALL-BRAN, I don't have to take anything else for constipation. How good it is, and how much better it is for constipation than pills or any other medicine."

"I would never go back to what I used to take, because Kellogg's ALL-BRAN is wholesome and healthful."

Mrs. John Schneider, 950 Tenth Street, Oakbrook, Wisconsin.

Constipation is usually due to lack of "bulk" to exercise the intestines, and vitamin B to help tone the intestinal tract. ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of pills and drugs—so often habit-forming. Two tablespoonfuls daily will overcome most types of constipation. If not relieved this way, see your doctor.

## RECIPES FOR THE WEEK

**Breaded Corned Beef.**  
Chill one can corned beef and slice thin. Spread generously with catsup. Dip in beaten egg, then in crumbs, and brown in frying pan in a small quantity of hot fat. Arrange on platter and garnish with pickles.

**Creole Pork Chops.**  
In a buttered baking dish place alternate layers of thinly sliced potatoes, using two cups, and one-fourth cup finely chopped onion. Over the potatoes and onions place six pork chops that have been sprinkled with salt and browned in a skillet. Over all pour one cup of canned tomatoes and half a cup of boiling water. Bake in hot oven about 45 minutes until the potatoes are tender and flavored richly with the pork and tomato. Add more hot water if necessary.

**Cinnamon Cookies.**  
Cream one-half cup of butter and three-fourths cup light brown sugar, and add one well-beaten egg. Sift together two cups of sifted flour, two teaspoons baking powder and one-fourth teaspoon of salt and add to the first mixture. On a lightly floured board make a roll of the dough about three inches in diameter. Wrap in waxed paper and let stand for several hours or over night in a cold place.

In the morning slice the wafer thin with a sharp knife and sprinkle with a mixture of one tablespoon of cinnamon and three tablespoons of granulated sugar; put a halved almond or pecan in the center of each cookie. Bake in a moderate oven for about 10 minutes or until lightly brown.

**Apple Custard Pie.**  
Peel, core, stew three large tart apples with just enough water to prevent burning, rub through a sieve, and add one-half cup sugar, salt and nutmeg or cinnamon to taste. Beat the yolks and whites of two eggs separately, add yolks to the milk, stir in the flavored apples, and fold into mixture stiffly beaten whites of the eggs. Line a deep pie plate with paste, pour in the filling and put strips of paste lattice-fashion over the top. Bake in a moderate oven about half an hour.

**Cranberry Pie.**  
Pick over and wash four cups cranberries. Put in a pan with one cup water and cook slowly for 10 minutes until berries are broken. Mix one and one-half cups sugar with one and one-half tablespoons cornstarch and stir into the fruit. Cook for two or three minutes and set aside to cool. Sift two and one-half cups flour with one teaspoon salt and one teaspoon baking powder. Rub in three-fourths cup of shortening and when well blended add ice water to make a stiff dough.

Roll out on a lightly floured board to a scant fourth-inch thickness and line a deep pie plate with it. Pinch the edges and fill with the cooled cranberry filling. Roll the remaining dough in a long strip about an eighth-inch thick and cut in inch-wide strips. Criss-cross these over the pie and bake in a hot oven for 15 minutes. Then reduce heat to a moderate temperature and bake for 20 minutes longer until well browned.

**Scalloped Shrimps.**  
Melt four tablespoons butter in pan, add four tablespoons flour, stir smooth. Add two cups milk, cook until thickened (stirring all the time). Add one-half teaspoon salt, dash of cayenne pepper and paprika, one-half teaspoon Worcestershire sauce, and one tablespoon minced parsley and two cups of cooked fresh shrimp cut in small pieces. Sprinkle buttered bread crumbs over top. Bake in buttered baking dish about 20 minutes in moderate oven. Cooked shrimp may be bought in the larger fish markets at 50 cents a quart, which will make this recipe and leave enough for shrimp cocktails for another meal.

**Roast Beef Pie.**  
Dissolve two bouillon cubes in four cups of hot water. Pour over two finely sliced onions and let stand one hour. Combine with three cups of diced roast beef, one teaspoon salt, three tablespoons flour and two very thinly sliced potatoes. Bake half an hour in moderate oven, then cover with biscuit dough one-half inch thick. Return to the oven. Increase heat and bake about 15 minutes more until crust is well done.

**PIQUANT GELATIN SALAD.**  
Two ripe bananas.  
Two small tender carrots.  
One-half cup chopped heart of celery.  
One package lemon flavored gelatin.  
One cup boiling water.  
Two tablespoons spiced sweet pickle.  
One-half cup mayonnaise.

Cut banana into cubes and shave carrots thin. Chop celery fine. Mix together and sprinkle with vinegar and salt. Dissolve gelatin in hot water and allow to cool. When it begins to thicken, stir in banana mixture. Pour into pan and let chill and harden. Unmold, cut in blocks. Serve on crisp lettuce leaves, garnished with mayonnaise.

**Cooked Dressing.**  
A small amount of gelatin added to a cooked dressing improves it and makes it stand up firm and hard (using about two teaspoonfuls gelatin to a pint of dressing). This may be turned into a mold and when firm unmolded and passed with the salad to be cut in slices.

# STOCKS EASY WITH STEEL PREFERRED ISSUE HEAVY

A Few Trickle of Selling Seep Through the Market but Losses Are Mostly Fractional.

**STOCK PRICE TREND.** Fri. Thurs. Advances 124 195 Declines 136 236 Unchanged 148 169 Total issues traded in 589 600

**By the Associated Press.** NEW YORK, Dec. 16.—A few trickles of selling seeped through the stock market today, but losses were mostly fractional. The list closed with an easy tone. Transfers aggregated 500,000 shares.

After holding fairly well through the morning, the list appeared to be dragged down around midday by heaviness of United States Steel preferred. The list held fairly well through the afternoon, however, and closed a little above the level. Oils and coppers eased somewhat.

United States Steel preferred lost a couple of points, but the common finished only a fraction lower. Losses of around a point appeared in Allied Chemical, Eastman, Anaconda and Standard of New Jersey, and fractional declines in American Telephone, Santa Fe, New York Central and Union Pacific. Tobacco stocks were steady to firm, and Canadian Pacific pushed up nearly a point. Chrysler, Pennsylvania and General Electric were about steady and Consolidated Gas rose 1/8.

Firmness of sterling again was a feature of foreign exchange. Sterling cables ruled about a cent higher at \$3.30. French francs were barely steady. Dutch, German, Belgian and Swiss currencies were a little higher. The Canadian dollar was up five-eighths of a cent to 87 1/2.

Wheat at Chicago was heavy being pulled down by weakness at Liverpool and Winnipeg. Closing prices were off one-half to 1 cent a bushel. Corn, however, was up one-quarter to one-half cent at the close, and cotton finished a shade higher.

As for the steel preferred dividend, directors are not slated to meet until the last Tuesday of January. The last two weeks in December are normally one of the duller periods of the year for steel makers.

Coppers paid little attention to a slightly firmer tone in the metal in the export market. Prices had recently slipped back to their record lows, following failure of the international conference of producers in New York.

The consolidated Federal Reserve Bank statement for the week ended Dec. 14 showed a reduction of \$3,000,000 in total reserve Bank credit. Discounts declined \$150,000. There was a decrease of \$5,000,000 in circulation and a gain of \$30,000,000 in member bank reserve balances and \$17,000,000 in monetary gold stock. Brokers' loans showed a nominal \$1,000,000 increase.

Closing price and net change of the 10 most active stocks today: United Aircraft, 26 1/2, no change; United States Steel, 30 1/2, -1/4; Aviation Corporation, 8 1/2, -1/4; Canadian Pacific, 14 1/2, -1/4; Montgomery Ward, 14 1/2, -1/4; Anaconda, 6 1/2, -1/4; J. I. Case, 42 1/2, -1/4; United Corporation, 9 1/2, -1/4; International Telephone & Telegraph, 7 1/2, -1/4.

**FOREIGN MARKETS AT A GLANCE**  
By the Associated Press.  
LONDON, Dec. 16.—Trading was idle on the London stock exchange, edged securities dropped, owing to lack of support, despite further improvement in sterling exchange. Transatlantic issues eased in absence of any pronounced advance in Wall street, while profit-taking caused recessions in oil shares and gold-mining issues. The closing was uncertain.

PARIS, Dec. 16.—The persistent firmness on the Paris bourse was attributed to the firmness of sterling exchange, better tendency of metal prices and also on the belief that the doors were not closed to new debt negotiations. Profit-taking moderated the upward trend, but offerings were easily absorbed. The closing was steady.

BERLIN, Dec. 16.—Prices on the bourse opened irregular and later dropped, closing weak.

**COMMODITY PRICE LEVEL**  
By the Associated Press.  
NEW YORK, Dec. 16.—Following is an index of the price level of 15 raw staples, the commodities closing among the most representative of the three large groups, foods, textiles and metals: Friday, 80.8 per cent. Thursday, 81.0 per cent. Month ago today, 87.1 per cent. High 1932, 103.9 per cent. Low 1922, 79.8 per cent. Index is computed on the basis of closing prices, Dec. 31, 1931, was taken as 100.

**Dry Goods Market.**  
NEW YORK, Dec. 16.—Cotton goods in the gray were steady Friday with trading light. Finished goods held in small lots. Raw cotton continued to ease, with demand for rayon cloths is holding up. Outlets for spring. Wool goods are quiet after the holidays. Knit goods are quiet.

## GET IN TO WARM THEMSELVES, MEN ROB TWO OIL STATIONS

Taken at Places on  
Clayton and Southwest  
Avenues, Apparently by  
Same Pair.

Attendants at two gasoline sta-  
tions were robbed last night by men  
who asked for permission to enter  
warm themselves. The descrip-  
tion of the robbers corresponded.  
Wade H. Rothwell, attendant at  
204 Clayton avenue, was robbed of  
\$76 and locked in the washroom by  
men who drew revolvers after  
he had admitted them to the sta-  
tion.

Two hours later, Walter Zuehl,  
attendant at 5943 Southwest ave-  
nue, was held up by a pair he ad-  
mitted. Both were armed and ro-  
bbed him of \$40.

Eugene Scheffels, manager of the  
Marion Motor Co., 2935 Locust  
avenue, and two other employees  
were held up by two armed men

who entered the office at 7:30 p. m.  
They were forced to lie on the floor  
and the robbers asked who could  
open the safe. All replied they did  
not know how. The robbers then  
took \$76 from the cash register, or-  
dered the employees into the base-  
ment and escaped.

Attendant Struck by Bobber.  
Carlyle Powell, an attendant, had  
closed a gasoline station at Kings-  
highway and Lillian avenue when  
two men, one with a revolver, hal-  
ted him. One struck Powell on the  
jaw with his fist and ordered him  
to unlock the door. The robbers  
looted the safe of \$70, \$25 of which  
was Powell's money.

As John Kling, attendant at 3420  
North Kingshighway, went to wait  
on two men who had driven up in  
an automobile, one man drew a re-  
volver and forced him back into  
the station. When Kling said he  
did not know how to open the safe,  
the robber took \$10 from the cash  
register and fled to the automobile.

A card showing that William  
Ginsburg, 1836 Hickory street, is a  
World War veteran, saved him \$8  
in a holdup on Eighteenth street,  
between Hickory and Rutger  
streets. Two men who had taken  
Ginsburg's purse, with \$18 in it, at  
the point of a revolver, discovered  
the card and asked if he was a vet-  
eran. When he said he was, one  
told him, "So are we, but we're  
both broke and need the dough. We  
won't take anything, though."

They returned \$8 and fled.

Calls for Help, Pair Flees.  
John A. Glaser, jeweler, 6413  
Michigan avenue, became suspi-  
cious when one man asked to look  
at wedding rings and another stood  
by the front door. "I can't show  
you the rings because I'm not the  
boss," he told the customer. "I'll  
go in the back room and get the  
boss." As he started to the rear,  
the man followed behind a counter.  
Glaser quickened his pace and ran  
out the rear door calling for help.  
The men fled from the shop with-  
out taking anything.

Eugene Neuhauf, manager of a  
Kroger chain grocery at 2145 La-  
fayette avenue, and Robert Lett-  
mann, a clerk, were putting Christ-  
mas trees in the store before clos-  
ing when two men, one with a re-  
volver, came up on the sidewalk  
and ordered them inside. Holding  
up the butcher, Edwin Seller, also  
the robbers asked where the money  
was. Neuhauf said it was in the  
safe which neither he nor the oth-  
ers knew how to open. The robbers  
drove them into the back room and  
fled without loot.

Miss Marie Guerrero, 3730 Lindell  
boulevard, was robbed of her purse,  
containing \$10 and a \$300 diamond  
ring, by a Negro purse-snatcher on  
Spring avenue near Olive street.

## KENTUCKY U. TO DECIDE GAMAGE CASE TOMORROW

LEXINGTON, Ky., Dec. 16.—The University of Kentucky Athletic Council will meet again Saturday to reach a decision on a demand by a group of students that Harry Gamage be released as head football coach.

The students, led by Clarence Yeager, presented their charges against Gamage at a council meeting yesterday, and in addition asked that John "Spinner" Campbell, former Alabama star, be released as backfield coach.

Yeager told the council Gamage was unpopular with the students and alumni, and that members of his team did not observe training rules. He did not ask that the council break the contract, but asked that money be raised to pay Gamage's salary for next year, the final year of the contract, and thus purchase his release.

Gamage, who has not commented on the move to oust him, waited outside the council room for a chance to be heard, but he was not summoned. He will be given an opportunity to answer the charges at Saturday's meeting.

The student group made no suggestions for a successor to Gamage, but asked that Ellis Johnson, star of this year's football team, be appointed to succeed Campbell as assistant coach. The students also recommended a general reduction in salaries of the coaching staff with the exception of that of Adolph Rupp, head basketball mentor.

## AMATEUR BOXING SHOW AT BARRACKS TONIGHT

Lloyd Cartwright, senior light heavyweight champion of the Mississippi Valley Amateur Association will meet Andy Barney in the main event of a 10-bout amateur boxing show at Jefferson Barracks tonight, the proceeds of which are to go to local charities.

Roy Green, corps area welterweight champion, meets Al Brenot, Jefferson A. C. in another feature. Art Craig, Jefferson A. C. coach, has promised to have at least a dozen other boys on hand to fill out the preliminary card.

## Former Pitcher Is Dead.

PITTSBURGH, Dec. 16.—William R. Bishop, veteran baseball pitcher who was the mound mainstay of the Pittsburgh Pirates in 1887, when the club entered the National League, died yesterday.

## GIRLS' BASKET LEAGUE STARTS SEASON TONIGHT

The same Bachelor team that lost only one game last year while winning the city championship will take the floor tonight as the Greater St. Louis Girls' Basketball Association opens its fifth season at Battery A, Grand boulevard and Hickory street. The charges of Coach Mary Mullen will be pitted against the untitled Belleville Turner quint, a new entry in the league. The contest starts at 8 o'clock.

The feature game, at 9, will involve the Crystal City quint, runners-up for the title last year, and the Aquinas Club, one of the speediest young teams in this vicinity. Coach, has been named referee of the opening night's doubleheader.

While Leah Nolan and Catherine Ducker failed to join the Bachelors for practice until two weeks ago, they will start in the game. Seven capable reserves, most of the former members of the Red Birds of the Juny League, will be ready to replace the regulars at various intervals during the contest.

Most of the Belleville players, including Viola Walther and Marguerite Gamlin, have been seen in the Greater St. Louis League with other clubs. Coach Al Pezoli, now in charge of the Aquinas five, plans no changes in the lineup that made such a fine showing last season. He has added but one player to the team in the form of the Peetz and Springfield, Ill., Elks, will probably jump center.

## BOWLING NOTES

The Hermann Undertakers won the Washington alleys easy last night and threw enough strikes to make a total of 3254 on games of 1008, 1074 and 1174 to win three games from the White Sox team in the A. B. C. Scratch league. The Witters were not far behind the Hermanns, scoring 3108 on counts of 926, 1081 and 1131.

Jack Otto, Stein Jr. continued their smashing attack on the pins, Lowell tossing in 726 and Stein Jr. 724. Jackson had games of 248, 241 and 237 and Stein 204, 255 and 255. Roy Holmes scored 660, with a high game of 255; Hank Summers 647 and Sam Garofalo 627.

The Wooster Lamberts scored 204 to take the odd game from the Gus Krona with Dave Knapp getting 663 and Roy Nelson 657. Fred Taff 638, Harry Welsh 629 and Jack Woods 613 topped the Krona 507 total.

Although they outscored the Schmitts, the Guthrie Alexanders dropped the decision, 2 to 1. The Alexanders rolled 2997 with "Windy" Clark scoring a three-game total of 673 which included a high single count of 273. Ebeling's riding failed to get Ben Cohen riled and the Alexander anchorman scored 627.

Roy Nelson is still wondering how Bob Webb can get a hook on my alley when he can't get a bend of his ball on No. 8 at the Washington alleys.

The Century Recreation's fifth annual four-game individual sweepstakes is scheduled to be held Jan. 7 and 8 with squads bowling at 8 and 10 p. m. the first night and 2, 4, 8 and 10 the following day. Entry fee is \$3, including bowling. In addition to place prizes, squad prizes will be awarded. The Century sweepstakes will conflict with the five-man sweepstakes at the Florida alleys which is carded for the same days.

Fred Johnston had his hook under control long enough to get a 673 total in the Major handicap league at the Arway alleys but had to divide high honors with Barney Dierkes, who also hit 673. Johnston's team, the Liberty Bell, gained a three-game victory over Dierkes' Dills.

Hugo Skaer started to go places in the German House handicap league last night but after getting a 245 start, he lost control and finished with 148 and 188. Skaer's South Sides won two games from the Manhattan. Landmann scored 690 and Ellerman 605 but the Neels dropped two games to the Silver Seals. The Phil Steinmetz team won two from the Wegmans and the Yowells took two from the Mullers in the other matches.

J. Kreyman, who topped the pins for a 999 count in Virginia Scratch league Wednesday night, established a new low in the Heidelberg Scratch league last night when he finished the evening's play with a 296 total. Kreyman failed to get his hook under control in the three games but John Spielman did and as a result, Spielman led the individuals with a 695 series which, coupled with Kreyman's 924 helped the Hellrungs win two games from the Waysides. The Hoffmeisters scored 234 to win two out of three from the Neels with Leps counting 625 and Leitch 624. Bill Ludwig's hook ball connected for a 631 total which was high for the Neels. In the other matches, the Panks won two from the Heideles and the Silver Seals took three from the Virginians.

## Noria's Roy Victor In All-Age Stake

PINEHURST, N. C., Dec. 16.—Noria's Roy, white and liver colored pointer, owned by W. C. Teagle of New York, handled by Prather Robinson of Haynesville, Ala., won the all-age stake of the Pointer Club of America's bird dog trials which were decided here yesterday. Behind him in the race were 40

dogs composed of the best field trial pointers in America. It was a record-breaking entry for the season, but Noria's Roy stood out above the lot and won easily.

Second to him was Schofield, white and lemon colored pointer owned by Capt. Ambrose Gaines of Knoxville, Tenn., while third went to Muscicola Shoals Garry, also a white and lemon pointer, owned by T. Carey Bailey of Baltimore, Md. After the first place winner, the other dogs had a battle royal for second and third honors, School-

Cowell, secretary-treasurer of the American Football Coaches' Association, yesterday announced that the dates of the annual meeting had been changed from Dec. 28-29 to Dec. 27-28.

**BOSS! OH, BOSS!!**  
here's your story about Bread

"In the next advertisement," said our Boss, looking at us sternly, "you ought to write about something essential... like bread."  
"Yes, Sir," we said dutifully, "we'll go down to the bakery right away." We went sadly, however, because we'd wanted to write about a pie with meringue on it and not about bread. But when we got to the baker's domain we found him laying out fragrant *Whole Wheat* loaves of golden brown. And our gloom lifted and we took a loaf, cut off the crunchy, nut-brown crust, spread it with butter... and ate. And by and by we said, "Baker, tell us the secret of this paragon of breads. We're going to write a story about it."

"Ah, the secret!" the baker said, "it's just this... you take old-fashioned whole-wheat flour—100% whole-wheat flour—good milk, good shortening, good yeast, and make a dough. Then you let it rise, knead it, cut it in loaves for the pans, bake it. And that's all."  
"That may be all," we said, as we spread another slice, "but it sounds too simple to be true." Later, however, we remembered the Boss once said, "If we've succeeded, it's because we've never skimped quality and never skimped care." And we guess he summed up in that the whole Statler secret of winning the regard of a guest or making a loaf of bread.

## CHAPTER SEVENTEEN.

LENI slipped her coffee, put it down on the tray and looked up to see the dark-eyed and excited face of Celeste.

"Madame—they have come!" said Celeste, her voice trembling like the leaves of a tree. "The studio business manager and your director, Herman Gerstenfeld himself!"

The dreaminess left Leni's eyes and they lit up like stars with surprise. Herman Gerstenfeld—down off his pedestal.

The picture must have been a far greater success than they had all hoped!

Gerstenfeld, frail, over-worked, trusting no one and, apparently, glacial to all humanity. In all Hollywood his name carried the most magic. Already, though less than 40 years old, he was a legend—the ace director of the greatest motion picture company in the world.

That he had called this morning upon Leni meant more in the way of success than the combined plaudits of every newspaper critic in America.

Leni began climbing out of bed.

"Tell them I'll be right down!" she said hastily to Celeste.

Ned Wingate, the studio manager, was an old friend without the aura of prestige surrounding Gerstenfeld. Even though Leni knew that from now on she was utterly independent there was still enough of the child in her to feel excited and fearful in the presence of the Napoleonic wisp of a man with the best brain in the whole industry.

Tradition and public acclaim had enshrined Gerstenfeld as a demigod. He made and unmade careers. He had directed her last two pictures—had molded her as a sculptor molds clay.

What she could not know, of course, was that Herman Gerstenfeld was more of a slave than she—or anyone else—could possibly be. And now it was going to be her unpleasant duty to tell him that she was through with him, the movies, with ambition, career and fame. In a way, she was going to let him down.

LENI was active with imagination. She knew she was going to pit her brain and will against a stronger mental force than any she had ever contacted in her life.

Herman Gerstenfeld was not a flesh and blood body—he was a mental force vibrating, shattering, building, winning.

Both men, when Leni came into the room, rose to their feet at once. Gerstenfeld as though it were a physical effort came up slowly—a medium-sized man with narrow shoulders and a face utterly unimpressive, except for the eyes.

"Good morning, darling," said Wingate with light affection. "Just out of bed, eh? Well, it was a great night!"

He laughed with an ease of manner and took hold of her hand. Leni had always liked Wingate. She had the pleasant feeling of knowing that he admired her work and this always stimulated her. Wingate—sparse and middle-aged and with the wide, loose mouth of a clown, led her up to Gerstenfeld.

"The best bet in pictures today, Herman!" he said.

Herman Gerstenfeld's face expressed an indifference which was very far from feeling. With his aloof and cold manner he usually got what he wanted in a business discussion. He had brought Wingate along as a softening influence upon Leni.

"Time will tell how good Miss Lunaska is," said Gerstenfeld, without enthusiasm.

He sank back into his chair and Wingate took a fountain pen from his pocket and put it on a table beside a legal-looking document with a blue cover which he had, apparently, been reading before Leni came in. He started to speak and then checked himself. After all, Wingate was the figurehead, Gerstenfeld the real power.

In the vast mechanism of studio organization, Wingate was merely a competent and useful instrument. The insignificant looking Gerstenfeld could control him by pushing a button.

"I feel very flattered that both you gentlemen called," said Leni. "Would you like to stay for lunch with me?"

Wingate watched her with admiration, his eyes keenly appreciative of the attractive picture she presented.

Her small feet were in green silk mules. Above these were pajama trousers of thick and heavy yellow silk. Her jacket was cloth of gold wrapped across the perfection of her breast and tied on one slender hip with two green ribbons. Her golden hair was loosely dressed, an aureate shimmer of light.

SHE looked fragile yet elastic and full of the kind of energy that the celluloid could pick up and reproduce as gorgeous vitality. Gerstenfeld decided mentally that he would photograph her in the next picture in the identical costume she was now wearing.

"We've had lunch, thank you," said Gerstenfeld. "Let's get down to business. How do you feel we treated you on the matter of your contract in the past?"

"I've no complaint whatever," said Leni, grudgingly. "I should think so. We're already paying you more money than you ever dreamed of."

"Leni's been lucky," added Wingate softly.

Leni sank down and crossed the silken folds of her pajama-clad leg. This Leni, with her charm capable of dazzling millions from the

## SYNOPSIS.

At the premiere of her latest motion picture, beautiful Leni Lunaska, the star, is embarrassed by the appearance of her husband, Karl Kruger, whom she married in Vienna, when just a child. Years of brutality and unhappiness followed. Finally Kruger was put in prison and Leni came to America where, after a long struggle, she reached stardom in motion pictures. Kruger now seeks recognition as her husband and waits in a private office of the theater for her to reconsider her refusal. Meanwhile, thieves are robbing the safe in the next office. Lucky Cavanaugh, who met the star that evening and fell in love with her on sight, orders Kruger to leave. A fight ensues. Falling in an attempt to shoot Cavanaugh, Kruger rushes into the next office. The burglars, surprised, kill him. Detective Tom Mulrooney suspects Cavanaugh but, when the latter denies the crime, gives him four days in which to find the murderer among his underworld friends. Cavanaugh is warned by "Slug," one of the robbers, that the gunmen fear he will squeal and so "have you on the spot." At Leni's home, Lucky receives a phone call from a woman named Annette, who threatens him. Cavanaugh proposes to Leni. Steve Poletski, Kruger's murderer, is lying in ambush, across the alley from Cavanaugh's home, ready to shoot him, as Cavanaugh returns home to find Annette in his apartment. Poletski kills Annette by mistake. . . . Next morning, Leni is swamped with congratulatory messages on the premiere. Her success is assured, but more important to her than that is Cavanaugh's love for her. Herman Gerstenfeld, noted director, calls.

screen, was to these men apparently nothing more than a business opponent. They were here, she knew, to have her sign a new contract. Yet Hollywood does not do business in a forthright manner—it has to be a game of chess.

"The studio has treated me marvelously well," said Leni. Her voice was smooth, sweet like honey. "I've been lucky, indeed, and it's quite true that I am making more money now than I ever dreamed of. But we've all done well together, haven't we? I understand that my pictures have been very profitable for the studio. I mean if I should quit now, we'd all be ahead of the game, wouldn't we?"

Wingate's large and loose clown's mouth smiled tolerantly.

"Until your last picture you had other stars of proven drawing powers with you, darling, and we gave you a great story for your last picture, too. If I may say so, the direction counted for a great deal."

"Indeed yes—the direction was superb, Ned," said Leni quickly. "Mr. Gerstenfeld was inspired."

This kind of talk made Gerstenfeld uncomfortable. His eyes were burning like smoky torches and for the fourth time in the last 15 minutes he looked at the watch strapped to his wrist.

"Let's cut out tossing the flowers and come back to earth," he said flatly. "The box office will tell how good or bad either of you are. Under your old contract, Miss Lunaska, you have still a year to run with us at your present salary. In this business we've got to gamble on you. We've prepared a five-year contract with the customary options. You're getting a healthy salary now, but we're going to double it. To speak plainly, I think the company is far too generous. Nevertheless, I've brought the contract with me and we're here to sign it."

WINGATE was rubbing his hands together and smiling loosely at Leni.

"The luckiest girl in pictures!" he said entranced.

"I'll say so!" retorted Gerstenfeld.

Gerstenfeld's eyes were fixed upon her with what amounted almost to hypnotic intensity. There was a persuasiveness about the man, a crude dynamic force that beat

against her as definitely yet as invisibly as a steady wind.

He got up out of his chair suddenly as though he loathed the softness of the cushions.

Leni neither liked nor disliked him, but her intelligence told her that the motion picture industry had not produced another man of equal strength. After a few minutes under his spell, one ceased to regard him as a physical man and sensed him only as some mysterious electrical concentration of will-power.

He was neither honest nor dishonest—merely, he got what he wanted.

It was not easy for her to cross purposes with him. Yet out of her heart flowed a protective force that gathered around her like a delightful cloud.

"I'm so terribly sorry for your sake, Mr. Gerstenfeld," said Leni. "No one could help wanting to do whatever you say. Still, I'm not going to sign your contract. I'm through with pictures forever."

"Are you insane or are you bluffing?" asked Gerstenfeld, cold as ice.

"Neither," said Leni. "I happen to be in love."

"I knew it was one or the other," Gerstenfeld said, a shade of relief in his voice. "You're insane!"

The singing sensation in Leni's heart became acutely pleasant.

"What did it matter if Gerstenfeld called her insane? Poor man—what could he, with his contracted heart and his rigid will-power, know of love?"

Wingate was all for making a joke of Leni's desertion of the pictures. He picked up her hand and planted a lingering kiss upon it.

"Love is necessary to a career," he said gaily. "I've been in love myself 14 times in the last two years—but I've never wanted to quit my job on account of it."

"Nevertheless, gentlemen, I am leaving the pictures," affirmed Leni with a quiet smile more convincing than if she had pounded the table.

At this there was a moment of silence. Gerstenfeld, all eyes, tried to capture her gaze, but Leni was looking at Ned Wingate, who reluctantly released her hand.

A Homey Atmosphere.

Even if the family is spending the evening upstairs, it is nice to have one or two lights burning downstairs. They may be of very small voltage but they give a home-like touch to the passersby.

# A STUDY IN MODERN HOME INTERIORS

Furniture Arrangement and Taste in Settings

OF importance to the home-makers of St. Louis is the opening of an art gallery of modern interiors by a downtown furniture company. The exhibit consists of 30 architecturally designed and beautifully furnished rooms, a few of which are shown in the photographs above.

The exhibition has been installed for the furniture company under the direction of Ernest R. Cooper, internationally known interior decorator, designer and architect, and I. Stuart Clingman, one of the foremost designers of furniture of modern times, and Robert W. Irwin, furniture manufacturer. The rooms are known as The Irwin Rooms.

Living rooms, dining rooms, and bedrooms are presented in many styles and sizes, but though the character and grace of the old masters of furniture are present, it has been adapted to present day needs and has been scaled down to fit the dimensions of the modern home and apartment.

The collection has been brought to St. Louis for its great educational value. This is the first time that such a large number of rooms has been displayed anywhere in the country. It is expected that a great many clubs and domestic science and art classes will take advantage of the opportunity for studying good furniture and the individually correct background that the rooms afford.

The Irwin Rooms offer the home owner an unparalleled opportunity to acquire a new appreciation of the importance of interior decorating and inspiration and new ideas in beautiful living rooms.

The Washington Room done in commemoration of the Washington Bicentennial is an extremely livable room. The exquisite white mantel is surmounted by a round colonial mirror in a gold frame. Three walls of the room are white, the remaining wall is covered with a reproduction of an old Colonial paper. Fringed draperies of soft green damask hung from gold cornices add color. The breakfast nook in the dining room is a new idea which has been widely used in the east. A hogan. Of special note is the sideboard which is built up from a rounded center console with separate square comodes on either side.

There are English, Italian, French and Federal rooms and all it is noticeable that suites of furniture are passed and that individual pieces of various masters may be combined in exquisite taste.

In developing the rooms, they have been so planned that the backgrounds and wall treatment may be duplicated on anyone's home or apartment so that anyone interested in them can develop a complete room as it stands or as use or adapt any idea or part.

Anyone is welcome to go in and browse around to their heart's content.

ALL TOGETHER, NOW

This is Oscar G. McGluck, big business man, who has been appointed to head a non-partisan committee to make this the happiest Christmas since the invention of the cotton gin. Chairman McGluck proposes that the Reconstruction Finance Corporation make an extra special effort to advance huge loans to big banks during the Yuletide season, and try to do something for the railroads, insurance companies, and larger mortgage loan companies.

"Take care of the big things," says McGluck, "and the little things will have to take care of themselves. If the wage earners buy, buy, buy until it hurts it simply means prosperity with a capital 'P.' After all, it is the spirit that counts up. If you cannot afford a tree, decorate the one you're up."

QUESTIONS and ANSWERS

What is used to whiten a Christmas tree and how is it done?

A C. One method is to spray the tree, using a regular painter's spraying apparatus or the spray gun designed for painting automobile bodies. An automobile paint, widely advertised, is said to be very satisfactory.

When will the next race up Pike's Peak be held? E. E. F.

Not certain whether there will be one this year. Write to the Automobile Club, Denver, Colo., for latest information.

When the population of the world is much larger every decade, how is it that less and less cotton is used as the years go by?

S. W. One reason is the invention of artificial fabrics—that is manufac-

tured fibers from which cloth may be woven, instead of cotton, flax or silk. Another reason is the decrease in the amount of cloth required for women's clothes. They wear fewer and much smaller undergarments than their mothers did, and as for cotton stockings, have a look. Probably 30,000,000 women and girls now wear silk stockings. Allowing for five a year on an average, it would take a lot of cotton to fill orders for 150,000,000 pairs of stockings. The production of rayon in the United States alone, last year, was about 110,000,000 pounds.

Glutted salads colored green or red and cut out in various Christmas designs make effective salads. Use the red and green colors in the foods as much as possible. Bits of green pepper and pimientos can be used for garnishing vegetables, meats and salads.

By the Associated Press.  
PARIS, Dec. 17.—With  
Paul-Boncour struggling to  
ministry, indications were  
that France still was a  
something on debt revision.  
Chamber were to be induced  
verse its decision and pay-  
ment interest.  
Paul-Boncour tonight ac-  
cepted the task of forming  
French Cabinet.

bound by the vote of the  
of Deputies Dec. 14 to de-  
ment of war debts pending  
international conference.  
Favors Negotiation

He added, however, that  
negotiations with the United  
States were necessary to  
it was the Dec. 14 vo-

overthrow of the Mil-  
Edouard Herriot, who pla-  
the Dec. 15 installment of  
interest owed by France  
United States be paid by  
installments as to future pay-  
ment.  
A high official was as-  
sured from the French view,  
sary to extract the debt  
from its present dead-  
weight, that if the United  
States in some form or other, cou-  
give to the French nation  
use that debts would be  
believed the French Cham-  
alter its decision to post-  
ment.

The opinion was grow-
